Analysis

Current Law/Background: Chapters 128 and 129 of 2015 established the Commission Regarding the Implementation and Use of Body Cameras by Law Enforcement Officers. Through the examination of model policies and discussion, the commission compiled a list of best practices for BWCs and submitted a report to the General Assembly and the Police Training Commission (now known as the Maryland Police Training and Standards

Commission (MPTSC)) in September 2015. The commission's [report](#) addresses (1) procedures for testing and operating equipment, including when BWCs must be activated and when their use is prohibited; (2) notification responsibilities of law enforcement officers to individuals being recorded; (3) confidentiality and ownership of data; (4) procedures and requirements for data storage; (5) the review of recordings by parties in interest; and (6) the establishment of retention periods, the release of recordings as required by the Public Information Act, and the development of written policies for BWCs usage consistent with State law and regulations issued by MPTSC.

Pursuant to Chapters 128 and 129, MPTSC developed a policy for the issuance and use of BWCs by law enforcement officers, which incorporated the recommendations of the commission. MPTSC also published a [Body-worn Camera Procedural Reference Guide](#) that provides practical and detailed background information on BWCs as well as advisory language for use by law enforcement agencies.
