Analysis

Bill Summary: The Baltimore City Board of License Commissioners may issue a marketplace license only to the person that owns or leases the marketplace. The
marketplace may accommodate more than 500 individuals, as determined by the Baltimore City Fire Department.

“Marketplace” means premises that (1) accommodate the public and (2) are made up of at least three food and beverage establishments, at least one of which is licensed to conduct off-premises sales, that opened to the public on or before July 1, 2022, or are expected to open within six months of issuance of the marketplace license under the bill.

**Current Law:** Under § 12-1001.3 of the Alcoholic Beverages Article, similar marketplace licenses are authorized in Baltimore City, in the 40th and 43rd alcoholic beverage districts.

**Local Fiscal Effect:** Assuming that the board issues a marketplace license as authorized under the bill, Baltimore City license revenues may increase $6,600 beginning in fiscal 2023 and $6,000 annually thereafter. This estimate is based upon the $6,000 annual license fee for a marketplace license and a one-time application fee of $600 for a license. Revenue could increase further to the extent that a license holder pays additional annual fees to provide live entertainment and/or outdoor table service.
