1. “manufacturing corporation” means a domestic or foreign corporation which is primarily engaged in activities that, in accordance with the North American Industrial Classification System (NAICS), United States Manual, United States Office of Management and Budget, 1997 Edition, would be included in Sector 11, 31, 32, or 33; and

2. “manufacturing corporation” does not include a refiner, as defined in § 10–101 of the Business Regulation Article.

(ii) If a manufacturing corporation carries on its trade or business within and outside the State and the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a single sales factor apportionment formula, by multiplying its Maryland modified income by 100% of the sales factor.

(iii) In filing its tax return for each year, a manufacturing corporation shall certify that the NAICS Code reported on its Maryland return is consistent with that reported to other government agencies.

(iv) If the Comptroller determines that a corporation has submitted information that incorrectly classifies the corporation as a manufacturing corporation under subparagraph (i) of this paragraph, the Comptroller shall reclassify the corporation in an appropriate manner.

(2) Except as provided in paragraphs (1) and (3) of this subsection:

(i) for a taxable year beginning after December 31, 2017, but before
January 1, 2019, if the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a 3–factor apportionment fraction:

1. the numerator of which is the sum of the property factor, the payroll factor, and 3 times the sales factor; and
2. the denominator of which is 5;

(ii) for a taxable year beginning after December 31, 2018, but before January 1, 2020, if the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a 3–factor apportionment fraction:

2. the denominator of which is 6;

(iii) for a taxable year beginning after December 31, 2019, but before January 1, 2021, if the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a 3–factor apportionment fraction:

1. the numerator of which is the sum of the property factor, the payroll factor, and 5 times the sales factor; and

(iv) for a taxable year beginning after December 31, 2020, but before January 1, 2022, if the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a 3–factor apportionment fraction:

1. the numerator of which is the sum of the property factor, the payroll factor, and 6 times the sales factor; and
2. the denominator of which is 8; and

(v) for a taxable year beginning after December 31, 2021, if the trade or business is a unitary business, the part of the corporation’s Maryland modified income derived from or reasonably attributable to trade or business carried on in the State shall be determined using a single sales factor apportionment formula, by multiplying its Maryland modified income by 100% of the sales factor.

(3) (i) Each year a worldwide headquartered company that filed a federal corporate income tax return for the taxable year may elect to calculate its Maryland
modified income derived from or reasonably attributable to trade or business carried on in the State using a 3–factor apportionment fraction:

1. the numerator of which is the sum of the property factor, the payroll factor, and twice the sales factor; and

2. the denominator of which is 4.

(ii) To determine under subparagraph (i) of this paragraph the Maryland modified income of a corporation or group of corporations that is a worldwide headquartered company that filed a federal corporate income tax return for the taxable year, gross income from intangible investments, including dividends, interest, royalties, and capital gains from the sale of intangible property, shall be included in the calculation of the numerator based on the average of the property and payroll factors.

(4) The property factor under paragraphs (2) and (3) of this subsection shall include:

(i) rented and owned real property; and

(ii) tangible personal property located in the State and used in the trade or business.

(5) (I) Sales of tangible personal property shall be included in the numerator of the sales factor under paragraph (1), (2), or (3) of this subsection if:

1. the property is delivered or shipped to a purchaser within the State, regardless of the free on board (F.O.B.) point or other conditions of the sale; or

2. the property is shipped from an office, a store, a warehouse, a factory, or any other place of storage in the State and the corporation is not taxable in the state of the purchaser.

(ii) For purposes of subparagraph (i) of this paragraph, a corporation is taxable in a state if:

1. in that state the corporation is subject to a net income tax, franchise tax measured by net income, franchise tax for the privilege of doing business, or corporate stock tax; or

(B) (1) The Comptroller may, by regulation, require that the combined return include the income and associated apportionment factors of entities that are not included in the combined report but that are members of a unitary business in order to reflect proper apportionment of income of the entire unitary business.

(2) If the Comptroller determines that the reported income or loss of a taxpayer engaged in a unitary business with a member not included in the combined group represents an avoidance or evasion of tax, the Comptroller may, on a case-by-case basis, require that all or part of the income and associated apportionment factors of the member be included in the taxpayer’s combined return.

(3) The Comptroller may require:

(I) The exclusion of one or more factors, the inclusion of one or more additional factors, or the employment of any other method that will fairly represent the taxpayer’s business in the state; or
