## CHAPTER \_\_\_\_\_

1 AN ACT concerning

2 **Elderly Individuals – Howard County and Montgomery County Adult Day**  
3 **Health Care Services Pilot Program and Task Force**

4 FOR the purpose of establishing the Howard County and Montgomery County Adult Day  
5 Health Care Services Pilot Program in Howard County and Montgomery County to  
6 integrate the provision of medical adult day care services, home health care services,  
7 and medical services provided under the Maryland Medical Assistance Program;  
8 authorizing Howard County and Montgomery County to jointly authorize the  
9 operation of one or more integrator entities to coordinate services provided under the  
10 pilot program; establishing the Task Force on the Howard County and Montgomery  
11 County Adult Day Health Care Services Pilot Program; and generally relating to the  
12 Howard County and Montgomery County Adult Day Health Care Services Pilot  
13 Program and Task Force.

1 Section 14–2A–01 through 14–2A–03 to be under the new subtitle “Subtitle 2A.  
2 Howard County and Montgomery County Adult Day Health Care Services  
3 Pilot Program and Task Force”  
4 Annotated Code of Maryland  
5 (2019 Replacement Volume and 2021 Supplement)

6 Preamble

7 WHEREAS, Demographic changes in the State have increased the need to identify,  
8 deliver, and manage health care in cost–effective ways; and

9 WHEREAS, Medical adult day care is a structured group program that provides  
10 health, social, and related support services to functionally disabled adults; and

11 WHEREAS, Medical adult day care programs are provided to individuals who may  
12 also access home health care and medical services programs; and

13 WHEREAS, The delivery of medical adult day care, home health care, and medical  
14 care is fragmented and uncoordinated; and

15 WHEREAS, A majority of the cost of reimbursing these services is borne by the  
16 Maryland Medical Assistance Program, including services provided by managed care  
17 organizations; and

18 WHEREAS, Over the last decade the number of individuals aged 65 and older has  
19 grown by 33% in the State, creating an increased demand to meet the unique care needs of  
20 this population; and

21 WHEREAS, In surveys of seniors, 90% of the respondents have indicated a desire to  
22 age in their homes (“age in place”); and

23 WHEREAS, There is an increasing focus on addressing social determinants of health  
24 as studies have shown that 80% of an individual’s overall health is tied to nonmedical  
25 factors and that social isolation and loneliness impact 43% of seniors; and

26 WHEREAS, An integrated and flexible hybrid model for medical adult day care,  
27 home health care, and medical care would allow for active and ongoing assessment of the  
28 health needs of the senior population using these services and maintain engagement by  
29 individuals in their own health care needs; and

30 WHEREAS, Improved continuity of care would enable seniors to stay in their homes  
31 and in the community and defer higher levels of care, keeping them out of nursing homes  
32 and other acute care settings; now, therefore,

33 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,  
34 That the Laws of Maryland read as follows:

**Article – Health – General**
