(i) the enabling act specifically provides otherwise; or

(2) the public notice of requests for proposals fails to produce a response or offer of a lease for real property.

(g) If a procurement officer determines that renewal of an existing lease is in the best interests of the State, the procurement officer may negotiate the renewal without soliciting other offers.

(h) After obtaining any approval required by law, the procurement officer shall award the procurement contract to the responsible offeror who submits the proposal or best and final offer determined to be the most advantageous to the State considering:

(1) the price and evaluation factors set forth in the request for proposals; and

(2) the modifications to those factors under the negotiation process.

§13–106.

(2) A request for general expressions of interest shall:

(i) state the general requirement for services;

(e) A unit shall publish in eMaryland Marketplace notice of a procurement contract awarded under this section.

§13–107.

(a) (1) Whenever a procurement officer determines that there is only 1 available source for the subject of a procurement contract, the procurement officer may award the procurement contract without competition to that source.

§13–108.

(a) (1) Except as provided in § 11–205 ("Collusion"), § 10–204 ("Approval for designated contracts"), § 13–219 ("Required clauses – Nondiscrimination clause"), § 13–221 ("Disclosures to Secretary of State"), Title 16 ("Suspension and Debarment of Contractors"), or Title 17 ("Special Provisions – State and Local Subdivisions") of this article, with the approval of the head of a unit, its procurement officer may make an emergency procurement by any method that the procurement officer considers most appropriate to avoid or mitigate serious damage to public health, safety, or welfare.

(ii) limit the emergency procurement to the procurement of only those items, both in type and quantity, necessary to avoid or to mitigate serious damage to public health, safety, or welfare; and

(i) urgent circumstances require prompt action;

(ii) an expedited procurement best serves the public interest; and

(iii) the need for the expedited procurement outweighs the benefits of making the procurement on the basis of competitive sealed bids or competitive sealed proposals.

(2) The procurement officer shall attempt to obtain as much competition as reasonably possible.

(d) Not more than 30 days after the execution and approval of a procurement contract awarded under this section, a unit shall publish in eMaryland Marketplace notice of the award.

(3) (i) After bids have been received, a procurement officer may award a procurement contract on the basis of revised bids if:

1. all bids are rejected under § 13–206(b) of this title;

2. all bid prices exceed the funds available for the procurement; or

3. with the approval of the head of a primary procurement unit or a designee, the procurement officer determines that all bids are unreasonable as to at least one requirement and the delay that would result from issuing a new invitation for auction bids with revised specifications or quantities would be fiscally disadvantageous or otherwise not in the best interests of the State.

(ii) If there is more than one bidder, discussions about revised specifications or quantities shall be conducted with all responsible bidders who submitted responsive bids. The bidders shall be treated fairly and equally with respect to any discussions.

(iii) If one of the conditions set forth under subparagraph (i) of this paragraph exists, as promptly as possible, the procurement officer shall:

(2) may not draft specifications to favor a single prospective bidder or offeror.

(b) A unit shall require a prospective bidder or offeror of supplies or construction to state in the bid or offer:

(1) whether the procurement will or may include recycled materials; and

(2) the types, amounts, and application of recycled materials that the bidder or offeror intends to include in the procurement.

§13–206.

(a) (1) A procurement officer shall reject a bid or proposal if the procurement officer determines that:

(ii) the bidder or offeror is not responsible.

(2) The procurement officer shall include a determination under this subsection in the procurement file.

(b) If, with the approval of the Board, a unit determines that it is fiscally advantageous or otherwise in the best interests of the State, the unit may:

(1) cancel an invitation for bids, a request for proposals, or other solicitation; or

(2) reject all bids or proposals.

(c) A procurement officer may determine that a person is not a responsible bidder or offeror for:

(1) unreasonable failure to supply information promptly in connection with a determination of responsibility under subsection (a) of this section; or

(2) any other reason indicating that the person does not have:

(i) the capability in all respects to perform fully the requirements for a procurement contract; or

(ii) the integrity and reliability that will ensure good faith performance.

§13–207.

(a) Except as otherwise provided in this section, a procurement officer may not require a bidder or offeror to provide bid security on a procurement contract if the procurement officer expects the price to be $100,000 or less.

(b) (1) A procurement officer shall require a bidder or offeror to provide bid security on a procurement contract for construction if:

(i) the price is expected to exceed $100,000; or

(ii) the price is expected to be $100,000 or less but federal law or a condition of federal assistance requires the security.

(2) The amount of bid security required for a procurement contract for construction shall be:

(i) at least 5% of the bid or price proposal; or

(ii) if the bid or price proposal states a rate but not a total price, an amount determined by the procurement officer.

(2) cash; or

(3) another form of security allowed by regulation.

§13–208.

(a) Except as provided under subsection (b) of this section, if a procurement officer requires bid security, the procurement officer shall reject a bid or proposal that is not accompanied by proper security.

(b) A procurement officer may accept a bid or proposal that is accompanied by bid security in less than the amount required if:

(1) the procurement officer determines that:

(i) the deficiency in the amount is insubstantial; and

(ii) acceptance of the bid or proposal would be in the best interests of the State; and

(2) the procurement officer further determines that:

(i) the bid or proposal was the only one submitted and there is no time for rebidding;

(ii) the bid security became inadequate as a result of the correction of a mistake in the bid or proposal or as a result of a modification in the bid or proposal in accordance with applicable regulations, and the bidder or offeror increased the amount of bid security to required limits within 48 hours after the correction or modification; or

(iii) after consideration of the risks involved and the difference between the lowest bid and the next lowest bid, it would be fiscally advantageous to the State to accept the lowest bid or proposal.

§13–209.

Whenever a bidder or offeror withdraws a bid or proposal, action may be taken against the bid security unless:

(1) there is a mistake in the bid or proposal; and

(2) the procurement officer allows the bidder or offeror to withdraw before the procurement contract is awarded.

§13–210.

(a) (1) If a procurement officer decides to conduct a pre–bid conference to explain the requirements of a procurement that is expected to exceed $100,000, as soon as practicable after the conference concludes, the procurement officer shall have written minutes of the conference prepared.

(2) Except as otherwise provided in this section, Title 4 of the General Provisions Article shall govern any request for the disclosure of information related to a procurement.

(c) A procurement officer may deny public access to the advisory or deliberative records of an evaluator of a proposal if the records would not be available by law to a private party in litigation with the unit.

(d) (1) Before bid opening:

(i) bids shall remain sealed; and

(ii) the State may not disclose the name of a bidder.

(2) Before the closing date for proposals, a procurement officer may not disclose the name of a person who has submitted a proposal.

(3) Before awarding a procurement contract based on competitive sealed proposals, the State may not disclose the contents of a proposal to any person other than a person responsible for evaluating or reviewing the proposal.

(e) Subsections (b)(1), (c), and (d) of this section do not affect the authority of the Board of Contract Appeals or a court of competent jurisdiction to:

§13–212.

(a) Each invitation for bids or request for proposals for a contract that will involve the selection of a consultant who is to assist the unit in the formation, award, or execution of any State contract shall require that a bidder or offeror provide to the unit an affidavit that discloses any actual or potential conflict of interest of which the bidder or offeror knows, or can reasonably be expected to know, in accordance with regulations adopted under this section.

(b) The Board shall adopt regulations concerning the disclosure and evaluation of conflicts of interest under this section.

§13–212.1.

(a) Except as provided in subsection (d) of this section, an individual who assists an executive unit in the drafting of specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or a request for proposals, or a person that employs the individual during the period of assistance, may not:

(1) submit a bid or proposal for that procurement; or

(2) assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement.

(b) For purposes of subsection (a) of this section, assisting in the drafting of specifications, an invitation for bids, or a request for proposals for a procurement does not include:

(1) providing descriptive literature, such as catalogue sheets, brochures, technical data sheets, or standard specification "samples", whether requested by an executive unit or provided unsolicited;

(2) submitting written or oral comments on a specification prepared by an executive unit or on a solicitation for a bid or proposal when comments are solicited from two or more persons as part of a request for information or a prebid or preproposal process;

1. the design services do not involve lead or prime design responsibilities or construction phase responsibilities on behalf of the State; and

2. A. the anticipated value of the procurement contract at the time of advertisement is at least $2,500,000 and not more than $100,000,000; or

B. regardless of the amount of the procurement contract, the payment to the individual or person for the design services does not exceed $500,000; or

(5) for a procurement of health, human, social, or educational services, comments solicited from two or more persons as part of a request for information, including written or oral comments on a draft specification, an invitation for bids, or a request for proposals.

(c) A unit that receives comments as described in subsection (b)(2) and (5) of this section shall retain:

(1) any written comments; and

(2) a record of any oral comments.

(d) (1) The prohibitions established under subsection (a) of this section apply from the date of issuance of the first invitation for bids or request for proposals for which the specifications were initially drafted until the later of:

(i) 2 years from the date of issuance; or

(ii) the selection or award of a procurement contract in response to the issuance of the invitation for bids or request for proposals or a reissuance of the invitation for bids or request for proposals for which the specifications were initially drafted.

(2) The prohibitions established under subsection (a) of this section do not apply to a subsequent invitation for bids or request for proposals for which the specifications are reused after the initial prohibition is no longer applicable in accordance with paragraph (1) of this subsection.

§13–213.

(a) In accordance with Title 10, Subtitle 1 of the State Government Article, the Board shall adopt regulations on price and cost principles based on generally accepted accounting principles.

(b) The principles adopted by the Board shall be used:

(1) as guidelines for negotiations on:

(i) estimated costs or fixed prices;

(ii) price adjustments for contract modifications and change orders; and

(iii) settlements of terminated procurement contracts;

(2) to establish the allowability of costs under procurement contract provisions for the reimbursement of costs; and

§13–214.

(a) (1) Subject to § 13-215 of this subtitle and subsection (b) of this section, a unit may enter into a procurement contract based on any method of pricing that will promote the best interests of the State.

(2) If practicable, a unit shall give preference to a fixed-price form of procurement contract.

(b) (1) A unit may not enter into a cost-plus-a-percentage-of-cost procurement contract.

(2) A contractor who is subject to a cost-reimbursement contract may not enter into a cost-plus-a-percentage-of-cost subcontract.

§13–215.

(a) A unit may not enter into a cost-reimbursement contract unless the procurement officer determines that:

(1) a cost-reimbursement contract is likely to be less costly to the State than any other type of contract; or

(2) except for leases of real property, the kind or quality of procurement that the unit requires could not be obtained practicably under any other type of contract.

(b) A unit may not enter into a procurement contract that is wholly or partly a cost-reimbursement contract unless the procurement officer determines that the accounting system of the contractor:

(1) will allow timely development of all necessary cost data in the form required by the specific type of procurement contract under consideration; and

(2) is adequate to allocate costs in accordance with generally accepted accounting principles.

(c) A cost-reimbursement contract shall provide that costs, including costs for subcontractors, will be reimbursed only if the costs are allowable and allocable under:

(1) the procurement contract; or

(2) the regulations of the Board on cost principles.

(d) A contractor under a cost-reimbursement contract shall give notice to and, as required under the contract, obtain approval from a procurement officer before the contractor enters into:

(2) any subcontract involving more than:

(i) $25,000; or

(ii) 5% of the estimated cost of the procurement contract.

§13–216.

(a) Except as provided in subsection (b) of this section, a procurement officer may not require a contractor to provide a performance bond, payment bond, or other security on a procurement contract for construction, construction related services, services, or supplies if the price of the procurement contract is $100,000 or less.

(b) A procurement officer shall require a contractor to provide a performance bond, payment bond, or other security if federal law or a condition of federal assistance requires the security.

(c) If the price of a procurement contract for construction exceeds $100,000, a procurement officer shall require a contractor to provide security as required under Title 17, Subtitle 1 of this article.

(d) A procurement officer may require a contractor to provide a performance bond or other security on a procurement contract for supplies, services, or construction related services if:

(1) circumstances warrant security; and

(2) the price of the procurement contract exceeds $100,000.

(e) (1) The Board shall adopt regulations to establish separate surety bond forms for procurement officers to use to require security for:

(i) fixed–price contracts; and

(ii) multiyear contracts.

(2) The form for multiyear contracts shall provide for annual and renewable contracts.

§13–217.

(a) In this section, "multi–year contract" means a procurement contract that requires appropriations for more than 1 fiscal year.

(b) (1) A unit may enter into a multi–year contract subject to:

(i) standards established by the Board; and

(ii) regulations adopted by the primary procurement unit that is responsible for the type of procurement involved.

(2) A multi–year contract shall be subject to review and approval by that primary procurement unit.

(c) A multi–year contract may not be approved unless each unit reviewing the multi–year contract determines that:

(1) the estimated requirements of the State:

(i) cover the period of the multi–year contract;

(ii) are reasonably firm; and

(iii) are continuing; and

(2) the multi–year contract will serve the best interests of the State by encouraging effective competition or otherwise promoting economy in State procurement.

(d) (1) If money sufficient for the continued performance of a multi–year contract is not appropriated for any fiscal year, the multi–year contract terminates automatically on the earlier of:

(i) the last day of the fiscal year for which money last was appropriated; or

(ii) the date provided in the termination clause of the procurement contract.

(2) If the multi–year contract is terminated under this subsection, the unit shall reimburse the contractor for the reasonable value of any nonrecurring costs that were:

(i) incurred as a result of the multi–year contract; but

(ii) not amortized in the price of the supplies or services delivered under the multi–year contract.

(3) The cost of termination under this subsection may be paid from any appropriation available for that purpose.

(e) Except as provided in subsection (f) of this section, each multi–year contract, including a lease of real property, shall include an automatic termination clause that:

(1) is not inconsistent with the requirements of subsection (d) of this section; and

(2) discharges both parties to the multi–year contract from future performance of that contract, but not from their existing obligations.

(f) (1) On the recommendation of the Secretary of General Services, the Board may waive the requirement to include an automatic termination clause under subsection (e) of this section for a multi–year contract to procure energy generated

from a Tier 1 renewable source or a Tier 2 renewable source, as defined in § 7–701 of the Public Utilities Article.

(2) In determining whether or not to grant a waiver under paragraph (1) of this subsection, the Board shall consider the effect of imposing the termination clause requirement under subsection (e) of this section on the ability of the energy supplier to obtain financing for the renewable energy generation project that produces the energy that the State is contracting to procure.

§13–218.

(a) Each procurement contract shall include clauses covering:

(1) termination for default;

(2) termination wholly or partly by the State for its convenience if the head of the primary procurement unit determines that termination is appropriate;

(3) variations that occur between estimated and actual quantities of work in a procurement contract;

(4) liquidated damages, as appropriate;

(5) specified excuses for nonperformance;

(6) except for real property leases, the unilateral right of the State to order in writing:

(i) changes in the work, if the changes are within the scope of the procurement contract; and

(ii) a temporary stop or delay in performance;

(7) the obligation of the contractor to comply with the political contribution reporting requirements under Title 14 of the Election Law Article, to which the contractor may be subject as required under § 17–402 of this article; and

(8) nonvisual access for information technology as required under § 3A–312 of this article.

(b) In addition to the clauses required under subsection (a) of this section, a procurement contract for construction shall include:

(1) a clause providing for contract modification if the condition of a site differs from the condition described in the specifications; and

(2) a clause covering the requirements for notice of contract claims, submission of contract claims, and resolution of contract claims under § 15–219 of this article.

(c) Each procurement contract shall include a clause that gives to the parties notice that preexisting regulations apply to the procurement contract in accordance with § 11–206 of this article.

(d) At any time after the parties enter into a procurement contract they may include additional clauses in the procurement contract, by consent, without consideration.

(e) A clause required under this section for contract modification of or change orders to a procurement contract for construction shall:

(1) make each contract modification or change order that affects the price of the procurement contract subject to:

(i) prior written approval from the unit and any other person responsible for the procurement contract; and

(ii) prior certification by the fiscal authority responsible for the unit about:

1. the availability of money; and

2. the effect of the contract modification or change order on the project budget or the total construction cost; and

(2) prohibit the contract modification or change order if the certification by the fiscal authority discloses that the contract modification or change order will increase the cost beyond budgeted and available money, unless:

(i) sufficient additional money is made available; or

(ii) the scope of the project is adjusted to allow completion within the project budget.

§13–218.1.

(a) In this section, "service contract" has the meaning stated in § 13–401 of the State Personnel and Pensions Article.

(i) written notice of:

1. work that is being proposed for contracting; and

2. contracting procedures, requirements, timetables, and employee rights as provided in Title 13, Subtitle 4 of the State Personnel and Pensions Article; and

(ii) a reasonable opportunity to meet and discuss alternatives to the proposed service contract.

(2) (i) 1. Except as provided in subsubparagraph 2 of this subparagraph, this paragraph applies to a solicitation for a service contract for janitorial services.

2. This paragraph does not apply to a service contract for janitorial services under Title 14, Subtitle 1 of this article.

(ii) In consultation with the Department of General Services, the Board shall adopt regulations concerning a solicitation for a service contract for janitorial services to require that a bidder or offeror delineate its costs by category, including:

1. labor;

2. cleaning supplies; and

3. projected man–hours to satisfactorily complete the service.

(c) A violation of this section does not constitute grounds to challenge or appeal an award of a procurement or the process through which the procurement was conducted.

§13–219.

(a) This section is broadly applicable to all procurements by the State.

(b) Each contract for procurement shall include a nondiscrimination clause as provided in this section.

(c) The nondiscrimination clause shall:

(1) prohibit discrimination in any manner by the contractor against an employee or applicant for employment because of sex, race, age, color, creed, or national origin;

(2) require the contractor to include a similar clause in every subcontract except a subcontract for standard commercial supplies or raw materials; and

(3) require each contractor and subcontractor subject to this clause to post conspicuously a notice that sets forth the provisions of the clause in a place that is available to employees and applicants for employment.

(d) If the nondiscrimination clause is omitted from a contract or subcontract subject to this section, the State may declare the contract to be void. In that event, the contractor is entitled to the reasonable value of work that has been performed and materials that have been provided.

(e) If a contractor willfully fails to comply with the requirements of the nondiscrimination clause and the contract is partly executory, the State may compel the contractor to continue to perform under the contract, but the State:

(1) is liable for no more than the reasonable value of work performed and materials provided after the date on which the breach of contract was or should have been discovered; and

(2) shall deduct any money that has been paid under the contract from the money that becomes due under item (1) of this subsection.

(f) If a subcontractor willfully fails to comply with the requirements of a nondiscrimination clause, the contractor may void the subcontract. In that event, the contractor is liable for no more than the reasonable value of work performed or materials provided.

(g) (1) Any person, including an employee or prospective employee, who has information about a violation of this section or a nondiscrimination clause may inform the Board.

(2) The Board:

(i) shall cause an immediate investigation of the charge; and

(ii) if it concludes that the charge is true, may invoke any remedy available by law.

(2) a lease of real property or an amendment to a lease of real property.

(c) An offeror or contractor shall submit cost and price information for a procurement contract, change order, or contract modification if the price:

(1) is expected to exceed $100,000 or a smaller amount set by the procurement officer; and

(2) is not:

(i) based on adequate price competition;

(ii) based on the established catalog or market price of commercial items sold in substantial quantities to a significant number of buyers; or

(iii) set by law.

(d) An offeror or contractor required to submit cost and price information shall certify that, to the best knowledge of the offeror or contractor, the information is:

(1) accurate;

(2) complete; and

(3) current as of a specific date that:

(i) has been determined by the procurement officer and the offeror or contractor; and

(ii) occurs before the conclusion of price discussions.

(e) Each procurement contract, change order, or contract modification for which a cost and price certificate is required shall contain a provision that the price, including profit or fee, shall be reduced to exclude any significant price increases in a component that result because the contractor provided cost or price information that, as of the date specified under subsection (d)(3) of this section, was inaccurate, incomplete, or not current.

(i) any resident agent of the business;

(ii) each officer of the business; and

(iii) if known, each person who has beneficial ownership of the business.

(2) The list shall be filed within 30 days of the date when the total value of the contracts, leases, or other agreements entered into during the calendar year reaches $200,000.

(3) If a person who has beneficial ownership is unknown to the business, it is sufficient for the business to disclose the legal ownership or the identity of the nominee who holds title for the unknown person.

(d) A business or an officer of a business who violates any provision of this section is guilty of a misdemeanor and on conviction is subject to a fine not exceeding $10,000.

(2) if the contractor is a vendor of tangible personal property, that the contractor possesses a valid sales and use tax license under Title 11, Subtitle 7 of the Tax – General Article.

(1) the procurement is essential or in the best interests of the State; and

(2) there is no other known source for the procurement at a reasonable cost.

(d) In any solicitation, a unit shall provide notice of the requirements of this section.

§13–223.

(ii) A regulated lobbyist, who is described in § 5–702(a)(1), (2), or (3) of the General Provisions Article, may not offer or agree to solicit or secure a procurement contract under this subtitle if the lobbyist's fee is contingent on, or results from, the making of the procurement contract.

(2) (i) Except as provided in subparagraph (ii) of this paragraph, a contractor or a person who provides architectural or engineering services may not offer to pay a fee or other consideration that is contingent on the making of a procurement contract under this article.

(ii) This paragraph does not apply to a payment to a bona fide employee, bona fide salesperson, or commercial selling agency working for the contractor or person providing architectural or engineering services.

(3) An employee of a unit may not solicit or secure or offer to solicit or secure a procurement contract under this article between the unit and any other person for which the employee is paid or is to be paid a fee or other consideration that is contingent on the making of the procurement contract.

§14–301.1. IN EFFECT

// EFFECTIVE UNTIL JULY 1, 2022 PER CHAPTERS 200 AND 201 OF 2013 //

The General Assembly finds the following:

(1) the State of Maryland wishes to provide all of its citizens with equal access to business formation and business growth opportunities;

(2) the elimination of discrimination against minority– and women–owned businesses is of paramount importance to the future welfare of the State;

(3) the General Assembly has received and carefully reviewed the disparity study entitled "Business Disparities in the Maryland Market Area"

commissioned by the General Assembly and published on February 8, 2017 (the Study), and finds that the Study provides a strong basis in evidence demonstrating persistent discrimination against minority– and women–owned businesses;

(4) based on its review of the Study, the General Assembly finds that:

(i) there are substantial and statistically significant adverse disparities that are consistent with discrimination against minorities and nonminority women in wages, firm formation, entrepreneurial earnings, and access to capital in the private sector in the same geographic markets and industry categories in which the State does business;

(ii) the State would become a passive participant in private sector racial and gender discrimination if it ceased or curtailed its remedial efforts, including the operation of the Minority Business Enterprise Program;

(iii) there are substantial and statistically significant adverse disparities that are consistent with discrimination against minorities and nonminority women in State procurement;

(iv) there are substantial and statistically significant adverse disparities that are consistent with discrimination against all individual minority groups and for nonminority women in most major industry categories in State procurement;

(v) there is ample evidence that discrimination in the private sector has depressed firm formation and firm growth among minority and nonminority women entrepreneurs; and

(vi) there is powerful and persuasive qualitative evidence, both statistical and anecdotal, of discrimination against minority and nonminority women business owners in both the public and private sectors;

(5) as a result of ongoing discrimination and the present day effects of past discrimination, minority– and women–owned businesses combined continue to be very significantly underutilized relative to their availability to perform work in the overwhelming majority of the procurement categories in which the State does business;

(6) minority prime contractors also are subject to discrimination and confront especially daunting barriers in attempting to compete with very large and long–established nonminority companies;

(7) despite the fact that the State has employed, and continues to employ, numerous and robust race–neutral remedies, including aggressive outreach and advertising, training and education, small business programs, efforts to improve access to capital, and other efforts, there is a strong basis in evidence that discrimination persists even in public sector procurement where these efforts have been employed;

(8) notwithstanding the levels of participation achieved when race–conscious measures are used, in the absence of Minority Business Enterprise participation goals for State procurement, there is a substantial decrease in the overall utilization of minority– and women–owned businesses;

(9) this subtitle ensures that race–neutral efforts will be used to the maximum extent feasible and that race–conscious measures will be used only where necessary to eliminate discrimination that was not alleviated by race–neutral efforts;

(10) this subtitle continues and enhances efforts to ensure that the State limits the burden on nonminority businesses as much as possible by ensuring that all goals are developed using the best available data and that waivers are available whenever contractors make good faith efforts;

(11) this subtitle ensures that the operation of the Minority Business Enterprise Program is consistent with the Study data and narrowly tailored to the compelling interests of the State; and

(12) State efforts to support the development of competitively viable minority– and women–owned business enterprises will assist in reducing discrimination and creating jobs for all citizens of Maryland.

§14–302. IN EFFECT

// EFFECTIVE UNTIL JULY 1, 2022 PER CHAPTERS 200 AND 201 OF 2013 //

(a) (1) (i) 1. Except for leases of real property, each unit shall structure procurement procedures, consistent with the purposes of this subtitle, to try to achieve an overall percentage goal of the unit's total dollar value of procurement contracts being made directly or indirectly to certified minority business enterprises.

2. Notwithstanding subsubparagraph 1 of this subparagraph, the following contracts may not be counted as part of a unit's total dollar value of procurement contracts:

A. a procurement contract awarded in accordance with Subtitle 1 of this title;

B. a procurement contract awarded to a nonprofit entity in accordance with requirements mandated by State or federal law; and

C. a procurement by the Maryland Developmental Disabilities Administration of the Maryland Department of Health for family and individual support services, community residential services, resource coordination services, behavioral support services, vocational and day services, and respite services, as those terms are defined in regulations adopted by the Maryland Department of Health.

(ii) 1. The overall percentage goal shall be established on a biennial basis by the Special Secretary for the Office of Small, Minority, and Women Business Affairs, in consultation with the Secretary of Transportation and the Attorney General.

2. During any year in which there is a delay in establishing the overall goal, the previous year's goal will apply.

(iii) 1. In consultation with the Secretary of Transportation and the Attorney General, the Special Secretary for the Office of Small, Minority, and Women Business Affairs shall establish guidelines on a biennial basis for each unit to consider while determining whether to set subgoals for the minority groups listed in § 14–301(k)(1)(i)1, 2, 3, 4, and 6 of this subtitle.

2. During any year in which there is a delay in establishing the subgoal guidelines, the previous year's subgoal guidelines will apply.

(iv) 1. The Special Secretary for the Office of Small, Minority, and Women Business Affairs, in consultation with the Secretary of Transportation and the Attorney General, shall establish goals and subgoal guidelines that, to the maximum extent feasible, approximate the level of minority business enterprise participation that would be expected in the absence of discrimination.

2. In establishing overall goals and subgoal guidelines, the Special Secretary for the Office of Small, Minority, and Women Business Affairs shall provide for public participation by consulting with minority, women's, and general contractor groups, community organizations, and other officials or organizations that could be expected to have information concerning:

A. the availability of minority– and women–owned businesses;

B. the effects of discrimination on opportunities for minority– and women–owned businesses; and

C. the State's operation of the Minority Business Enterprise Program.

(v) In establishing overall goals, the factors to be considered shall include:

1. the relative availability of minority– and women–owned businesses to participate in State procurement as demonstrated by the State's most recent disparity study;

2. past participation of minority business enterprises in State procurement, except for procurement related to leases of real property; and

3. other factors that contribute to constitutional goal setting.

(vi) Notwithstanding § 12–101 of this article, the Special Secretary for the Office of Small, Minority, and Women Business Affairs shall adopt regulations in accordance with Title 10, Subtitle 1 of the State Government Article setting forth the State's overall goal.

(2) The Special Secretary for the Office of Small, Minority, and Women Business Affairs, in consultation with the Secretary of Transportation and the Attorney General, shall establish guidelines for each unit to consider when determining the appropriate minority business enterprise participation percentage goal for a procurement contract in accordance with paragraph (3) of this subsection.

(3) Each unit shall:

(i) consider the practical severability of all contracts and, in accordance with § 11–201 of this article, may not bundle contracts;

(ii) implement a program that will enable the unit to evaluate each contract to determine the appropriate minority business enterprise participation goals, if any, for the contract based on:

1. the potential subcontract opportunities available in the prime procurement contract;

2. the availability of certified minority business enterprises to respond competitively to the potential subcontract opportunities;

3. the contract goal guidelines established under paragraph (2) of this subsection;

4. the subgoal guidelines established under paragraph (1)(iii) of this subsection; and

5. other factors that contribute to constitutional goal setting;

(iii) monitor and collect data with respect to prime contractor compliance with contract goals; and

(iv) institute corrective action when prime contractors do not make good–faith efforts to comply with contract goals.

(4) Units may not use quotas or any project goal–setting process that:

(i) solely relies on the State's overall numerical goal, or any other jurisdiction's overall numerical goal; or

(ii) fails to incorporate the analysis outlined in paragraph (3)(ii) of this subsection.

(5) (i) A woman who is also a member of an ethnic or racial minority group may be certified in that category in addition to the gender category.

(ii) For purposes of achieving the goals in this subsection, a certified minority business enterprise may participate in a procurement contract and be counted as a woman–owned business, or as a business owned by a member of an ethnic or racial group, but not both, if the business has been certified in both categories.

(6) Each unit shall meet the maximum feasible portion of the State's overall goal established in accordance with this subsection by using race–neutral measures to facilitate minority business enterprise participation in the procurement process.

(7) If a unit establishes minority business enterprise participation goals for a contract, a contractor, including a contractor that is a certified minority business enterprise, shall:

(i) identify specific work categories appropriate for subcontracting;

(ii) at least 10 days before bid opening, solicit minority business enterprises, through written notice that:

1. describes the categories of work under item (i) of this paragraph; and

2. provides information regarding the type of work being solicited and specific instructions on how to submit a bid;

(iii) attempt to make personal contact with the firms in item (ii) of this paragraph;

(iv) offer to provide reasonable assistance to minority business enterprises to fulfill bonding requirements or to obtain a waiver of those requirements;

(v) in order to publicize contracting opportunities to minority business enterprises, attend prebid or preproposal meetings or other meetings scheduled by the unit; and

(vi) upon acceptance of a bid or proposal, provide the unit with a list of minority businesses with whom the contractor negotiated, including price quotes from minority and nonminority firms.

(8) The Special Secretary for the Office of Small, Minority, and Women Business Affairs shall:

(i) in consultation with the Secretary of Transportation and the Attorney General, establish procedures governing how the participation of minority business enterprise prime contractors is counted toward contract goals; and

(ii) notwithstanding § 12–101 of this article, adopt regulations setting forth the procedures established in accordance with this paragraph.

(9) (i) 1. If a contractor, including a certified minority business enterprise, does not achieve all or a part of the minority business enterprise participation goals on a contract, the unit shall make a finding of whether the contractor has demonstrated that the contractor took all necessary and reasonable steps to achieve the goals, including compliance with paragraph (7) of this subsection.

2. A waiver of any part of the minority business enterprise goals for a contract shall be granted if a contractor provides a reasonable demonstration of good–faith efforts to achieve the goals.

(ii) If the unit determines that a waiver should be granted in accordance with subparagraph (i) of this paragraph, the unit may not require the contractor to renegotiate any subcontract in order to achieve a different result.

(iii) The head of the unit may waive any of the requirements of this subsection relating to the establishment, use, and waiver of contract goals for a sole source, expedited, or emergency procurement in which the public interest cannot reasonably accommodate use of those requirements.

(iv) 1. Except for waivers granted in accordance with subparagraph (iii) of this paragraph, when a waiver determination is made, the unit shall issue the determination in writing.

2. The head of the unit shall:

A. keep one copy of the waiver determination and the reasons for the determination; and

B. forward one copy of the waiver determination to the Governor's Office of Small, Minority, and Women Business Affairs.

(v) On or before July 31 of each year, each unit shall submit directly to the Board of Public Works and the Governor's Office of Small, Minority, and Women Business Affairs an annual report of waivers requested and waivers granted under this paragraph.

(vi) The report required under subparagraph (v) of this paragraph shall contain the following information on those contracts where the unit considered a contractor's request for waiver of all or a portion of the minority business enterprise goals:

1. the contract titles, numbers, and dates;

2. the number of waiver requests received;

3. the number of waiver requests granted; and

4. any other information specifically requested by the Board.

(10) (i) 1. This paragraph applies to a bidder or offeror after submission of a bid or proposal and before the execution of a contract with an expected degree of minority business enterprise participation.

2. If the bidder or offeror determines that a minority business enterprise identified in the minority business enterprise participation schedule has become or will become unavailable or ineligible to perform the work required under the contract, the bidder or offeror shall notify the unit within 72 hours of making the determination.

(ii) 1. If a minority business enterprise identified in the minority business enterprise participation schedule submitted with a bid or offer has become or will become unavailable or ineligible to perform the work required under the contract, the bidder or offeror may submit a written request with the unit to amend the minority business enterprise participation schedule.

2. The request to amend the minority business enterprise participation schedule shall indicate the bidder's or offeror's efforts to substitute another certified minority business enterprise to perform the work that the unavailable or ineligible minority business enterprise would have performed.

(iii) A minority business enterprise participation schedule may not be amended unless:

1. the bidder or offeror provides a satisfactory explanation of the reason for inclusion of the unavailable or ineligible firm on the minority business enterprise participation schedule; and

2. the amendment is approved by the unit's procurement officer after consulting with the unit's minority business enterprise liaison.

(11) (i) This paragraph applies after execution of a contract with an expected degree of minority business enterprise participation.

(ii) The minority business enterprise participation schedule, including any amendment, shall be attached to and made a part of the executed contract.

(iii) 1. A. Except as provided in subsubsubparagraph B of this subsubparagraph, for purposes of this subparagraph, good cause for removal of a certified minority business enterprise after contract execution includes documented nonperformance by the minority business enterprise or election by the certified minority business enterprise to cease work on the contract.

B. Failure of a certified minority business enterprise to provide a bond requested by a contractor in violation of § 13–227 of this article may not be considered nonperformance by the minority business enterprise.

2. A contractor may not terminate or otherwise cancel the contract of a certified minority business enterprise subcontractor listed in the minority business enterprise participation schedule without showing good cause and obtaining the prior written consent of the minority business enterprise liaison and approval of the head of the unit.

3. The unit shall send a copy of the written consent obtained under subsubparagraph 2 of this subparagraph to the Governor's Office of Small, Minority, and Women Business Affairs.

(iv) A minority business enterprise participation schedule may not be amended after the date of contract execution unless the request is approved by the head of the unit and the contract is amended.

(12) If, during the performance of a contract, a certified minority business enterprise contractor or subcontractor becomes ineligible to participate in the Minority Business Enterprise Program because one or more of its owners has a personal net worth that exceeds the amount specified in § 14–301(k)(3) of this subtitle:

(i) that ineligibility alone may not cause the termination of the certified minority business enterprise's contractual relationship for the remainder of the term of the contract; and

(ii) the certified minority business enterprise's participation under the contract shall continue to be counted toward the program and contract goals.

(13) (i) Except as provided in subparagraph (ii) of this paragraph, a nonprofit entity participating as a minority business enterprise on a procurement contract awarded by a unit before July 1, 2015, may continue to participate in the contract until the contract expires or otherwise terminates, including all options, renewals, and other extensions.

(ii) 1. The nonprofit entity's participation may not be counted toward achieving the minority business enterprise participation goals in this subsection.

2. The unit may not require that a certified minority business enterprise be substituted for the nonprofit entity in order to meet the minority business enterprise goals for the procurement contract.

(14) (i) For purposes of this paragraph and paragraph (15) of this subsection, "regular dealer":

1. means a firm that owns, operates, or maintains a store, a warehouse, or any other establishment in which the materials, supplies, articles, or equipment are of the general character described by the specifications required under the contract and are bought, kept in stock, or regularly sold or leased to the public in the usual course of business; and

2. does not include a packager, a broker, a manufacturer's representative, or any other person that arranges or expedites transactions.

(ii) A unit may apply only 60% of the costs of the materials and supplies provided by the certified minority business enterprise if the certified minority business enterprise is a regular dealer for purposes of achieving the minority business enterprise contract goal.

(15) With respect to materials or supplies purchased from a certified minority business enterprise that is neither a manufacturer nor a regular dealer:

(i) a unit may apply the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, fees, or transportation charges for the delivery of materials and supplies required on a procurement toward minority business enterprise contract goals, provided a unit determines the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services; and

(ii) a unit may not apply any portion of the costs of the materials and supplies toward minority business enterprise goals.

(b) (1) The provisions of §§ 14–301(f) and 14–303 of this subtitle and subsection (a) of this section are inapplicable to the extent that any unit determines the provisions to be in conflict with any applicable federal program requirement.

(2) The determination under this subsection shall be included with the report required under § 14–305 of this subtitle.

(b) When the totality of the evidence warrants action to deter future abuse of the protections made available under this title, the Commission may also recommend to the administrative law judge:

(1) that monetary sanctions be imposed against the complainant in the amount of the costs incurred by the State and the business entity in the investigation and review of the false or frivolous complaint, including reasonable attorneys' fees; and

As part of such compliance, the company may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this agreement and may result in termination of this agreement, disqualification of the company from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.".

§19–115.

All requests for bids or proposals issued for State contracts shall include the following certification to be completed by the bidder:

"The undersigned bidder hereby certifies and agrees that the following information is correct:

In preparing its bid on this project, the bidder has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in "discrimination" as defined in § 19–103 of the State Finance and Procurement Article of the Annotated Code of Maryland; to wit: discrimination in the solicitation, selection, or commercial treatment of any subcontractor, vendor, supplier, or commercial customer on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination. Without limiting the foregoing, "discrimination" also includes retaliating against any person or other entity for reporting any incident of "discrimination". Without limiting any other provision of the solicitation for bids on this project, it is understood and agreed that, if this certification is false, such false certification will constitute grounds for the State to reject the bid submitted by the bidder on this project, and terminate any contract awarded based on the bid. As part of its bid or proposal, the bidder shall provide to the State a list of all instances within the immediate past 4 years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the bidder discriminated against its subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that complaint, including any remedial action taken.
