11. Description and Purpose of Project (Limit length to visible area)

The Owings Mills HS gymnasium is used to host sporting events for students at the school and various groups associated with Baltimore County Recreation and Parks. Due to the age and disrepair of the current scoreboards, it is extremely difficult to consistently keep accurate scores, time, and statistics during school and community sporting events. New scoreboards would benefit all indoor high school teams as well as the youth and adult groups that utilize the Owings Mills High gymnasium for recreational sporting events throughout the year.
