Delegate Brian Crosby		brian.crosby@house.state.md.us			
10. Description and Purpose of Organization (Limit length to visible area)					
The St. Mary's County Library provides library materials, programming, computer and Wi-Fi access, and meeting spaces for residents, currently from three branches: Charlotte Hall, Leonardtown, and Lexington Park. The library's mission is as follows: "We connect people with ideas and information in a diverse community, valuing opportunity and education for all." We are primarily county-funded but receive about 24% from the state Public Library Fund.					

11. Description and Purpose of Project (Limit length to visible area)

St. Marys is a primarily rural county with many pockets of relatively economically challenged residents, not to mention far-flung small communities far from a physical library, senior facilities, day cares, with books to checkout would be beneficial. A mobile library with books, Wi-Fi, computers, and programming is a powerful addition to library service. We will implement the library, hire one FT staff, develop a schedule to visit locations far from our libraries (especially where children reside) or that are economically disadvantaged, day cares, senior facilities, possibly the homebound, and community events.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments				
While the square footage of a mobile library is not large, its potential impact for reaching people who cannot easily come to one of our branches huge.
