10. Description and Purpose of Organization (Limit length to visible area)							

Pocomoke City owns the building and we own the contents and exhibits. We are CO-GRANTEES. We work together in partnership to increase tourism to Pocomoke City and southern Worcester County. Recipient of the Richard A. Henson Award for Nonprofit Excellence from the Community Foundation of the Eastern Shore in 2017, the museum features many immersing and engaging hands-on and interactive exhibits and is wellrecognized as making an outstanding contribution to the well-being of residents of the Lower Eastern Shore. The Museum is open 361 days a year.

11. Description and Purpose of Project (Limit length to visible area)

The project is "shovel" ready. We need to add a wash down system and hepa filter to our indoor River Otter Exhibit to help cut down on odor. We also need to replace five heat pumps that are so old our HVAC company cannot get parts for them and they are very inefficient to operate, which makes our overhead higher. We would like to use the assessed value of the property as a soft match.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments

We have become an economic engine getting thousands of visitors form the eastern shore of Maryland and Delaware, as well as Maryland. We offer quality low educational field trips and programs on the lower shore. Many local elementary schools do not have space or funding for science labs. We built one and they come here. The Board has chosen accessibility as a top priority and it is starting to pay dividends with many multi-generational families coming for a visit or joining as annual members.

Without your help with this Bond Bill we may lose the momentum we have gained. We are incredibly appreciative of your consideration to make the much needed improvements to the River Otter Exhibit and replace outdated air conditioners.
