(1) persons and families in many areas in Cecil County, including areas that contain presently stable neighborhoods and middle class residential housing, are unable to purchase, rehabilitate, and maintain decent, safe, and sanitary housing that provides an opportunity for home ownership either directly or through a condominium or cooperative form of ownership due to continuing increases in the cost of construction and rehabilitation, county taxes, heating and electricity expenses, maintenance and repair expenses, inflation, the cost of land, the cost of energy conservation measures, and the levels of borrowing costs;

(2) the inability of families to purchase and maintain housing in the county results in:

- (i) the decline of new housing;
- (ii) the decay of existing housing and neighborhoods; and
- (iii) increases in costs for welfare, police, and fire protection;

(i) aid the clearance, replanning, development, and redevelopment of blighted areas;

(ii) alleviate the critical shortage of adequate housing; and

(iii) greatly enhance the ability of the county to preserve and utilize existing housing and neighborhoods;

(10) a major cause of the housing crisis is the lack of affordable loans so that persons and families can own and maintain decent, safe, and sanitary housing;

(11) an additional major cause of the housing crisis is the lack of money available to finance housing by the private mortgage lending institutions of the State, frustrating the maintenance, sale, and purchase of existing housing in the county;

(12) the powers authorized under this subtitle and the expenditure of public money necessary and appropriate to carry out a program are a valid public purpose; and

(13) the enactment of this subtitle is in the public interest.
