Analysis

Current Law: The Healing Hunting and Fishing Fund, administered by the Chesapeake Bay Trust (CBT), has the stated purpose of providing any of the following opportunities for Gold Star recipients, disabled veterans or other veterans who could benefit from the opportunities, disabled members of the U.S. Armed Forces or other members of the U.S. Armed Forces who could benefit from the opportunities, and permanently disabled persons who require the use of a wheelchair: (1) recreational hunting or fishing; (2) recreational water activities; (3) other recreational outdoor activities; (4) therapeutic outdoor activities; or (5) workforce training for green jobs, including outdoor agricultural jobs.

CBT may use the fund to make grants to eligible sponsor organizations to pay capital, operational, or programming costs incurred in providing any of the above-mentioned opportunities. The Department of Natural Resources is required to establish a process through which an individual who purchases an angler's license, a Chesapeake Bay and coastal sport fishing license, or a hunting license and any corresponding stamps – through the department's electronic licensing system – may make a voluntary monetary donation to the fund at the time of purchase.
