10. Description and Purpose of Organization (Limit length to visible area)		
<p>Madison House Autism Foundation (MHAF) was established in 2008 to create awareness of the lifespan challenges faced by autistic adults and their families. MHAF has a national reputation as a leader in identifying and addressing challenges of housing, employment, and services for adults impacted by different abilities. With the 2014 acquisition of Madison Fields farm situated in the Montgomery County Agricultural Reserve, MHAF was able to offer direct services including successful job training, equine therapy, agricultural education to students, adults and their families, and allow the community to enjoy its rural and healing attributes. Our vision is to continue using the farm as a place to address challenges of our participants in our established programming in addition to first responders and frontline healthcare workers in this time of COVID-19 to build resiliency.</p>		

11. Description and Purpose of Project (Limit length to visible area)

We are proposing to build a wooden hip roof style pavilion at our Madison Fields farm. This structure will provide capacity and safe space in serving frontline healthcare workers, essential personnel, first responders, students, church groups, veteran groups, senior groups, community groups and organizations in order to recover, refresh, and renew and build their resiliency to continue to serve our community struggling through this pandemic. The Pavilion supports a novel yet proven approach to enhance well-being and resiliency at our 400-acre farm. This outdoor pavilion would provide a safe and protective environment for larger groups, program participants and staff while still enjoying the pastoral scenery and fresh air. The staff at Madison Fields will design activities, virtually and in-person, to address the greater impact they face due to stress related to the pandemic and establish a place for all to rebuild and reconnect and continue to serve the community.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
