[Brackets] indicate matter deleted from existing law.

1 2. “manufacturing corporation” does not include a refiner, as
2 defined in § 10–101 of the Business Regulation Article.

3 (ii) If a manufacturing corporation carries on its trade or business
4 within and outside the State and the trade or business is a unitary business, the part of the
5 corporation’s Maryland modified income derived from or reasonably attributable to trade
6 or business carried on in the State shall be determined using a single sales factor
7 apportionment formula, by multiplying its Maryland modified income by 100% of the sales
8 factor.

9 (iii) In filing its tax return for each year, a manufacturing corporation
10 shall certify that the NAICS Code reported on its Maryland return is consistent with that
11 reported to other government agencies.

12 (iv) If the Comptroller determines that a corporation has submitted
13 information that incorrectly classifies the corporation as a manufacturing corporation
14 under subparagraph (i) of this paragraph, the Comptroller shall reclassify the corporation
15 in an appropriate manner.

16 (2) Except as provided in paragraphs (1) and (3) of this subsection:

17 (i) for a taxable year beginning after December 31, 2017, but before
18 January 1, 2019, if the trade or business is a unitary business, the part of the corporation’s
19 Maryland modified income derived from or reasonably attributable to trade or business
20 carried on in the State shall be determined using a 3–factor apportionment fraction:

21 1. the numerator of which is the sum of the property factor,

23 2. the denominator of which is 5;

24 (ii) for a taxable year beginning after December 31, 2018, but before

14 Maryland modified income by 100% of the sales factor.

16 federal corporate income tax return for the taxable year may elect to calculate its Maryland
17 modified income derived from or reasonably attributable to trade or business carried on in
18 the State using a 3-factor apportionment fraction:

19 1. the numerator of which is the sum of the property factor,
20 the payroll factor, and twice the sales factor; and
