This bill requires the Baltimore County Board of Education to employ legal counsel to serve as legal advisor to the board. The legal counsel serves at the pleasure of the school board. The bill also requires the school board to employ a chief budget analyst (who also serves at the pleasure of the school board). The chief budget analyst must review the school board’s proposed budget and either approve the budget or return it to the board with suggested changes. The chief budget analyst must also ensure that education spending is in accordance with the board’s budget. The school board is prohibited from submitting its budget to the Baltimore County Council until it has been approved by the chief budget analyst. **The bill takes effect July 1, 2021.**

**Fiscal Summary**

**State Effect:** None.

**Local Effect:** Baltimore County Public School System (BCPS) expenditures increase by $215,200 in FY 2022 and by $238,700 in FY 2026 to fill the required positions. Revenues are not affected. **The bill imposes a mandate on a unit of local government.**

**Small Business Effect:** None.

**Analysis**

**Current Law:**

*Retention of Counsel*

Generally, each county board may (1) retain counsel to represent it in legal matters that affect the board and (2) contract for the payment of a reasonable fee to the counsel. Funds
for these fees must be included in the annual budget. The Baltimore County Board of Education may retain counsel to represent it in legal matters that involve disputes with the Baltimore County government.

Submission of Annual Budget

The county school superintendent must (1) take the initiative in the preparation and presentation of the annual school budget and (2) seek in every way to secure adequate funds from local authorities for the support and development of the public schools in the county.

Each county board must submit an annual school budget in writing to the county commissioners, county council, or county executive. The budget must be submitted at least 45 days before the date for levying local taxes (or on an earlier date on or after March 1 as may be requested by the county fiscal authority).

Local Expenditures: BCPS expenditures increase by $215,200 in fiscal 2022 and by $238,700 in fiscal 2026 to fill the required positions. Exhibit 1 shows the additional expenditures under the bill between fiscal 2022 and 2026.

Source: Baltimore County Public School System; Department of Legislative Services

BCPS has previously advised that the board employs a contractual legal counsel who has expertise in education-related legal matters. However, assuming BCPS hires a permanent legal counsel, expenditures increase by $133,924 for that purpose in fiscal 2022. This analysis assumes that the contractual counsel is no longer needed; therefore, those costs are assumed to no longer be incurred under the bill.

Additional Comments: The bill requires the chief budget analyst to review the school board’s proposed budget and either approve the budget or return the budget to the board with suggested changes. In addition, the bill prohibits the board from submitting its budget
to the Baltimore County Council unless it has been approved by the chief budget analyst. In the event that the school board and the chief budget analyst are unable to reach an agreement on the proposed budget, it is unclear how the annual budget would be submitted to the county council. The bill specifies that the chief budget analyst serves at the pleasure of the board; therefore, it is possible that the school board may replace the chief budget analyst if an impasse were to occur. Furthermore, it is unclear what role the school superintendent would have in developing the annual school budget under the provisions of the bill.

### Additional Information

**Prior Introductions:** HB 1373 of 2020 was referred to the House Ways and Means Committee but was withdrawn prior to receiving a hearing.

**Designated Cross File:** None.
