A BILL ENTITLED

AN ACT concerning

Chesapeake Bay Restoration Fund – Authorized Uses
(Chesapeake Bay Restoration Fund Lockbox Act of 2022)

FOR the purpose of restricting the use of the Chesapeake Bay Restoration Fund to certain purposes directly related to addressing pollution from wastewater treatment facilities, on-site sewage disposal systems, sewer systems, and stormwater management systems; repealing provisions of law requiring certain amounts to be transferred from the Chesapeake Bay Restoration Fund to the Clean Water Commerce Account, the Chesapeake Bay Trust, the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, and the Department of Agriculture; redesignating the Clean Water Commerce Account as a special, nonlapsing fund called the Clean Water Commerce Fund; and generally relating to the Chesapeake Bay Restoration Fund.

Section 8–1911(e)
Annotated Code of Maryland
(2012 Replacement Volume and 2021 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Agriculture

8–706.

(a) To maximize participation in the Conservation Reserve Enhancement Program, in fiscal years 2023 through 2031, inclusive, a landowner who enrolls land planted with a forested streamside buffer shall receive a one-time signing bonus of up to $1,000 per acre of land enrolled.

(b) Signing bonuses provided under this section shall be funded with:

(1) Money appropriated under subsection (c) of this section; and

(2) The amount specified in § 9–1605.2(i)(11)(i) of the Environment Article.

(c) (1) For fiscal years 2024 through 2031, in each year the Governor shall appropriate $2,500,000 in the annual State budget to fund tree planting under this section and other tree planting programs on agricultural land.

(2) Money appropriated under this subsection is supplemental to and may not take the place of funding that would otherwise be appropriated for tree plantings under this section and other tree planting programs on agricultural land.

Article – Environment

9–1605.2.

(a) (1) There is a Bay Restoration Fund.

(2) It is the intent of the General Assembly that the Bay Restoration Fund be:

(i) Used, in part, to provide the funding necessary to upgrade any of the wastewater treatment facilities that are located in the State or used by citizens of the State in order to achieve enhanced nutrient removal where it is cost–effective to do so; [and]
(ii) Available for treatment facilities discharging into the Atlantic Coastal Bays or other waters of the State, but that priority be given to treatment facilities discharging into the Chesapeake Bay; AND

(III) **USED ONLY FOR PURPOSES DIRECTLY RELATED TO ADDRESSING POLLUTION FROM WASTEWATER TREATMENT FACILITIES, ON–SITE SEWAGE DISPOSAL SYSTEMS, SEWER SYSTEMS, AND STORMWATER MANAGEMENT SYSTEMS.**

(3) The Bay Restoration Fund shall be maintained and administered by the Administration in accordance with the provisions of this section and any rules or program directives as the Secretary or the Board may prescribe.

(4) There is established a Bay Restoration Fee to be paid by any user of a wastewater facility, an on–site sewage disposal system, or a holding tank that:

(i) Is located in the State; or

(ii) Serves a Maryland user and is eligible for funding under this subtitle.

(i) (1) (i) In this subsection the following words have the meanings indicated.

(ii) “Eligible costs” means the additional costs that would be attributable to upgrading a wastewater facility to enhanced nutrient removal, as determined by the Department.

(iii) “Privately owned wastewater facility” means a wastewater facility that is owned by a private entity.

(iv) “Publicly owned wastewater facility” means a wastewater facility that is owned by this State or a political subdivision, municipal corporation, or other public entity.

(2) Funds in the Bay Restoration Fund shall be used only:

(i) 1. To award grants for up to 100% of eligible costs of projects relating to planning, design, construction, and upgrade of a publicly owned wastewater facility for flows up to the design capacity of the wastewater facility, as approved by the Department, to achieve enhanced nutrient removal in accordance with paragraph (3) of this subsection; and

2. To award grants for up to 50% of eligible costs of projects relating to planning, design, construction, and upgrade of a privately owned wastewater
facility for flows up to the design capacity of the wastewater facility, as approved by the
Department, to achieve enhanced nutrient removal in accordance with paragraph (3) of this
subsection;

(ii) In fiscal years 2016 and thereafter, for up to 87.5% of the total
cost of projects, as approved by the Department, relating to combined sewer overflows
abatement, rehabilitation of existing sewers, and upgrading conveyance systems, including
pumping stations;

(iii) In fiscal years 2010 and thereafter, for a portion of the operation
and maintenance costs related to the enhanced nutrient removal technology, which may
not exceed 10% of the total restoration fee collected from users of wastewater facilities
under this section by the Comptroller annually;

(iv) In fiscal years 2018 and thereafter, after payment of outstanding
bonds and the allocation of funds to other required uses of the Bay Restoration Fund for
funding in the following order of priority:

1. For funding the eligible costs to upgrade a wastewater
facility to enhanced nutrient removal at wastewater facilities with a design capacity of
500,000 gallons or more per day;

2. For funding the eligible costs of the most cost–effective
enhanced nutrient removal upgrades at wastewater facilities with a design capacity of less
than 500,000 gallons per day; and

3. As determined by the Department and based on water
quality, climate resiliency, flood control, and public health benefits, for the following:

A. For costs identified under item (ii) of this paragraph;

B. For costs identified under subsection (h)(2)(i)1 of this
section; and

C. With respect to a local government that has enacted and
implemented a system of charges to fully fund the implementation of a stormwater
management program, for grants to the local government for a portion of the costs of the
most cost–effective and efficient stormwater control measures, including stormwater
measures relating to water quality, climate resiliency, or flood control, as determined and
approved by the Department, from the restoration fees collected annually by the
Comptroller from users of wastewater facilities under this section;

(v) As a source of revenue or security for the payment of principal
and interest on bonds issued by the Administration if the proceeds of the sale of the bonds
will be deposited in the Bay Restoration Fund;

(vi) To earn interest on Bay Restoration Fund accounts;
(vii) For the reasonable costs of administering the Bay Restoration Fund, which may not exceed 1.5% of the total restoration fees imposed on users of wastewater facilities that are collected by the Comptroller annually;

(viii) For the reasonable administrative costs incurred by a local government or a billing authority for a water or wastewater facility collecting the restoration fees, in an amount not to exceed 5% of the total restoration fees collected by that local government or billing authority;

(ix) For future upgrades of wastewater facilities to achieve additional nutrient removal or water quality improvement, in accordance with paragraphs (6) and (7) of this subsection;

(x) For costs associated with the issuance of bonds;

(xi) Subject to the allocation of funds and the conditions under subsection (h) of this section, for projects related to the removal of nitrogen from on-site sewage disposal systems and cover crop activities; AND

(xii) For costs associated with the implementation of alternate compliance plans authorized in § 4–202.1(k)(3) of this article;

(xiii) After funding any eligible costs identified under item (iv)1 and 2 of this paragraph, for transfers to the Clean Water Commerce Account in accordance with paragraph (3) of this subsection; and

(xiv) After funding any eligible costs identified under item (iv)1 and 2 of this paragraph, for the transfers required under paragraph (11) of this subsection.

[(3) In fiscal year 2022 and each fiscal year thereafter, the Department shall transfer $20,000,000 from the Bay Restoration Fund to the Clean Water Commerce Account established under § 9–1605.4 of this subtitle, to be used for the purposes specified in § 9–1605.4 of this subtitle.]

[(4) (3)] The grant agreement and State discharge permit, if applicable, shall require an owner of a wastewater facility to operate the enhanced nutrient removal facility in a manner that optimizes the nutrient removal capability of the facility in order to achieve enhanced nutrient removal performance levels.

[(5) (4)] The grant agreement shall require a grantee to demonstrate, to the satisfaction of the Department, that steps were taken to include small business enterprises, minority business enterprises, and women’s business enterprises by:

(i) Placing qualified small business enterprises, minority business enterprises, and women’s business enterprises on solicitation lists;
(ii) Assuring that small business enterprises, minority business enterprises, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation of small business enterprises, minority business enterprises, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, that encourage participation by small business enterprises, minority business enterprises, and women’s business enterprises; and

(v) Using the services and assistance of the Maryland Department of Transportation and the Governor’s Office of Small, Minority, and Women Business Affairs in identifying and soliciting small business enterprises, minority business enterprises, and women’s business enterprises.

[(6) (5)] If the steps required under paragraph [(5)] (4) of this subsection are not demonstrated to the satisfaction of the Department, the Department may withhold financial assistance for the project.

[(7) (6)] (i) All wastewater facilities serving Maryland users that have contributed to the Bay Restoration Fund are eligible for grants under this section, including the Blue Plains Wastewater Treatment Plant in the District of Columbia.

(ii) Grants issued under paragraph (2)(i) of this subsection for upgrades to the Blue Plains Wastewater Treatment Plant may be awarded only if each party to the Blue Plains Intermunicipal Agreement of 1985 contributes a proportional share of the upgrade costs in accordance with the Blue Plains Intermunicipal Agreement of 1985, as revised and updated.

[(8) (7)] Priority for funding an upgrade of a wastewater facility shall be given to enhanced nutrient removal upgrades at wastewater facilities with a design capacity of 500,000 gallons or more per day.

[(9) (8)] (i) The eligibility and priority ranking of a project shall be determined by the Department based on criteria established in regulations adopted by the Department, in accordance with subsection (l) of this section.

(ii) The criteria adopted by the Department shall include, as appropriate, consideration of:

1. The cost–effectiveness in providing water quality benefit;

2. The water quality benefit to a body of water identified by the Department as impaired under Section 303(d) of the Clean Water Act;
3. The readiness of a wastewater facility to proceed to construction; and

4. The nitrogen and phosphorus loads discharged by a wastewater facility.

[(10)] (9) A wastewater facility that has not been offered or has not received funds from the Department under this section or from any other fund in the Department may not be required to upgrade to enhanced nutrient removal levels, except as otherwise required under federal or State law.

[(11) (i)] In fiscal year 2023 the Department shall transfer from the Bay Restoration Fund:

1. $10,000,000 to the Chesapeake Bay Trust for the Urban Trees Program established under § 8–1911 of the Natural Resources Article;

2. $2,500,000 to the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund in the Department of Natural Resources, to be used, subject to the requirements of subparagraph (ii) of this paragraph, for tree planting on public and private land; and

3. $2,500,000 to the Maryland Department of Agriculture to fund tree plantings under the Conservation Reserve Enhancement Program in accordance with § 8–706 of the Agriculture Article and other tree–planting programs on agricultural land.

(ii) Funds transferred to the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund under subparagraph (i)2 of this paragraph:

1. May be distributed in accordance with § 8–2A–04(c)(2) of the Natural Resources Article;

2. May be used to cover the costs of:

A. Site preparation, labor, and materials for tree–planting projects;

B. Maintaining trees following a tree–planting project; and

C. Landowner incentive payments or signing bonuses of up to $1,000 per acre of trees planted;

3. May not be used to plant trees intended for timber harvest; and
4. May be used only for tree plantings on private land if the landowner enters into a binding legal agreement to maintain the planted area in tree cover for at least 15 years.

(iii) Funds transferred from the Bay Restoration Fund under this paragraph are supplemental to and may not take the place of funding that otherwise would be appropriated for the programs and initiatives specified in subparagraph (i) of this paragraph.

9–1605.4.

(a) (1) In this section the following words have the meanings indicated.

(2) “Account” means the Clean Water Commerce Account.

(3) “Aggregator” means a person that facilitates or coordinates the establishment of practices or projects that:

(i) Are implemented by the person or by others;

(ii) Produce a quantifiable environmental outcome;

(iii) Are registered by the person; and

(iv) Are made available for purchase by the Department under this section.

[(4) (3) (i) “Agricultural practice” means a best management practice that is:

1. Approved by the Chesapeake Bay Program Partnership; and

2. Implemented on land or water that is used for the production or processing of an agricultural crop.

(ii) “Agricultural practice” includes agricultural, horticultural, silvicultural, and aquacultural operations.

(5) “Chesapeake Bay TMDL” means the total maximum daily load approved by the U.S. Environmental Protection Agency under the Clean Water Act for the Chesapeake Bay.

[(6) (5) “Environmental outcome” means nitrogen load reductions that can be directly measured or modeled using the Chesapeake Bay Program Models.
(6) “Fund” means the Clean Water Commerce Fund.

(7) (i) “Nonagricultural landscape restoration project” means a project that:

1. Is installed on nonagricultural lands;
2. Has an intended lifespan of at least 10 years; and
3. Provides environmental outcomes.

(ii) “Nonagricultural landscape restoration project” includes a project that returns land to native or natural land cover, such as afforestation or reforestation projects.

(8) “Quantification plan” means a plan approved by the Department that describes:

(i) The method that will be used to measure or model environmental outcomes;
(ii) The required compliance monitoring that will occur to ensure that the proposed actions were taken;
(iii) Any verification steps that may be carried out by the Department or the owner of a project or practice to confirm environmental outcomes; and
(iv) The timeline for proposed payments under a contract with the Department.

(b) (1) There is a Clean Water Commerce [Account] FUND.

(2) The Fund is a special, nonlapsing fund that is not subject to § 7–302 of the State Finance and Procurement Article.

(3) The State Treasurer shall hold the Fund separately, and the Comptroller shall account for the Fund.

(c) The purpose of the [Account] FUND is to purchase environmental outcomes in support of the State’s efforts to achieve the Chesapeake Bay TMDL.

(d) The Secretary shall administer the [Account] FUND.

(e) The [Account] FUND consists of:
(1) Revenue transferred to the Account under § 9–1605.2(i)(2)(xiii) of this subtitle; and

(2) Any other money from any other sources accepted for the benefit of the Account FUND.

(f) (1) Subject to the provisions of this subsection, the Account FUND may be used only for the purchase of cost-effective environmental outcomes that:

(i) Support the State’s efforts to achieve the Chesapeake Bay TMDL; and

(ii) Have an expected life of at least 10 years.

(g) Expenditures from the Account FUND may be made only in accordance with the State budget.

(h) The Department may establish subaccounts within the Account FUND to carry out the purposes of this section.

(q) (2) (i) An environmental outcome that is funded entirely with public funds is not eligible to be purchased with funds from the Account FUND.

(ii) If an environmental outcome is partially funded with public funds and is verified under subsection (l) of this section, funds from the Account FUND may be used to purchase the remaining portion of the environmental outcome that is not funded with public funds.

(r) [In conjunction with the report required under § 9–1605.2(j)(6) of this subtitle, on] ON or before December 31 each year, the [Bay Restoration Fund Advisory Committee] DEPARTMENT shall report, in accordance with § 2–1257 of the State Government Article, to the Senate Education, Health, and Environmental Affairs Committee and the House Environment and Transportation Committee on:

(1) The total amount expended and encumbered under this section:

(i) During the immediately preceding fiscal year; and

(ii) Since July 1, 2022;

(2) The amount and type of environmental outcomes purchased under this section and the types of projects or practices that produced those outcomes, including information on:

(i) The cost per unit of nitrogen reduced or removed; and
The relative contribution of each environmental outcome toward closing any gaps in achieving the nutrient and sediment targets of the Chesapeake Bay TMDL;

(3) The type and value of any co–benefits provided by projects or practices funded under this section; **AND**

(4) The cost–effectiveness of environmental outcomes purchased under this section as compared with other approaches to reducing nitrogen; and

(5) For fiscal year 2025 only, any amendments to this section necessary to reflect historic and projected demand for funding from the Account and the Bay Restoration Fund, including an assessment and recommendation on possible changes to the percentages specified under subsection (f) of this section].

**Article – Natural Resources**

8–1911.

(b) There is an Urban Trees Program administered by the Trust.

(e) (1) The Program shall be funded with:

(i) The amount specified in § 9–1605.2(i)(11)(i) of the Environment Article] **SUBSECTION (H) OF THIS SECTION**; and

(ii) Any additional funds that may be allocated by the Trust through its annual budget process.

(2) The Trust shall seek federal funds and grants and donations from private sources to be made to the Trust for the purpose of the Program.

(h) (1) For fiscal years 2024 through 2031, in each year the Governor shall include in the annual State budget an appropriation of $10,000,000 for the Program.

(2) Money appropriated under this subsection is supplemental to and may not take the place of funding that otherwise would be appropriated for the Program.

**SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 2022.**
