6 Preamble

7 WHEREAS, The Washington Suburban Sanitary Commission (the “Commission”) is  
8 authorized under §§ 17–403 and 17–404 of the Public Utilities Article to adopt regulations  
9 for the construction, operation, maintenance, renovation, and repair of the Commission’s  
10 water system and sanitary sewer system and the installation of fuel gas piping, appliances,  
11 appurtenances, and connections from the point of service supplying any premises in its  
12 sanitary district; and

13 WHEREAS, In accordance with § 24–106 of the Public Utilities Article, the  
14 Commission issues plumbing and gasfitter licenses to regulate plumbing and fuel gas work  
15 performed in the Washington Suburban Sanitary District; and

16 WHEREAS, In accordance with its regulatory authority, the Commission has  
17 adopted a Plumbing and Fuel Gas Code (“Code”) establishing requirements and standards  
18 for plumbing and fuel gas work; and

19 WHEREAS, The Commission is authorized by the Code to deny, suspend, or revoke  
20 a plumbing or gasfitter license for violations of its regulations governing plumbing and gas  
21 fitting; and

22 WHEREAS, In accordance with § 29–101 of the Public Utilities Article, the  
23 Commission is further authorized to impose fines and penalties against licensees for  
24 violations of plumbing and gas fitting regulations; and

25 WHEREAS, Section 29–101 of the Public Utilities Article establishes a progressive  
26 fine structure for violations of the Commission’s regulations, with a minimum penalty of  
27 \$250 for the first violation and a maximum penalty of \$1,000 for the fourth or subsequent  
28 violation; and

29 WHEREAS, The progressive fine structure established by § 29–101 of the Public  
30 Utilities Article is not an adequate penalty to deter violations of the Commission’s  
31 regulations governing plumbing and fuel gas work; and

32 WHEREAS, The State Board of Plumbing is a regulatory body charged with similar  
33 authority to issue licenses for plumbing and fuel gas work performed in the State, except  
34 for in Baltimore County or in areas under the jurisdiction of the Commission; and

35 WHEREAS, The State Board of Plumbing is authorized to impose fines and penalties  
36 against its licensees for violations of its regulations, including suspension or revocation of  
37 a license and a penalty not exceeding \$5,000 for each violation, in accordance with §

1 12–312 of the Business Occupations and Professions Article; and

2 WHEREAS, The Commission seeks parity with the State Board of Plumbing in its  
3 authority to impose a fine up to \$5,000 for certain violations committed by its licensees;  
4 and

5 WHEREAS, An expansion of the Commission’s authority to impose fines and  
6 penalties for violations of its regulations governing plumbing and fuel gas work will  
7 encourage stricter compliance by its licensees and promote public safety by protecting  
8 against hazards to life, health, property, or to the Commission’s systems which could result  
9 from a licensee’s failure to adhere to the Commission’s regulations governing plumbing and  
10 fuel gas work; now, therefore,
