## A BILL ENTITLED

1 AN ACT concerning

2 **Workgroup on Screening Related to Adverse Childhood Experiences**

3 FOR the purpose of establishing the Workgroup on Screening Related to Adverse Childhood  
4 Experiences; requiring the Workgroup to take certain actions regarding screenings  
5 related to adverse childhood experiences, including updating, improving, and  
6 developing screening tools for use by primary care providers, studying actions that  
7 primary care providers should take after screening a minor, developing a Youth Risk  
8 Behavior Survey template, and making and developing recommendations for  
9 improving the Youth Risk Behavior and the Youth Tobacco surveys and the surveys'  
10 data and trends report; and generally relating to the Workgroup on Screening  
11 Related to Adverse Childhood Experiences.

12 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,

13 That:

14 (a) There is a Workgroup on Screening Related to Adverse Childhood  
15 Experiences.

16 (b) The Workgroup consists of the following members:

17 (1) the State Superintendent of Schools, or the State Superintendent's  
18 designee;

19 (2) the Secretary of Health, or the Secretary's designee;

20 (3) the Director of the Maryland Department of Health's Office of  
21 Population Health Improvement, or the Director's designee;

22 (4) the Executive Director of the Maryland State Council on Child Abuse  
23 and Neglect, or the Executive Director's designee;

---

EXPLANATION: CAPITALS INDICATE MATTER ADDED TO EXISTING LAW.

[Brackets] indicate matter deleted from existing law.

- 1           (5)    the following members, appointed by the Secretary of Health:
- 2                   (i)     one mental health expert;
- 3                   (ii)    one managed care plan expert;
- 4                   (iii)  one behavioral health expert;
- 5                   (iv)   one child welfare expert;
- 6                   (v)     one primary care provider who performs physical examinations  
7 on children entering school for the first time;
- 8                   (vi)   the coordinator and epidemiologist charged with administering  
9 Maryland’s Youth Risk Behavior Survey under § 7–420 of the Education Article and the  
10 Youth Tobacco Survey, as defined in § 13–1001 of the Health – General Article;
- 11                  (vii)  one representative from the Behavioral Health Administration  
12 with expertise in adverse childhood experiences and positive childhood experiences;
- 13                  (viii) two members of the research community with expertise in  
14 adverse childhood experiences and positive childhood experiences;
- 15                  (ix)    one coordinator of a local adverse childhood experiences  
16 initiative in the State;
- 17                  (x)     one director of a local management board in the State with  
18 expertise in adverse childhood experiences and positive childhood experiences;
- 19                  (xi)    one director of a county parks and recreation department or a  
20 similar department in the State;
- 21                  (xii)  one director of children’s services for a county library system in  
22 the State;
- 23                  (xiii) one individual with expertise in public health communications  
24 and marketing on issues and policies related to children’s well-being; and
- 25                  (xiv)  one representative of the State Domestic Violence Coalition;
- 26           (6)    the following members, appointed by the State Superintendent of  
27 Schools:
- 28                   (i)     one parent of a child in a public primary or secondary school;
- 29                   (ii)    in consultation with the Public School Superintendents’  
30 Association of Maryland or the Maryland Association of Elementary School Principals, one

1 local superintendent or principal implementing efforts to have the superintendent's school  
2 system or principal's school become trauma-informed;

3 (iii) one parent of a public middle school or high school student in the  
4 State:

5 1. interested in and knowledgeable about the impact of  
6 adverse childhood experiences and positive childhood experiences; and

7 2. active in the student's local public school;

8 (iv) in consultation with the Maryland Association of School Health  
9 Nurses, one school nurse in a local school system in the State with expertise in adverse  
10 childhood experiences and positive childhood experiences research; and

11 (v) one local school system coordinator of mental health services or  
12 student support services;

13 (7) one representative of the Maryland School Psychologists' Association,  
14 designated by the President of the Association; and

15 (8) one representative of the Maryland Psychological Association,  
16 designated by the President of the Association.

17 (c) The Workgroup shall elect the chair of the Workgroup by a majority vote at  
18 the first meeting.

19 (d) The Maryland Department of Health shall provide staff for the Workgroup.

20 (e) A member of the Workgroup:

21 (1) may not receive compensation as a member of the Workgroup; but

22 (2) is entitled to reimbursement for expenses under the Standard State  
23 Travel Regulations, as provided in the State budget.

24 (f) On or before October 1, 2023, the Workgroup shall:

25 (1) update, improve, and develop screening tools that primary care  
26 providers can use in a primary care setting to identify and treat minors who have a mental  
27 health disorder that may be caused by or related to an adverse childhood experience;

28 (2) submit the screening tools to the Maryland Department of Health;

29 (3) recommend changes to the physical examination form that the State  
30 Department of Education requires of all new students entering a public school, including  
31 requiring that a physical examination include an assessment of trauma;

1 (4) study and make recommendations on the actions a primary care  
2 provider should take after screening a minor for a mental health disorder that may be  
3 caused by or related to an adverse childhood experience and finding that the minor shows  
4 signs of trauma;

5 (5) study best practices in Youth Risk Behavior Survey data summaries  
6 and trends reports from across the country, including those that report on adverse  
7 childhood experiences and positive childhood experiences;

8 (6) develop a Youth Risk Behavior Survey template for a State- and  
9 county-level data summary and trends report on adverse childhood experiences and  
10 positive childhood experiences to be distributed for use and action by State and local  
11 policymakers, adverse childhood experiences and trauma-informed State and local  
12 initiatives, and philanthropic, business, faith-based, and community-based organizations,  
13 that includes:

14 (i) the prevalence of individual adverse childhood experiences  
15 among the population of middle school and high school students in the State, including  
16 information disaggregated by gender, race, ethnicity, sexual orientation, and county;

17 (ii) the relationship between the number of adverse childhood  
18 experiences and the risk behaviors and negative outcomes in the middle school and high  
19 school student population in the State, including information disaggregated by gender,  
20 race, ethnicity, sexual orientation, and county;

21 (iii) the relationship between individual positive childhood  
22 experiences and risk behaviors and negative outcomes in the middle school and high school  
23 student population in the State, including information disaggregated by gender, race,  
24 ethnicity, sexual orientation, and county;

25 (iv) data trends for the immediately preceding 5 years, to the extent  
26 data is available, in the prevalence of adverse childhood experiences and positive childhood  
27 experiences in the State;

28 (v) the identification and a summary of the best available policies,  
29 programs, and practices that prevent adverse childhood experiences and promote positive  
30 childhood experiences, as determined by available evidence;

31 (vi) effective public health communications, marketing, and  
32 distribution of the Youth Risk Behavior Survey adverse childhood experiences and positive  
33 childhood experiences State- and county-level data summary and trends report; and

34 (vii) any other information and factors that the Workgroup  
35 determines are important for effective reporting, distribution, and action on the data at the  
36 State and local level;

1           (7)     make recommendations for improving the Youth Risk Behavior Survey  
2 and the Youth Tobacco Survey and the surveys' data and trends reports, including:

3                   (i)     whether the surveys should be expanded to reach all students in  
4 middle school and high school;

5                   (ii)    whether the analyses and reporting should be made publicly  
6 available at the zip code, census, or school level; and

7                   (iii)   any other criteria that the Workgroup determines are important  
8 to ensuring the prevention and mitigation of adverse childhood experiences and risk  
9 behaviors and the promotion of positive childhood experiences; and

10           (8)     develop recommendations for unifying and coordinating child- and  
11 family-serving agencies to better link youth and families to needed interventions and  
12 services.

13           (g)     On or before October 1, 2023, the Workgroup shall report its findings and  
14 recommendations to the Governor and, in accordance with § 2-1257 of the State  
15 Government Article, the General Assembly.

16           SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect  
17 October 1, 2022. It shall remain effective for a period of 2 years and, at the end of September  
18 30, 2024, this Act, with no further action required by the General Assembly, shall be  
19 abrogated and of no further force and effect.
