Video Lottery Operation License - Renewal

This bill requires the State Lottery and Gaming Control Commission (SLGCC) to renew a video lottery operation license upon proper application for license renewal and payment of the license renewal fee unless SLGCC finds that the licensee is no longer qualified to hold a license. Within one year of filing a notice of intent to reapply for a license, a video lottery operation licensee may file an application to renew a video lottery operation license that includes payment of the renewal fee. SLGCC must establish an application process to renew a video lottery operation license. Before denying an application, SLGCC must provide the video lottery operation licensee an opportunity for a hearing.

Analysis

Current Law: A video lottery operation license initially expires 15 years from the date on which the video lottery facility is issued the license by SLGCC. Two years before a video lottery operation license expires, the licensee must file with SLGCC a notice of intent to reapply for the license. Within 1 year of the end of the initial 15-year license term, a video lottery operation licensee may reapply for a 10-year license term. If a video lottery

operation licensee has its license revoked or otherwise surrenders the license, the license reverts to the State.
