§9–2302.

On behalf of this State, the Governor shall execute, with the City of Baltimore, the Commonwealth of Virginia, and the District of Columbia, an interstate compact substantially as it appears in § 9-2303 of this subtitle.

§9–2303.

The Commonwealth of Virginia, the State of Maryland, the District of Columbia, and the City of Baltimore, hereinafter “Signatories,” hereby enter into an interstate compact, as set forth below, for the purpose of hosting the 2012 Olympic Games. This interstate compact shall be known and may be cited as the Chesapeake Regional Olympic Games Authority Act.

Article I.

Findings.

The Maryland General Assembly finds that:

1. For some time now, the State of Maryland (including the City of Baltimore), the District of Columbia, and the Commonwealth of Virginia, through the nonprofit organization known as the Washington/Baltimore Regional 2012 Coalition (WBRC 2012), have been actively engaged in national competition to win the U.S. Candidate City designation and, subsequently, the Host City designation and the right to host the 2012 Olympic Games.

2. Hosting the Olympic Games will provide several major, lasting, and unique benefits for all of the citizens of the Chesapeake region, including:
(a) Direct, positive economic impact on our regional economy;

(b) An opportunity to showcase our region to the world;

(c) A catalyst for regional action; and

(d) A renewed sense of pride along with a tangible legacy (e.g. new and improved venues and enhanced transportation infrastructure).

3. Independent economic studies show that preparing for and hosting the Olympic Games will have a positive economic impact on the region, including:

(a) Direct and indirect spending in excess of $5,000,000,000;

(b) The creation of approximately 70,000 jobs;

(c) Increased tax revenues resulting from Olympic related economic activity in excess of $130,000,000, without raising or creating any new taxes; and

(d) A lasting improvement in the region’s competitive position within the travel/tourism industry, as well as the region’s ability to attract new businesses.

4. The citizens of the region have responded positively to WBRC 2012’s efforts and solidly embraced the cause to host the Olympic Games, expressed in part by the endorsement of scores of local business, civic, governmental, academic, and amateur sports organizations, and by survey results that show:

(a) 82% of the region’s residents support the effort to bring the 2012 Olympic Games to this area; and

(b) 86% of area residents believe that the Olympic Games will bring substantial economic benefits to our region.

5. Through the submission of the region’s official bid proposal to the United States Olympic Committee (USOC) on December 15, 2000, WBRC 2012 reached a milestone in the process of capturing the Olympic Games by providing a 631-page logistical, operational, and financial blueprint for hosting the 2012 Games.

6. The bid proposal highlights the great venues and vistas found in our region and is developed around key principles, including:

(a) Building less, not more;

(b) Utilizing mass transit; and
(c) Protecting the environment.

7. In addition to the region’s bid proposal, the USOC and the International Olympic Committee (IOC) require certain government guarantees and commitments in conjunction with hosting the 2012 Olympic Games, should our region win the U.S. Candidate City designation.

8. Our unique regional approach to winning the right to host the Olympic Games creates the added complication of determining which entities will provide the necessary guarantees.

9. It is incumbent upon WBRC 2012 and government leaders to move forward together now to craft the solution that best “lives regionalism” and maximizes the region’s chances of winning the 2012 Olympic Games, and reaping the many benefits that come with this honor.

10. Given that all four jurisdictions - Virginia, Maryland, the District of Columbia, and Baltimore - will host a significant number of events and reap substantial benefits, the most effective solution for all four jurisdictions is to enter into a single agreement that gives the USOC (and subsequently the IOC) a single focal point and a united front that reflects the regional nature of our bid.

   Article II.

   Purpose.

   The purpose of this Act is to create a Regional Authority to oversee the conduct of the 2012 Olympic Games, coordinated and managed by the local Organizing Committee for the Olympic Games (OCOG), and to assure that the region’s guarantees and commitments accepted in conjunction with hosting the Olympic Games are fulfilled.
