Recordation and Transfer Taxes - Exemptions - Property Conveyed From Sole Proprietorship to Limited Liability Company

This bill exempts from recordation and transfer taxes the transfer of real property from a sole proprietorship to a limited liability company if the sole member of the limited liability company is identical to the converting sole proprietor and specified other conditions are met.

The bill takes effect July 1, 2016.

Fiscal Summary

State Effect: State transfer tax revenues may decrease beginning in FY 2017 to the extent transfers pursuant to the bill occur. The number of affected transfers that may occur each year is not known. General fund revenues decrease as a result of commissions not being collected. State expenditures are not affected.

Local Effect: Local recordation tax revenues and transfer tax revenues in code counties may decrease beginning in FY 2017 to the extent transfers pursuant to the bill occur. The number of affected transfers that may occur each year is not known. Local expenditures are not affected.

Small Business Effect: Minimal.

Analysis

Current Law: An instrument of writing that transfers title to real property from a predecessor entity or a trustee or nominee of a predecessor entity to a limited liability

company is not subject to recordation tax if (1) the members of the limited liability company are identical to the partners of the converting general partnership, limited partnership, limited liability partnership, or limited liability limited partnership; or (2) the members of the limited liability company are identical to the joint venturers of the converting joint venture.

A predecessor entity includes a (1) Maryland general partnership or foreign general partnership; (2) Maryland limited partnership or foreign limited partnership; (3) Maryland limited liability partnership or foreign limited liability partnership; (4) Maryland limited liability limited partnership or foreign limited liability limited partnership; and (5) Maryland joint venture or foreign joint venture.

Background: The counties and Baltimore City are authorized to impose locally established recordation tax rates on any business or person (1) conveying title to real property or (2) creating or giving notice of a security interest (*i.e.*, a lien or encumbrance) in real or personal property, by means of an instrument of writing.

The State and most counties impose a transfer tax. The State transfer tax rate is 0.5% of the consideration payable for an instrument of writing conveying title to, or a leasehold interest in, real property (0.25% for first-time Maryland homebuyers). In some jurisdictions, a local property transfer tax may be imposed on instruments transferring title to real property. A distinction is made in the local codes between instruments transferring title such as a deed and certain leaseholds and instruments securing real property such as a mortgage.

For purposes of local recordation taxes, which are applied to each \$500 or fraction of \$500 of consideration payable or of the principal amount of the debt secured for an instrument of writing, the consideration includes the amount of any mortgage or deed of trust assumed by the grantee. For purposes of the State transfer tax, the consideration includes the amount of any mortgage or deed of trust assumed by the grantee.

County governments collected \$699.4 million in local recordation and transfer taxes in fiscal 2014, and are expected to collect \$743.3 million in fiscal 2015 and \$748.1 million in fiscal 2016. These amounts are significantly lower than the amounts collected in fiscal 2006 when the soaring real estate market yielded recordation and transfer taxes totaling \$1.2 billion. **Exhibits 1 and 2** show estimated local recordation and transfer tax collections for fiscal 2014 through 2016.

State Fiscal Effect: State special fund revenues may decrease beginning in fiscal 2017 to the extent transfers pursuant to the bill occur. The amount of the revenue decrease due to the exemption depends on the number of transfers that occur pursuant to the bill and the amount of consideration associated with each transfer. The number of affected transfers

that may occur in any year is not known. As a point of reference, the State transfer tax on a transaction valued at \$250,000 is \$1,250.

The clerks of the circuit court in several jurisdictions collect a number of different taxes and fees, including local recordation taxes. The Administrative Office of the Courts reports that the clerk of the circuit court collects local recordation taxes in the following 12 jurisdictions: Allegany, Calvert, Dorchester, Garrett, Harford, Kent, Queen Anne's, St. Mary's, Somerset, Washington, Wicomico, and Worcester. In the remaining jurisdictions, local finance offices are responsible for the collection of these taxes. The clerks of the court who collect the tax are entitled to a commission of between 3% and 5% of all public monies collected, which, unless otherwise specified, are remitted to the State's general fund. County finance offices also remit 5% of collection to the State general fund. As a result, any decrease in local recordation tax revenue will also decrease the amount of revenue remitted to the general fund.

Local Fiscal Effect: Local recordation tax revenues may decrease beginning in fiscal 2017 to the extent transfers pursuant to the bill occur. In code counties – Allegany, Caroline, Charles, Kent, Queen Anne's, and Worcester – transfers that are exempt from the State transfer tax are also exempt from the county transfer tax. As a result, transfer tax revenues in the six code counties will also decrease beginning in fiscal 2017. The amount of the revenue decrease due to the exemption depends on the number of transfers that occur pursuant to the bill and the amount of consideration associated with each transfer. The number of affected transfers that may occur in any year is not known.
