§12-508.

(a) (1) A pharmacist may administer an influenza vaccination to an individual who is at least 9 years old, in accordance with regulations adopted by the Board, in consultation with the Department.

(2) A pharmacist may administer a vaccination that is listed in the Centers for Disease Control and Prevention's Recommended Immunization Schedule to an individual who:

- (i) Is at least 11 years old but under the age of 18 years; and
- (ii) Has a prescription from an authorized prescriber.

(3) (i) Subject to subparagraph (ii) of this paragraph, a pharmacist may administer to an adult a vaccination that is:

1. Listed in the Centers for Disease Control and Prevention's Recommended Immunization Schedule; or

2. Recommended in the Centers for Disease Control and Prevention's Health Information for International Travel.

(ii) A pharmacist shall administer a vaccination under subparagraph (i) of this paragraph under a written protocol that:

- 1. Is vaccine specific; and
- 2. Meets criteria established by the Department, in consultation with the Board, the Board of Physicians, and the Board of Nursing, in regulation.

(4) A pharmacist shall:

(i) Report all vaccinations administered by the pharmacist to the ImmuNet Program established under § 18-109 of the Health – General Article;

(ii) If the vaccination has been administered in accordance with a prescription, document at least one effort to inform the individual's authorized prescriber that the vaccination has been administered; and

(iii) For a vaccination administered under paragraph (2) or (3) of this subsection, if the authorized prescriber is not the individual's primary care provider or if the vaccination has not been administered in accordance with a prescription, document at least one effort to inform the individual's primary care provider or other usual source of care that the vaccination has been administered.

(b) The Board shall:

(1) Set reasonable fees for the administration of vaccinations under this section; and

(2) Adopt regulations that require a pharmacist to submit a registration form to the Board that includes verification that the pharmacist:

(i) Has successfully completed a certification course approved by the Board that included instruction in the guidelines and recommendations of the Centers for Disease Control and Prevention regarding vaccinations; and

(ii) Is certified in basic cardiopulmonary resuscitation and obtained the certification through in-person classroom instruction.
