A BILL ENTITLED

1 AN ACT concerning

2 **Elderly Individuals – Howard County and Montgomery County Adult Day**
3 **Health Care Services Pilot Program and Task Force**

4 FOR the purpose of establishing the Howard County and Montgomery County Adult Day
5 Health Care Services Pilot Program in Howard County and Montgomery County to
6 integrate the provision of medical adult day care services, home health care services,
7 and medical services provided under the Maryland Medical Assistance Program;
8 authorizing Howard County and Montgomery County to jointly authorize the
9 operation of one or more integrator entities to coordinate services provided under the
10 pilot program; establishing the Task Force on the Howard County and Montgomery
11 County Adult Day Health Care Services Pilot Program; and generally relating to the
12 Howard County and Montgomery County Adult Day Health Care Services Pilot
13 Program and Task Force.

14 BY repealing and reenacting, without amendments,
15 Article – Health – General
16 Section 14–201
17 Annotated Code of Maryland
18 (2019 Replacement Volume and 2021 Supplement)

19 BY adding to
20 Article – Health – General
21 Section 14–2A–01 through 14–2A–03 to be under the new subtitle “Subtitle 2A.
22 Howard County and Montgomery County Adult Day Health Care Services
23 Pilot Program and Task Force”
24 Annotated Code of Maryland
25 (2019 Replacement Volume and 2021 Supplement)

26 Preamble

EXPLANATION: CAPITALS INDICATE MATTER ADDED TO EXISTING LAW.

[Brackets] indicate matter deleted from existing law.

1 WHEREAS, Demographic changes in the State have increased the need to identify,
2 deliver, and manage health care in cost-effective ways; and

3 WHEREAS, Medical adult day care is a structured group program that provides
4 health, social, and related support services to functionally disabled adults; and

5 WHEREAS, Medical adult day care programs are provided to individuals who may
6 also access home health care and medical services programs; and

7 WHEREAS, The delivery of medical adult day care, home health care, and medical
8 care is fragmented and uncoordinated; and

9 WHEREAS, A majority of the cost of reimbursing these services is borne by the
10 Maryland Medical Assistance Program, including services provided by managed care
11 organizations; and

12 WHEREAS, Over the last decade the number of individuals aged 65 and older has
13 grown by 33% in the State, creating an increased demand to meet the unique care needs of
14 this population; and

15 WHEREAS, In surveys of seniors, 90% of the respondents have indicated a desire to
16 age in their homes (“age in place”); and

17 WHEREAS, There is an increasing focus on addressing social determinants of health
18 as studies have shown that 80% of an individual’s overall health is tied to nonmedical
19 factors and that social isolation and loneliness impact 43% of seniors; and

20 WHEREAS, An integrated and flexible hybrid model for medical adult day care,
21 home health care, and medical care would allow for active and ongoing assessment of the
22 health needs of the senior population using these services and maintain engagement by
23 individuals in their own health care needs; and

24 WHEREAS, Improved continuity of care would enable seniors to stay in their homes
25 and in the community and defer higher levels of care, keeping them out of nursing homes
26 and other acute care settings; now, therefore,

27 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
28 That the Laws of Maryland read as follows:
