11. Description and Purpose of Project (Limit Length to Visible area)

We will build a facility to be utilized by the Bowie Boys and Girls Club. In this space we will be able to provide all sports within our club an opportunity to stay within Bowie instead of moving into Anne Arundel County and renting. This will also allow our programs to expand and provide the required space to our members. Space is currently limited for an indoor facility of this type. The steel structure building with the artificial playing surface and potential hardwood flooring will ease these pressures.
