## Analysis

**Current Law:** A person may not carry or possess a firearm, knife, or deadly weapon of any kind on public school property. A violator is guilty of a misdemeanor and subject to maximum penalties of imprisonment for three years and/or a fine of \$1,000. A person who is convicted of carrying or possessing a handgun in violation of this prohibition must be sentenced under the misdemeanor penalty provisions applicable to illegally wearing, carrying, or transporting a handgun.

This prohibition does not apply to:

- a law enforcement officer in the regular course of the officer's duty;
- an off-duty law enforcement officer or a person who has retired as a law enforcement officer in good standing from a law enforcement agency of the United States, the State, or a local unit in the State who is a parent, guardian, or visitor of a student attending a school located on the public school property, provided that (1) the officer or retired officer is displaying the officer's or retired officer's badge or credential; (2) the weapon carried or possessed by the officer or the retired officer is concealed; and (3) the officer or retired officer is authorized to carry a concealed handgun in the State;
- a person hired by a county board of education specifically for the purpose of guarding public school property;
- a person engaged in organized shooting activity for educational purposes; or
- a person who, with a written invitation from the school principal, displays or engages in a historical demonstration using a weapon or a replica of a weapon for educational purposes.

Handgun prohibitions pertain to (1) wearing, carrying, or transporting a handgun; (2) the use of a handgun or antique firearm in the commission of a crime; and (3) possession of a firearm at a public demonstration. Violators are guilty of a misdemeanor and subject to imprisonment for 30 days to 10 years, depending on the nature of the offense and whether there have been any prior violations by the offender. Most of the violations are subject to mandatory minimum sentencing.

**State Revenues:** General fund revenues increase minimally as a result of the bill's monetary penalty provision from cases heard in the District Court.

**State Expenditures:** General fund expenditures increase minimally as a result of the bill's incarceration penalty due to more people being committed to State correctional facilities. The number of people convicted of this proposed crime is expected to be minimal.

Persons serving a sentence longer than 18 months are incarcerated in State correctional facilities. Currently, the average total cost per inmate, including overhead, is estimated at \$3,300 per month. This bill alone, however, should not create the need for additional beds, personnel, or facilities. Excluding overhead, the average cost of housing a new State inmate (including variable health care costs) is about \$770 per month. Excluding all health care, the average variable costs total \$200 per month.

Persons serving a sentence of one year or less in a jurisdiction other than Baltimore City are sentenced to local detention facilities. For persons sentenced to a term of between 12 and 18 months, the sentencing judge has the discretion to order that the sentence be served at a local facility or a State correctional facility. Prior to fiscal 2010, the State reimbursed counties for part of their incarceration costs, on a per diem basis, after a person had served 90 days. Currently, the State provides assistance to the counties for locally sentenced inmates and for inmates who are sentenced to and awaiting transfer to the State correctional system. A \$45 per diem grant is provided to each county for each day between 12 and 18 months that a sentenced inmate is confined in a local detention center. Counties also receive an additional \$45 per day grant for inmates who have been sentenced to the custody of the State but are confined in a local facility. The State does not pay for pretrial detention time in a local correctional facility. Persons sentenced in Baltimore City are generally incarcerated in State correctional facilities. The Baltimore Pretrial Complex, a State-operated facility, is used primarily for pretrial detentions.

**Local Revenues:** Revenues increase minimally as a result of the bill's monetary penalty provision from cases heard in the circuit courts.

**Local Expenditures:** Expenditures increase minimally as a result of the bill's incarceration penalty. Counties pay the full cost of incarceration for people in their facilities for the first 12 months of the sentence. A \$45 per diem State grant is provided to each county for each day between 12 and 18 months that a sentenced inmate is confined in a local detention center. Counties also receive an additional \$45 per day grant for inmates who have been sentenced to the custody of the State but are confined in a local facility. Per diem operating costs of local detention facilities have ranged from approximately \$60 to \$160 per inmate in recent years.
