GOVERNOR’S OFFICE OF CRIME PREVENTION, YOUTH, AND VICTIM SERVICES

Provided that 2 regular positions (PIN 020543 and PIN 087450) may only be funded for the purpose of reclassifying the positions for the purposes of addressing staffing deficiencies related to the oversight and auditing of grants.

Further provided that $100,000 of the appropriation made for the purpose of grant expenditures may only be used to provide an operating grant to the Boys and Girls Clubs of Southern Maryland. Funds not expended for this purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled or revert to the General Fund.

ADMINISTRATIVE HEADQUARTERS
Provided that no funding provided under the federal Victims of Crime Act (VOCA) provided through the Governor’s Office of Crime Prevention, Youth, and Victim Services (GOCPYVS) may be awarded to state agencies, programs, or held in reserve until each victim services provider who received funding during fiscal 2020 or 2021 has been awarded funding at no less than the same level as fiscal 2020 to continue services to victims of crime during fiscal 2022. For the purposes of identifying a state agency or program, it is the intent of the budget committees that higher education institutions, the Baltimore Police Department, and other quasi–state entities be excluded from that definition and be included in the category of non–State victim services providers.

Further provided that if funding under the VOCA is reduced, funding shall be awarded in the following manner:

1. Victim services providers who received funding during fiscal 2020 or 2021 shall receive all available VOCA funds, and funding for each provider may only be reduced by the same percentage as other providers, unless a provider submits a grant request for a lower amount; and

2. in the event that funding is not available, each grant shall be reduced by the same percentage unless a provider has requested reduced funding. Non–State providers shall be fully funded prior to any award to a State agency and prior to the retention of reserve funds. If additional federal funding becomes available as a result of COVID–19 relief, changes in the
federal VOCA allocations to states, or otherwise, such cuts shall be restored.

No VOCA funding may be awarded by GOCPYVS except in a manner that gives priority to continuing funding for non–State victim services providers who received funding during fiscal 2020 or 2021 and have the capacity to continue to provide services to victims.

Further provided that $500,000 of the general fund appropriation for GOCPYVS made for the purposes of general administration may not be expended until, prior to providing fiscal 2022 awards and no later than August 1, 2021, GOCPYVS reports to the budget committees on:

1. each proposed grant award;
2. how priority has been given to non–State victim services providers;
3. whether each grant is equal to fiscal 2020 awards; and, if it is not, the identification of the difference in funding and justification for this difference; and
4. the amount of VOCA funding held in reserve.

The budget committees shall have 45 days from the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that $500,000 of the general fund appropriation for the purposes of
administration may not be expended until GOCPYVS submits a report by November 1, 2021, regarding the federal VOCA funding. The report should include:

(1) total active VOCA grant awards as of January 1, 2021, including grant number, implementing agency, project title, start date, end date, amount of award, jurisdiction of implementation, and the brief description/abstract of the grant;

(2) for each VOCA grant award in item (1) and for any other VOCA grant awards made subsequently, a description of whether for the federal fiscal year beginning October 1, 2021, the award was continued, awarded, or otherwise funded, including the grant number, implementing agency, project title, start date, end date, amount of award, jurisdiction of implementation, and the brief description/abstract of the grant;

(3) for each VOCA grant award in items (1) and (2) identification of any decrease or other change in victim services funding between items (1) and (2), the justification for each grant award change, and the impact on the continuity of crime victim services;

(4) the amount of unexpended funds for each open three–year VOCA grant, and the reason funds are unexpended, including whether they are held in reserve for future grants;

(5) identification of the respective amount of funds expended for the purpose of direct provision of
services, administration, and that which went unobligated for the federal fiscal 2015, 2016, 2017, and 2018 three–year funding cycles;

(6) identification of the legislative appropriation for VOCA and the actual level of spending for each State fiscal year, beginning with State fiscal 2015 through 2021; and

(7) identification of any decrease or other change between the legislative appropriation for VOCA and the actual level of spending for VOCA for each State fiscal year identified in item (6), and the reason for any and all disparities that may exist between the legislative appropriation and the actual spending level.

Further provided that $500,000 of the general fund appropriation made for the purposes of administration may not be expended until GOCPYVS publishes the total amount of funding from federal VOCA funds on GOCPYVS’s website, including funds available from prior years and including the specific amounts held in reserve from each federal three–year award. GOCPYVS shall provide the budget committees with a letter, no later than November 1, 2021, indicating that this data has been made available on its website and provides the web address to this data. The budget committees shall have 45 days from the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted.

Further provided that GOCPYVS is
authorized to process a budget amendment recognizing additional federal funds to restore funding cuts to victim services providers if additional State or federal funding becomes available as a result of COVID–19 relief or changes in the federal VOCA allocations to states or otherwise.

Further provided that it is the intent of the budget committees that the primary purpose of the programs funded through the VOCA grant awards be to ensure continuity of trauma-informed, high-quality services for victims of crime as the COVID–19 pandemic progresses.

General Fund Appropriation, provided that $300,000 of this appropriation made for the purpose of agency administration may not be expended for that purpose but instead may be used only to contract and consult with a private accounting firm for the purposes of performing a fiscal audit of the Governor’s Office of Crime Prevention, Youth, and Victim Services (GOCPYVS) grants management processes and all grants budgeted within its fiscal 2020 and 2021 legislative appropriations.

Further provided that an additional $100,000 of this appropriation made for the purpose of administration may not be expended until GOCPYVS submits a report to the Governor and the budget committees detailing the following:

(1) the findings of this audit;

(2) an explanation of the corrective actions taken by GOCPYVS to address the findings of the audit identified in item (1);

(3) the fiscal 2020 legislative appropriation and fiscal 2020 actual expenditure for all general.
special, and federal fund grants budgeted within GOCPYVS; and

(4) the fiscal 2021 legislative appropriation and fiscal 2021 actual expenditure for all general, special, and federal fund grants budgeted within GOCPYVS.

The report shall be submitted by December 31, 2021, and the budget committees shall have 45 days from the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Funds are appropriated in other agency budgets to pay for services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.
Provided that it is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program, shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event that the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a “major project” under Section 2–103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a “major project” under Section 2–103.1 of the Transportation Article that will result in an increase of more than 10% or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during
the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Further provided that notification of project additions, as outlined in paragraph (1) above; changes in the scope of a project, as outlined in paragraph (2) above; or moving projects from the development and evaluation program to the construction program shall be made to the General Assembly 45 days prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

The Maryland Department of Transportation (MDOT) may not expend funds on any job or position of employment approved in this budget in excess of 9,057.5 positions and 115.0 contractual full-time equivalent (FTE) positions paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2022. The level of contractual FTE positions may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport, that demands additional personnel; or

(2) emergency needs that must be met, such as transit security or highway maintenance.

The Secretary shall use the authority under Sections 2–101 and 2–102 of the
Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2022 budget shall be subject to Section 7–236 of the State Finance and Procurement Article and the Rule of 100.

THE SECRETARY’S OFFICE

J00A01.01 Executive Direction

Special Fund Appropriation, provided that $500,000 of this appropriation made for the purpose of departmental administration may not be expended until the Maryland Transit Administration (MTA) submits two reports to the budget committees on the results of the solicitation for a replacement design–build contractor for the Purple Line Light Rail project. The first report shall include information on:

(1) the number of firms shortlisted through the request for qualifications process;

(2) the number of proposals received in response to the request for proposals;

(3) the details of the selected company or design–build team;

(4) a description of and timeline for the transition of project management responsibilities from MTA to the new design–build contractor; and

(5) a summary of revisions being proposed to the public–private partnership (P3) agreement including:
The second report shall provide an update of the information required under items (4) and (5). The first report shall be submitted at least 14 days prior to seeking approval of modifications to the P3 agreement and the second report shall be provided on February 15, 2022. Half of the restricted funds shall be released when review of the first report is complete or 45 days have elapsed from the date that the report was received and the remainder shall be released when review of the second report is complete or 45 days have elapsed from the date that the report was received. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the budget committees.
Further provided that $100,000 of this appropriation made for the purpose of departmental administration may not be expended until the Maryland Department of Transportation submits a report to the budget committees providing data on sworn officers of the Maryland Transit Administration Police. The report shall provide the following information, broken out by supervisory vs. nonsupervisory officers and further broken out by race and by gender, by calendar year for five years ending with calendar 2020. The report shall:

(1) list the number of officers in each level of the pay scale; and

(2) detail the number of officers that were:

(a) hired;

(b) provided training necessary for advancement;

(c) promoted;

(d) suspended with pay;

(e) suspended without pay; and

(f) dismissed.

The report shall be submitted by December 1, 2021, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the budget committees.
more than $5,390,710 of this appropriation may be expended for operating grants—in—aid, except for:

(1) any additional special funds necessary to match unanticipated federal fund attainments; or

(2) any proposed increase either to provide funds for a new grantee or to increase funds for an existing grantee.

Further provided that no expenditures in excess of $5,390,710 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

SUMMARY

DEBT SERVICE REQUIREMENTS

Consolidated Transportation Bonds may be issued in any amount, provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues may not exceed $3,475,580,000 as of June 30, 2022.

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts...

(2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2021 through 2031.

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), exclusive of any draws on the federal Transportation Infrastructure Finance and Innovation Act (TIFIA) loan for the Purple Line Light Rail Project, may not exceed $1,171,210,000 as of June 30, 2022. The total aggregate outstanding and unpaid principal balance on the Purple Line TIFIA loan may not exceed $925,315,170 as of June 30, 2022. Provided, however, that in addition to the limits established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2022, and the total amount by which the fiscal 2022 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and shall signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Further provided that $1,000,000 of this appropriation made for the purposes of program direction may not be expended until the Maryland Department of Health (MDH) submits a report to the budget committees on the assisted reconciliation process. This report shall address steps made by the department during the reconciliation process, including:

(1) affirming that MDH and the Behavioral Health Administrative Services Organization (BHASO) have provided behavioral health providers with a comprehensive claims history in an uploadable 835 format. These reports to providers shall comply with Health Insurance Portability and Accountability Act (HIPAA) standards and include HIPAA–standardized denial codes. The 835 report shall also include the original submission date of each claim, as well as reprocessing and denials. The claims history report shall also include corresponding check number and accurate check date for the full or partial amount paid on the claim;

(2) providing detail on a neutral, independent third-party reconciliation mediator used during the process. This reconciliation mediator shall be selected in consultation with behavioral health
providers and shall provide oversight and mediation in disputes of the reconciliation amounts between MDH and individual providers; and

(3) outlining contract management steps employed by the department in response to challenges with the Administrative Services Organization (ASO). This shall include any liquidated damages and other fees and fines against the current BHASO under the ASO contract, including the totality of damages, fees and fines that could be levied against BHASO as outlined under the contract as well as the total amount which has actually been imposed by the department, and, if applicable, why MDH did not impose the maximum amount.

The report shall be submitted by August 1, 2021, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that $1,000,000 $500,000 of this appropriation made for the purposes of executive direction may not be expended until the Maryland Department of Health submits a report on the opening and operation of a mass COVID–19 vaccination site in Montgomery County. The report shall include the location of the vaccination site, the estimated amount of daily doses able to be administered at the site, and when the site will be operational. The report shall be submitted by July 1, 2021.

M00M01.01 Program Direction

General Fund Appropriation, provided that $1,000,000 of this appropriation made for the purpose of administration may not be expended until the Maryland Department of Health submits a report to the budget committees regarding community service
utilization data and spending forecasts that will be made available as the Developmental Disabilities Administration (DDA) Community Services program transitions to a fee–for–service (FFS) reimbursement system. The report should include:

1. a plan and timeline for providing data to the Department of Legislative Services on utilization by service type on a monthly basis for DDA–funded services billed through the Long Term Services and Supports (LTSS) system;

2. a plan and timeline for forecasting general fund spending in the Community Services program in fiscal 2023 and beyond based on actual utilization and reimbursements billed through the LTSS system following the transition to a FFS reimbursement model;

3. the number of individuals receiving DDA–funded services and providers that transitioned to the LTSS system before the start of fiscal 2022 and the number of individuals and providers transitioned to the LTSS system in fiscal 2022 year to date;

4. a cost analysis of the rates paid to providers that were transitioned to the LTSS system as part of the initial LTSS pilot program and how DDA’s reimbursements compare to the estimated payments that would have been made under the prospective payment model; and
(5) a description of the utilization and spending data that is available through the LTSS system and would assist DDA in forecasting its spending needs; and

(6) a plan and timeline for ensuring that providers, including coordinators of community services, have the ability to automatically exchange electronic data with the department through an application program interface with the LTSS system in accordance with Chapter 7 of 2021.

The report shall be submitted by November 1, 2021, and the budget committees shall have 45 days from receipt of the report to review and comment. Funds restricted pending receipt of this report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

M00M01.02 Community Services

All appropriations provided for program M00M01.02 Community Services are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose.

Further provided that all federal funds attained by the Maryland Department of Health Developmental Disabilities Administration (DDA) in program M00M01.02 resulting from any enhancement to the Federal Medical Assistance Percentage (FMAP) for home- and community-based services authorized in the American Rescue Plan Act of 2021 shall be:
(1) retained by DDA, and there shall be no budgetary transfer to any other program; and

(2) separately identified from any other federal Medical Assistance funding in supporting documentation provided at the time an amendment is submitted to the Department of Legislative Services and in the fiscal 2023 budget detail submitted with the Governor’s budget books for the fiscal 2021 actual, fiscal 2022 working appropriation, and fiscal 2023 allowance.

Further provided that at least 75% of federal funds attained by DDA resulting from any enhancement to the FMAP for home– and community–based services authorized in the American Rescue Plan Act of 2021 may be expended only on a one–time rate increase paid to community providers that are reimbursed under program M00M01.02 and are licensed, certified, or approved under Section 7 of the House General Article, including coordinators of community services. DDA shall apply the rate increase retroactively to all services provided in the first two quarters of fiscal 2020 and shall pay community providers the rate increase in at least two payments. DDA shall disburse the first payment no later than October 7, 2021, and the final payment no later than April 7, 2022. Remaining federal funds attained from any enhancement to the FMAP for home– and community–based services authorized in the American Rescue Plan Act of 2021 may be expended only on:

(1) a commensurate one–time rate increase applied to services provided in the first two quarters of fiscal 2020 for individuals enrolled in self–directed services as of
October 1, 2021:

(2) grants to community providers and nonprofit organizations reimbursed under program M00M01.02 for the development of resources and infrastructure to enhance independence and inclusive opportunities, which shall include and not be limited to development of models to provide independent affordable housing, expanded use of technology, and technical assistance from subject matter experts, for individuals who receive DDA–funded services; and

(3) certain allowable administrative costs.

Provided that 350 vacant positions are abolished in the Department of Public Safety and Correctional Services. General Fund savings from these positions will be utilized for overtime and other personnel related costs.

Further provided that $7,091,738 of the appropriation for substance use disorder (SUD) treatment services subprograms may only be expended in those subprograms. Funds may be transferred between SUD treatment services subprograms throughout the Department of Public Safety and Correctional Services. Funds unexpended for this purpose at the end of the fiscal year shall revert to the General Fund or be canceled.

Further provided that $2,800,000 of the general fund appropriation for the Department of Public Safety and Correctional Services (DPSCS) made for the purpose of general operations may not be expended for that purpose but instead may only be used to continue operations of the Southern Maryland Pre-Release Unit (SMPRU) and the Eastern Pre-Release Unit (EPRU). It is the intent of the General Assembly that DPSCS postpone indefinitely the planned closure of SMPRU and EPRU. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise and shall revert to the General Fund.

OFFICE OF THE SECRETARY

The results of this audit shall be detailed in the report. The report shall provide an accounting of and justification for all emergency COVID–19 payments made to the inmate medical services provider in excess of the original contract. The report shall be submitted to the budget committees no later than October 1, 2021. The budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds transferred would represent costs associated with local partnership agreements approved by the Children’s Cabinet Interagency Fund.

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0175 (Workers’ Compensation), 0217 (Health Insurance), 0305 (DBM Paid Telecommunications), 0839 (HR Shared
Services), 0874 (Office of Attorney General Administrative Fee), 0876 (DoIT IT Services Allocation), 0894 (State Personnel System Allocation), 0897 (Enterprise Budget System Allocation), and 1303 (rent paid to DGS) are to be utilized for their intended purposes only. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0217, 0305, and 0876 between State departments and agencies by approved budget amendment in fiscal 2021 and fiscal 2022. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object, by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or canceled.

SECTION 18. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0875 (Retirement Administrative Fee) to support the Maryland State Retirement agency operations are to be transferred to the Maryland State Retirement agency (G20J01.01) on July 1, 2021, and may not be expended for any other purpose.

SECTION 19. AND BE IT FURTHER ENACTED, That for fiscal 2021 funding for public safety salary related expenses shall be reduced by $173,385,595 in Executive Branch agencies contingent upon the approval of the federal fund deficiency appropriation in M00F06.01 Office of Preparedness and Response for the same purpose. Funding for this purpose shall be reduced in Comptroller Object 0125 within Executive Branch agencies in fiscal 2021 by the following amounts in accordance with a schedule determined by the Governor:

SECTION 20. AND BE IT FURTHER ENACTED, That funds appropriated in State agency budgets for COVID-19 related expenses may be transferred in fiscal 2021 and fiscal 2022 by budget amendment to other programs of State agencies to be used for the same purpose.

SECTION 21. AND BE IT FURTHER ENACTED, That $200,000 of the general fund appropriation in the Maryland Department of Planning, $200,000 of the general fund appropriation in the Department of Natural Resources, $200,000 of the general fund appropriation in the Maryland Department of Agriculture, $200,000 of the general fund appropriation in the Maryland Department of the Environment, and $200,000 of the general fund appropriation in the Department of Budget and Management made for the purpose of general operating expenses may not be expended unless the agencies provide a report to the budget committees on Chesapeake Bay restoration spending. The report shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The report shall include:

(1) fiscal 2021 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

(2) projected fiscal 2022 to 2025 annual spending by fund, fund source, program, and State government agency; associated nutrient and sediment reductions; and the impact on living resources and ambient water quality criteria for dissolved oxygen, water clarity, and “chlorophyll a” for the Chesapeake Bay and its tidal tributaries to be submitted electronically in disaggregated form to DLS;

(3) an overall framework discussing the needed regulations, revenues, laws, and administrative actions and their impacts on individuals, organizations, governments, and businesses by year from fiscal 2021 to 2025 in order to reach the calendar 2025 requirement of having all best management practices in place to meet water quality standards for restoring the Chesapeake Bay, to be both written in narrative form and tabulated in spreadsheet form that is submitted electronically in disaggregated form to DLS;

(4) an analysis of the various options for financing Chesapeake Bay restoration including public–private partnerships, a regional financing authority, nutrient trading, technological developments, and any other policy innovations that would improve the effectiveness of Maryland and other states’ efforts toward Chesapeake Bay restoration;

(5) an analysis on how cost effective the existing State funding sources, such as the Bay Restoration Fund, Chesapeake and Atlantic Coastal Bays 2010 Trust Fund,
and Water Quality Revolving Loan Fund among others, are for Chesapeake Bay restoration purposes; and

(6) updated information on the Phase III Watershed Implementation Plan implementation and how the loads associated with the Conowingo Dam infill, growth of people and animals, and climate change will be addressed.

The report shall be submitted by December 1, 2021, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

SECTION 22. AND BE IT FURTHER ENACTED, That $100,000 of the general fund appropriation made for the purpose of administrative expenses in D21A02.01 Governor's Office of Crime Prevention, Youth, and Victim Services' Children and Youth Division (CYD), $100,000 of the general fund appropriation of the Department of Human Services Social Services Administration, $100,000 of the general fund appropriation of the Department of Juvenile Services, $100,000 of the general fund appropriation of the Maryland Department of Health Developmental Disabilities Administration, and $100,000 of the general fund appropriation of the Maryland State Department of Education may not be expended until CYD submits a report on behalf of the Children's Cabinet to the budget committees on out-of-home placements containing:

(1) the total number and one-day counts (as of January 1) of out-of-home placements and entries by jurisdiction, by agency, and by placement type for fiscal 2019, 2020, and 2021;

(2) the total number and one-day counts (as of January 1) of out-of-state placements, including the number of family home, community-based, and non-community-based out-of-state placements for fiscal 2019, 2020, and 2021 categorized by state and by age category;

(3) the costs associated with out-of-home placements;

(4) an explanation of recent placement trends;

(5) findings of child abuse and neglect occurring while families are receiving family preservation services or within 1 year of each case closure; and

(6) areas of concern related to trends in out-of-home and/or out-of-state placements and potential corrective actions that the Children’s Cabinet and local management boards can take to address these concerns.

Further provided that each agency or administration that funds or places children and youth in out-of-home placements shall assist CYD and comply with any data requests
necessary for the timely production of the report. The report shall be submitted to the budget committees by January 1, 2022, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise for any other purpose. Should the report not be submitted by the requested date, the restricted funds shall revert to the General Fund.

SECTION 23. AND BE IT FURTHER ENACTED, That $250,000 of the general fund appropriation within the Department of State Police (DSP) may not be expended until DSP submits the Crime in Maryland, 2020 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that, if DSP encounters difficulty obtaining, or validating the accuracy of, the necessary crime data by November 1, 2021, from local jurisdictions who provide the data for inclusion in the UCR, DSP shall notify the Governor's Office of Crime Prevention, Youth, and Victim Services (GOCPYVS). From each jurisdiction’s third quarterly State Aid for Police Protection (SAPP) disbursement, the office shall withhold a portion, totaling at least 15% but no more than 50%, of that jurisdiction’s SAPP grant for fiscal 2022 upon receipt of notification from DSP. GOCPYVS shall withhold SAPP funds until such a time that the jurisdiction submits its crime data to DSP, and DSP verifies the accuracy of that data. DSP and GOCPYVS shall submit a report to the budget committees indicating any jurisdiction from which crime data was not received by November 1, 2021, and the amount of SAPP funding withheld from each jurisdiction.

SECTION 24. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a forecast of the impact of the executive budget proposal on the long–term fiscal condition of the General Fund, the Transportation Trust Fund, and higher education Current Unrestricted Fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

SECTION 25. AND BE IT FURTHER ENACTED, That all across–the–board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary’s College of Maryland, Morgan State University, and Baltimore City Community College.

SECTION 26. AND BE IT FURTHER ENACTED, That the Governor’s budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions
underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each federal fund appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

SECTION 27. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2022, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged except that this policy does not apply to the Department of Human Services with respect to federal Temporary Assistance for Needy Families funds to be carried forward into future years;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management (DBM), whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) DBM shall take appropriate actions to effectively establish the provisions of this section as policies of the State with respect to the administration of federal funds by executive agencies.

SECTION 28. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2023 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of Maryland. The presentation of budget data in the Governor’s budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2022 except as indicated elsewhere in this Act; however, this may not preclude the placement of additional information into the budget books. For actual fiscal 2021 spending, the fiscal 2022 working appropriation, and
the fiscal 2023 allowance, the budget detail shall be available from the Department of Budget and Management (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2021 spending, the fiscal 2022 working appropriation, and the fiscal 2023 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available on request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of Maryland.

Further provided that due diligence shall be taken to accurately report full-time equivalent (FTE) counts of contractual FTEs in the budget books. For the purpose of this count, contractual FTEs are defined as those individuals having an employee–employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS with the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Further provided that for each across-the-board reduction to appropriations or positions in the fiscal 2023 Budget Bill affecting fiscal 2022 or 2023, DBM shall allocate the reduction for each agency in a level of detail not less than the three-digit R*Stars financial agency code and by each fund type.

Further provided that DBM shall provide to DLS special and federal fund accounting detail for the fiscal year last completed, current year, and budget year for each fund. The account detail, to be submitted with the allowance, should at a minimum provide revenue and expenditure detail, along with starting and ending balances.

Further provided that DBM shall provide to DLS by September 1, 2021, a list of subprograms used by each department, unit, agency, office, and institution, along with a brief description of the subprograms’ purpose and responsibilities.

SECTION 29. AND BE IT FURTHER ENACTED, That on or before August 1, 2021, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2021 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:
(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full- and part-time, associated with the agreement;

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement;

(8) total indirect cost recovery or facilities and administrative (F&A) expenditures authorized for the agreement;

(9) the indirect cost recovery or F&A rate for the agreement and brief description of how the rate was determined;

(10) actual expenditures for the most recently closed fiscal year;

(11) actual base expenditures that the indirect cost recovery or F&A rate may be applied against during the most recently closed fiscal year;

(12) actual expenditures for indirect cost recovery or F&A for the most recently closed fiscal year; and

(13) total authorized expenditures for any subaward(s) or subcontract(s) being used as part of the agreement and a brief description of the type of award or contract.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2021, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 that were in effect at any time during fiscal 2021.

Further provided that no new higher education interagency agreement with State agencies with a projected value in excess of $500,000 may be entered into during fiscal 2022 without prior approval of the Secretary of Budget and Management.
SECTION 30. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Prevention, Youth, and Victim Services or the Maryland Emergency Management Agency made in Section 1 of this Act shall be subject to the following restrictions:

(1) This section may not apply to budget amendments for the sole purpose of:
   (a) appropriating funds available as a result of the award of federal disaster assistance; and
   (b) transferring funds from the State Reserve Fund – Economic Development Opportunities Account for projects approved by the Legislative Policy Committee (LPC).

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until:
   (a) that amendment has been submitted to the Department of Legislative Services (DLS); and
   (b) the budget committees or LPC has considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of the impact on regular position or contractual full-time equivalent payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by any other authorizing legislation, and notwithstanding the provisions of Section 3–216 of the Transportation Article, a budget amendment may not:
   (a) restore funds for items or purposes specifically denied by the General Assembly;
   (b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation (MDOT) shall be restricted as provided in Section 1 of this Act;
   (c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS, and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to MDOT; and
(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a federal fund appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

(7) Budget amendments for new major information technology projects, as defined by Sections 3A–301 and 3A–302 of the State Finance and Procurement Article, must include an Information Technology Project Request, as defined in Section 3A–308 of the State Finance and Procurement Article.

(8) Further provided that the fiscal 2022 appropriation detail as shown in the Governor’s budget books submitted to the General Assembly in January 2022 and the supporting electronic detail may not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the MDOT pay-as-you-go capital program.

(9) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2023 allowance, the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

(10) Except as provided in paragraph (6) of this section or as authorized in HB 898 or SB 647 enacted at the 2021 session of the General Assembly, an amendment of a federal fund appropriation may not permit the expenditure of money from the federal government if the federal funds are appropriated by the U.S. Congress in the American Rescue Plan Act of 2021 from the Coronavirus State Fiscal Recovery Fund.

(11) This section of the Budget Bill may not be waived by the Governor when exercising the authority granted under Section 14–107 of the Public Safety Article.
SECTION 31. AND BE IT FURTHER ENACTED, That:

(1) The Secretary of Health shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2021 in program M00Q01.03 Medical Care Provider Reimbursements and M00Q01.10 Medicaid Behavioral Health Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the monthly reports by fund type required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2021 to program R00A02.07 Students With Disabilities for nonpublic placements have been disbursed for services provided in that fiscal year and to prepare monthly reports as required under this section for that program.

(3) The Secretary of Human Services shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2021 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year, including detail by placement type for the average monthly caseload, average monthly cost per case, and the total expended for each foster care program, and to prepare the monthly reports required under this section for that program.

(4) For the programs specified, reports must indicate by fund type total appropriations for fiscal 2021 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller beginning August 15, 2021, and submitted on a monthly basis thereafter.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2021 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 32. AND BE IT FURTHER ENACTED, That the General Accounting Division of the Comptroller of Maryland shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (Workers’ Compensation) and to credit all payments disbursed to the Injured Workers’ Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the General Fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.
SECTION 33. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7–236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2021, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that an equal number of positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of man that are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 contractual full–time equivalents (FTE) are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in contractual FTEs for at least two years. Any position created by this method may not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section may not apply to positions entirely supported by funds from federal or other non–State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non–State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non–State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2022, the status of positions created with non–State funding sources during fiscal 2019 through 2022 under this provision as remaining, authorized, or abolished due to the discontinuation of funds.

SECTION 34. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2021, the Secretary of Budget and Management shall determine the total number of full time equivalent (FTE) positions that are authorized as of the last day of fiscal 2021 and on the first day of fiscal 2022. Authorized positions shall include all
positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2021 and 2022, including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self–supported activities, and the Maryland Correctional Enterprises.

The Department of Budget and Management shall also prepare a report during fiscal 2022 for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2023 Governor’s budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;
(2) where regular FTE positions have been created;
(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE information in the same fashion as reported in the appendices of the fiscal 2022 Governor’s budget books shall also be provided.

SECTION 35. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

SECTION 36. AND BE IT FURTHER ENACTED, That the Secretary of Budget and Management shall include as an appendix in the fiscal 2023 Governor’s budget books an accounting of the fiscal 2021 actual, fiscal 2022 working appropriation, and fiscal 2023 estimated revenues and expenditures associated with the employees’ and retirees’ health plan. The data in this report should be consistent with the budget data submitted to the Department of Legislative Services. This accounting shall include:

(1) any health plan receipts received from State agencies, as well as prescription rebates or recoveries, or audit recoveries, and other miscellaneous recoveries;
(2) any health plan receipts received from employees and retirees, broken out by active employees, non–Medicare–eligible retirees, and Medicare–eligible retirees;

(3) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans, with health, mental health, and prescription drug expenditures broken out by medical payments for active employees,
non–Medicare–eligible retirees, and Medicare–eligible retirees, and prescription drug expenditures broken out by active employees, non–Medicare–eligible retirees, and Medicare–eligible retirees; and

(4) any balance remaining and held in reserve for future provider payments.

SECTION 37. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide authorization to the Injured Workers’ Insurance Fund (IWIF) to use up to $15,000,000 in fiscal 2022 to make settlements on employee workers’ compensation claims. DBM shall also instruct IWIF to transfer any surplus balance in the account provided for the payment of State employee workers’ compensation costs at the close of fiscal 2022 to the account provided for unfunded workers’ compensation liabilities.

SECTION 38. AND BE IT FURTHER ENACTED, That $1,000,000, of the general fund appropriation made for the purpose of general administration in the Department of Human Services (DHS) Office of Technology for Human Services (N00F00.04); $1,000,000, of the general fund appropriation made for the purpose of MD THINK in the Department of Information Technology (DoIT) Major Information Technology Development Project Fund (F50A01.01); and $100,000 of the general fund appropriation made for the purpose of general administration in the Department of Budget and Management (DBM) Office of the Secretary (F10A01.01) may not be expended until DHS, DoIT, and DBM, jointly submit a report with a full accounting by fund source of the MD THINK project’s funding, funding cancellations, and expenditures for each year of the project’s existence. The report should also include fiscal 2022 cost estimates by fund source. To the extent possible, the data shall be provided both in total, and by component system. The report should include affirmation from the secretaries of DHS, DoIT, and DBM that the submitted cost estimates are the most updated and accurate reflection of project costs, informed by all available data on the project’s expenditures. The report shall be submitted by July 1, 2021, and the budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if a report is not submitted.

SECTION 39. AND BE IT FURTHER ENACTED, That $500,000 of the special fund appropriation in the Maryland Port Administration (MPA) and $500,000 of the special fund appropriation in the Maryland Aviation Administration may not be expended for Maryland Transportation Authority (MDTA) police reimbursement until MDTA submits a report that allays concerns about future fiscal stress resulting from reduced revenues, engaging in multiple major capital projects, and continuing to fund non–MDTA projects. Based on the current Consolidated Transportation Program and other known planned project costs, the report should specifically forecast bond issuance until 2031, projected total debt held through 2031, and projected toll increases through fiscal 2031. To the extent that the forecasted data provided in the report breaches or comes near to violating coverage ratios and other administrative fiscal policies, MDTA should discuss mechanisms for alleviating
that fiscal stress. The report shall be submitted by November 15, 2021, and the budget committees shall have 45 days from the date of the receipt of the report to review and comment. Funds restricted pending receipt of this report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted.

SECTION 40. Federal Fund Appropriation, provided that it is the intent of the General Assembly that the Maryland Department of Health (MDH) and all agencies involved in the statewide COVID–19 vaccine distribution allocate resources and vaccines across all partners and vaccine sites in an equitable manner that ensures that the vaccine allocation by jurisdiction accounts for the disproportionate impact of the COVID–19 pandemic on underserved and minority communities and that vaccines distributed to jurisdictions with high rates of
COVID–19 infections and deaths are prioritized for residents of those jurisdictions.

Further provided that in ensuring equitable vaccine distribution, MDH shall collaborate with, and provide funding to, trusted community–based organizations with a history of working in zip codes in Maryland that have had the highest levels of COVID–19 infection rates in order to inform individuals in those zip codes where to access vaccinations and how to navigate the registration process, to educate individuals about the safety and efficacy of available vaccines, and to ensure that the State is using culturally proficient content and messaging across all of its communications platforms.

Further provided that the COVID–19 vaccine distribution strategy adopted by MDH shall ensure vaccination accessibility for Maryland residents who are unable to travel to vaccination clinics and sites, who face difficulty navigating the decentralized system for booking vaccination appointments online and by telephone, and who show vaccine hesitancy for any reason.

Further provided that $100,000 of this appropriation may not be expended until MDH submits a report to the budget committees on the State’s COVID–19 vaccine distribution efforts, including:

1. the number of vaccine doses administered by race and ethnicity by jurisdiction;

2. the number of vaccine doses administered at each mass vaccination site by the individuals’ county of residence;

3. an update on how the Johnson and
Johnson vaccine supply is being allocated and prioritized and the number of Johnson and Johnson vaccines administered by race and ethnicity by jurisdiction;

(4) an update on the vulnerable communities that have been identified by the Vaccine Equity Task Force (VETF) and how this identification has impacted allocations of vaccines, vaccine sites, and staffing;

(5) the number and names of community partners that VETF has approved for onsite vaccination clinics by jurisdiction and the source of vaccine supply for these partners;

(6) the number of onsite vaccination clinics approved by jurisdiction and the number of onsite vaccination clinics implemented as of April 1, 2021, by jurisdiction;

(7) an update on how many vaccine appointments have been made through text–based outreach and the COVID–19 vaccination support call center;

(8) the funding that has been provided to community partners by jurisdiction to assist outreach in those zip codes with the greatest prevalence of COVID–19 infections; and

(9) information on the culturally proficient communication tools and materials being utilized by the department to perform outreach on vaccination availability.
This report shall be submitted by April 15, 2021. The budget committees shall have 45 days following the receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled if the report is not submitted to the budget committees.
