Fiscal Summary

State Effect: None.

Local Effect: Baltimore City revenues increase by \$1,920 in FY 2021 and by \$1,370 annually thereafter from application, license, and renewal fees. Baltimore City can handle any enforcement activity with existing resources.

Small Business Effect: Minimal.

Analysis

Current Law: The board may issue a Class B-D-7 license if it determines, upon consideration of the number of beer, wine, and liquor outlets in the affected area and the outlets' days of sale, that the license is reasonably necessary for public convenience. The license authorizes the licensee to sell beer, wine, and liquor for on- and off-premises consumption. Generally, a Class B-D-7 licensee may sell beer, wine, and liquor from

6 a.m. to 2 a.m. the following day. In the area specified in the Parker Heights Development Plan adopted by the city in 2006, a Class B-D-7 licensee may sell beer, wine, and liquor from 9 a.m. to 10 p.m. The annual license fee is \$1,320.

Generally, the board may not, except as specified, issue a new alcoholic beverages license in the 40th, 41st, 43rd, 44th, 45th, or 46th alcoholic beverages districts.

Background: According to the Comptroller's Office, in fiscal 2019, there were 1,208 alcoholic beverages licenses issued in Baltimore City. Baltimore City advises that, as of December 2019, there were 398 active Class B-D-7 licenses in the city.

Local Fiscal Effect: Baltimore City advises that it expects to issue one new Class B-D-7 license under the bill. Accordingly, anticipated licensing fee revenue under the bill will total \$1,920 in fiscal 2021 and \$1,370 annually thereafter. This estimate is based on a one-time \$600 application fee, a \$50 renewal fee, and an annual \$1,320 licensing fee.
