---

**State Board of Plumbing - Sunset Extension**

---

This departmental bill extends the termination date for the State Board of Plumbing within the Maryland Department of Labor (MDL) by 10 years to July 1, 2033.

---

**Fiscal Summary**

**State Effect:** Special fund revenues and expenditures for the board are maintained beyond FY 2023.

**Local Effect:** None.

**Small Business Effect:** MDL has determined that this bill has minimal or no impact on small business (attached). The Department of Legislative Services (DLS) concurs with this assessment.

---

**Analysis**

**Current Law/Background:** The board regulates the plumbing profession to ensure safe installation, maintenance, and repair of water pipes and gas lines in homes and businesses. MDL advises that the board plays an important role in protecting the State's potable water supply from backflow and cross connection contamination. In addition, the board is able to ensure the proper connection of medical gas lines in health care facilities.

The board is 1 of approximately 60 regulatory entities and activities subject to termination unless reauthorized periodically through statute. Under the Maryland Program Evaluation Act, these entities may also be subject to an evaluation by the Office of Program Evaluation

and Government Accountability (OPEGA) within DLS prior to their termination. However, OPEGA may conduct an evaluation only if directed by specified entities or by legislation. The board is scheduled to terminate July 1, 2023; OPEGA was not asked to conduct an evaluation prior to its termination. Accordingly, the board has requested reauthorizing legislation.
