effective rate of reimbursement, including generic effective rates, brand effective rates, direct and indirect remuneration fees, or any other reduction or aggregate reduction of payments.

(C) (1) Except as provided in paragraph (2) of this subsection, a pharmacy benefits manager may not reimburse a pharmacy or pharmacist for a prescription drug or pharmacy service in an amount less than the national average drug acquisition cost for the prescription drug or pharmacy service at the time the drug is administered or dispensed plus 10% of that cost.

(2) If the national average drug acquisition cost is not available at the time a drug is administered or dispensed, a pharmacy benefits manager may not reimburse in an amount that is less than the wholesale acquisition cost of the drug, as defined in 42 U.S.C. § 1395w–3a(c)(6)(B).

(3) The Commissioner may:

(I) require that a pharmacy benefits manager pay a fee, to be determined by the Commissioner, in addition to the reimbursement amount required under this subsection; and

(II) adopt regulations to carry out this subsection that include a process for periodically reviewing and recalculating the reimbursement amount under this subsection.

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 2022.
