Analysis

Current Law: The Kent County Commissioners may issue a permit to a qualified organization to use two or more gaming devices in conducting a fundraiser at which a prize of merchandise or money may be awarded. Gaming devices are a paddle wheel, a wheel of fortune, a chance book, a card game, or any other gaming device, but it does not include slot machines or coin machines. Unless conducted at an event requiring a permit, a raffle is not considered a multiple gaming device.

Qualified organizations include specified religious organizations, volunteer fire companies or auxiliary units, and veterans' organizations. Permits may be issued to bona fide fraternal, educational, civic, patriotic, or charitable organizations for the purpose of conducting a fundraiser for the benefit of a charity located in the county. Additionally, a bona fide nonprofit organization that has operated as a nonprofit in the county for at least three years and intends to use the gaming devices to raise money exclusively for charitable, athletic, or educational purposes is considered a qualified organization.

A permit is valid for one event that does not last longer than six hours. The county commissioners may issue a permit for an event of longer than six hours if the permit holder does not seek more than one permit in the same year. Gaming events may not be held on the premises of a Class B or Class D alcoholic beverages licensee.

The county commissioners may not issue more than two permits to an organization in a single year.

Background: In 2013, the Kent County Commissioners issued 46 gaming permits to 33 organizations. The Kent County Commissioners have issued up to five permits to an organization in a single year.
