10. Description and Purpose of Organization (Limit length to visible area)		
The Pikesville High Athletic Boosters, Inc. is an all volunteer non-profit organization. We support our student athletes through the raising of funds and set goals to mirror those of our culturally diverse student body: have pride in our work, honor for yourself, and cultivate success on and off the athletic field.		

11. Description and Purpose of Project (Limit length to visible area)

The purpose of this project is to build a comfort station (consisting of, among other things, concession stand, storage areas, bathrooms, water, sewer, power, data and storm utilities, and other athletic infrastructure improvements) within the stadium at Pikesville High School. Currently, there are no permanent bathrooms (only spot-a-pots) and our concession stand is a dilapidated shed that has rotted flooring, is infested with rodents, and has no running water.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments	
---------------------	--

This is the final stage of our facility upgrades and we are grateful for the past funds that have enabled us to install our turf field. The amount of energy and excitement around the school and the community was unbelievable this Fall. It is truly remarkable what updated facilities can do for a community. We sincerely thank everyone throughout this process.

This past October, we had over 500 people for our homecoming. That has never happened in the school's history! We provided a great home field experience with the new turf and we can only imagine how many more people we can serve with a new comfort station.
