10. Description and Purpose of Organization (Limit length to visible area)		
<p>The Baltimore County Dept. of Recreation and Parks is a public agency that provides a wide range of recreational opportunities to the citizens and visitors of the County, through hundreds of parks and recreation sites countywide. Recreational facilities are provided at parks, leased recreation sites, and public school recreation centers-- the latter through a joint-use agreement whereby many indoor and outdoor facilities at public schools are used for both educational and recreational purposes. The Department administers a wide range of parks, from countywide parks up to 1,100-acres in size, to small neighborhood "pocket parks" of less than an acre. The parks feature a wide variety of facilities and free-time recreational opportunities, and hundreds of organized recreation programs are provided through 45 non-profit recreation and parks councils formed by volunteers.</p>		

11. Description and Purpose of Project (Limit length to visible area)

The proposed project consists of the design and construction of a skatepark and associated amenities at Hazelwood Park, a presently undeveloped 10.5-acre park site in the Overlea-Fullerton community of eastern Baltimore County. The County will work with the volunteers of the Baltimore County Skateboard Council to design a concrete skatepark whose central feature will be a concrete skatebowl. In addition to the skatepark, the project will include the construction of a park access road and parking lot, as well as various support amenities. These improvements will help meet a longstanding demand for additional non-modular skateparks.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
