**11. Description and Purpose of Project** (Limit Length to Visible area)

The Board of Education and the County Government has installed turf fields at various schools and regional parks. The turf fields are used by the school system as well as the local recreation councils and when not scheduled the fields are open for community use. To protect the investment in turf fields, Baltimore County is installing security cameras at the fields in the regional parks and schools. This bond bill would allow for additional schools to be covered with the security cameras. The security cameras provide a verbal warning to trespassers that the "park" is closed and the police have been notified. The cameras also record and store an image as well as provide notification of activity on the fields.

*Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.*
