SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Correctional Services

9–601.

(a) (1) In this section the following words have the meanings indicated.

(2) “Labor” means, as determined by the medical professional responsible for the care of the inmate or detainee, the period of time before a birth during which contractions are of sufficient frequency, intensity, and duration to bring about effacement and progressive dilation of the cervix.

(3) “Physical restraint” means a restraint or device used to control or bind the movement of any part of an individual's body or limbs.

(4) “Postpartum recovery” means the period immediately following delivery as determined by the medical professional responsible for the care of the inmate, including the entire period during which the inmate is in the hospital or infirmary after a birth.

(b) If a representation is made to the managing official of a correctional facility in the Department that an inmate in the correctional facility is pregnant and about to give birth, the managing official:

(1) a reasonable time before the anticipated birth, shall make an investigation; and

(2) if the facts require, shall recommend through the Maryland Parole Commission that the Governor exercise executive clemency.

(c) Without notice, the Governor may:

(1) parole the inmate;

(2) commute the inmate's sentence; or

(3) suspend the execution of the inmate's sentence for a definite period or from time to time.

(d) If the Governor suspends the execution of an inmate's sentence, the managing official of the correctional facility:

(1) a reasonable time before the anticipated birth, shall have the inmate transferred from the correctional facility to another facility that provides comfortable accommodations, maintenance, and medical care under supervision and safeguards that the managing official determines necessary to prevent the inmate's escape from custody; and

(2) shall require the inmate to be returned to the correctional facility as soon after giving birth as the inmate's health allows, as determined by the medical professional responsible for the care of the inmate.

(e) A physical restraint may not be used on an inmate while the inmate is in labor or during delivery, except as determined by the medical professional responsible for the care of the inmate.

(f) (1) Subject to paragraph (2) of this subsection, a physical restraint may not be used on an inmate known to be pregnant or in postpartum recovery.

(2) A physical restraint may be used on an inmate known to be pregnant or in postpartum recovery if:

(i) the managing official of a correctional facility, the managing official's designee, or a local sheriff makes an individualized determination, which shall be recorded on the transport or medical record of the inmate, that a physical restraint is required to ensure the safety and security of the inmate, the staff of the correctional facility or medical facility, other inmates, or the public according to policies and procedures adopted by the Department and the managing official of a local correctional facility or the managing official of the agency designated to transport inmates; and

(ii) the physical restraint is the least restrictive necessary and does not include waist or leg restraints.

(3) Notwithstanding paragraph (2) of this subsection, if a doctor, nurse, or other health professional treating an inmate known to be pregnant or in postpartum recovery requests that physical restraints not be used, the correctional officer or other law enforcement officer accompanying the inmate shall immediately remove all physical restraints.

(4) The Department and the managing official of each local correctional facility or the managing official of the agency designated to transport inmates shall develop a policy for use at each correctional facility that:

(iii) from any available fund that may be used to pay the hospital expenses of an inmate in the correctional facility.

(i) the county from which the inmate was committed is responsible for payment of the expenses; and

(ii) the managing official of the correctional facility to which the inmate was committed shall collect payment in accordance with Title 16 of the Health – General Article.

(h) (1) After receiving proof from the father or other relative of the child of the ability to properly care for the child, the Department may order that the father or other relative take custody of the child.

(2) The father or other relative of the child that receives custody under paragraph (1) of this subsection shall maintain and care for the child at the father's or other relative's expense until the inmate is released from the correctional facility or the child, as provided by law, is adopted.

(3) If the father or other relative of the child is unable to properly maintain and care for the child, the Department shall place the child in the care of the Department of Human Services.

(i) Notwithstanding any other provision of this section, the Department may allow an inmate to participate in programming and to retain custody of the newborn child in or out of custody if:
