**Analysis**

**Current Law:**

*Petitions of Support for Alcoholic Beverages License Applications*

An application to a local licensing board in the State for an alcoholic beverages license generally must include a petition of support signed by at least 10 residents who own real

estate in and are registered voters of the precinct in which the potential licensed establishment is located. The petition of support must state:

- (1) the length of time a signer has been acquainted with the applicant;
- (2) that a signer has examined the application, believes that the statements made in the application are true, and judges that the applicant is a suitable candidate for licensure; and
- (3) that a signer is familiar with the premises of the proposed licensed establishment and finds the premises suitable for the retail sale of alcoholic beverages.

*Notice Requirements for Alcoholic Beverages License Applications*

Before a local licensing board in the State may approve an application for an alcoholic beverages license, the local licensing board generally must publish notice of the application two times in two consecutive weeks and in two newspapers of general circulation in the jurisdiction. The notice must contain (1) the name of the applicant; (2) the type of license for which the applicant is applying; (3) the location of the potential licensed premises; and (4) the date, time, and location of the application hearing. The applicant must pay the expenses related to publication of the notice. In Frederick County, the board may fulfill the notice requirement by posting a completed application and all submitted documents online at least 14 days before the application hearing.

**Background:** According to the Comptroller's Office, in fiscal 2018, there were 329 alcoholic beverages licenses in Frederick County.
