A BILL ENTITLED

AN ACT concerning

Vehicle Laws – Intersections – Prohibited Acts

FOR the purpose of prohibiting vehicle traffic from entering certain intersections against certain traffic signals if the vehicle is unable to safely and completely proceed through the intersection; prohibiting the driver of a vehicle approaching a stop sign at an intersecting highway from crossing the intersecting highway if the driver is unable to safely and completely proceed through the intersection; making conforming changes; and generally relating to prohibited acts by vehicle traffic at intersections.

BY repealing and reenacting, with amendments,
Article – Transportation
Section 21–202 and 21–403
Annotated Code of Maryland
(2012 Replacement Volume and 2016 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Transportation

(a) (1) Except for special pedestrian signals that carry a legend, where traffic is controlled by traffic control signals that show different colored lights or colored lighted arrows, whether successively one at a time or in combination, only the colors green, red, and yellow may be used.

(2) These lights apply to drivers and pedestrians as provided in this section.
(b) [Vehicular] SUBJECT TO SUBSECTION (M) OF THIS SECTION, VEHICULAR traffic facing a circular green signal may proceed straight through or, unless a sign at the place prohibits the turn, turn right or left.

(c) Vehicular traffic described under subsection (b) of this section, including any vehicle turning right or left, shall yield the right-of-way to any other vehicle and any pedestrian lawfully within the intersection or an adjacent crosswalk when the signal is shown.

(d) [Vehicular] SUBJECT TO SUBSECTION (M) OF THIS SECTION, VEHICULAR traffic facing a green arrow signal, whether shown alone or with another indication, cautiously may enter the intersection, but only to make the movement indicated by the arrow or to make another movement permitted by other indications shown at the same time.

(e) Vehicular traffic described under subsection (d) of this section shall yield the right-of-way to any pedestrian or bicycle lawfully within an adjacent crosswalk and to any other traffic lawfully using the intersection.

(f) Unless otherwise directed by a pedestrian control signal as provided in § 21–203 of this subtitle, a pedestrian facing any green signal, unless the green signal is only a turn arrow, may cross the roadway, within any marked or unmarked crosswalk, in the direction of the green signal.

(g) (1) Vehicular traffic facing a steady yellow signal is warned that the related green movement is ending or that a red signal, which will prohibit vehicular traffic from entering the intersection, will be shown immediately after the yellow signal.

(2) Unless otherwise directed by a pedestrian control signal as provided in § 21–203 of this subtitle, a pedestrian facing a steady yellow signal is warned that there is not enough time to cross the roadway before a red signal is shown, and a pedestrian may not then start to cross the roadway.

(h) (1) Vehicular traffic facing a steady circular red signal alone:

(i) Shall stop at the near side of the intersection:

1. At a clearly marked stop line;

2. If there is no clearly marked stop line, before entering any crosswalk; or

3. If there is no crosswalk, before entering the intersection; and

(ii) Except as provided in subsections (i), (j), and (k) of this section, shall remain stopped until a signal to proceed is shown.
Vehicular traffic facing a steady red arrow signal:

(i) May not enter the intersection to make the movement indicated by the arrow;

(ii) Unless entering the intersection to make a movement permitted by another signal, shall stop at the near side of the intersection:

1. At a clearly marked stop line;
2. If there is no clearly marked stop line, before entering any crosswalk; or
3. If there is no crosswalk, before entering the intersection; and

(iii) Except as provided in subsections (i), (j), and (k) of this section, shall remain stopped until a signal permitting the movement is shown.

(i) Unless a sign prohibiting a turn is in place, vehicular traffic facing a steady red signal, after stopping as required by subsection (h) of this section, cautiously may enter the intersection and make:

1. A right turn; or
2. A left turn from a one-way street onto a one-way street.

(j) If a sign permitting any other turn is in place, vehicular traffic facing a steady red signal, after stopping as required by subsection (h) of this section, cautiously may enter the intersection and make the turn indicated by the sign.

(k) In each instance, vehicular traffic described in subsections (i) and (j) of this section shall yield the right-of-way to any pedestrian or bicycle lawfully within an adjacent crosswalk and to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard.

(l) Unless otherwise directed by a pedestrian control signal as provided in § 21–203 of this subtitle, pedestrians facing a steady red signal alone may not enter the roadway.

(M) (1) **EXCEPT AS PROVIDED IN PARAGRAPH (2) OF THIS SUBSECTION, A VEHICLE FACING A CIRCULAR GREEN SIGNAL, A GREEN ARROW SIGNAL, OR A STEADY YELLOW SIGNAL MAY NOT ENTER AN INTERSECTION IF THE VEHICLE IS UNABLE TO SAFELY AND COMPLETELY PROCEED THROUGH THE INTERSECTION.**
(2) A VEHICLE THAT IS MAKING A LEFT TURN MAY ENTER THE INTERSECTION WHILE YIELDING THE RIGHT–OF–WAY TO ANY OTHER VEHICLE THAT IS APPROACHING FROM THE OPPOSITE DIRECTION.

Except for those provisions of this section that by their very nature cannot apply, this section applies to a traffic control signal placed at a location other than an intersection. Each stop required by the signal shall be made at a sign or marking on the pavement indicating where the stop shall be made or, if there is no sign or marking, at the signal.

21–403.

(a) Preferential right–of–way at an intersection may be indicated by stop signs or yield signs placed in accordance with the Maryland Vehicle Law.

(b) If the driver of a vehicle approaches a through highway, the driver shall:

(1) Stop at the entrance to the through highway; and

(2) Yield the right–of–way to any other vehicle approaching on the through highway.

(c) If a stop sign is placed at the entrance to an intersecting highway, even if the intersecting highway is not part of a through highway, the driver of a vehicle approaching the intersecting highway [shall]:

(1) [Stop] SHALL STOP in obedience to the stop sign; [and]

(2) [Yield] SHALL YIELD the right–of–way to any other vehicle approaching on the intersecting highway; AND

(3) MAY NOT CROSS INTO THE INTERSECTING HIGHWAY IF THE DRIVER IS UNABLE TO SAFELY AND COMPLETELY PROCEED THROUGH THE INTERSECTION.

(d) If a “yield” sign facing the driver of a vehicle is placed on the approach to an intersection, the driver shall:

(1) Approach the intersection with caution;

(2) Yield the right–of–way to any other vehicle approaching on the other highway; and

(3) If necessary, stop in order to yield this right–of–way.
SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 2017.
