Analysis

Current Law: “Motor vehicle rental company” means a person that is in the business of providing motor vehicles to the public under a rental agreement for a period of 180 days or less. A “rental agreement” is a written agreement containing the terms and conditions that govern the use of a rental vehicle provided by a motor vehicle rental company under State law.

The Maryland Vehicle Law governs rental vehicles and details the requirements, rules, and procedures for motor vehicle rental companies operating in the State. For example, a vehicle may only be rented to an individual who holds a legal driver’s license, and the company must keep detailed records about each individual to whom a vehicle is rented. There are no current laws governing the disclosure of spare tires in rental vehicles.
