<b>10. Description and Purpose of Organization</b> (Limit length to visible area)							

Hagerstown BMX has been volunteer-operated in Hagerstown, Maryland for over 20 years and serves community members ages 2-60. Their aim is to provide the best and safest track possible. In partnership with the City of Hagerstown, they offer open track nights, in which all community members can partake regardless of USA BMX membership. In 2019, open track nights averaged 40-50 riders per night. Hagerstown BMX has developed partnerships with Visit Hagerstown-Washington County Convention and Visitors Bureau, City of Hagerstown Parks Department, the Washington County Community Coalition, and the Maryland Sports Commission. They have also received over 60 letters of support from various local and state stakeholders for this legislative bond initiative.

## **11. Description and Purpose of Project** (Limit length to visible area)

Hagerstown BMX, along with Hagerstown City Parks Department, has identified a series of track improvements that focus on the categories of safety, lighting & electric, storm water management, accessibility, athlete amenities and visitor experience. These improvements would propel Hagerstown BMX to the next level and attract new riders to their facility at Fairgrounds Park. Renting the equipment needed and making temporary changes to the Hagerstown BMX facility to host a National event does not create a long-term benefit for the community. It should be made clear the intent to bid to host the 2021 Nationals at Hagerstown BMX facility is not solely dependent on the track improvements, but it provides the community with the biggest benefit: a state-of-the-art BMX track for current and future generations to enjoy.
