demonstrate that they have the knowledge, skills, and competencies to successfully teach students from all backgrounds;

(3) An instructional system that is benchmarked to world-class standards and fully aligned from prekindergarten through 12th grade to a college and career readiness standard, including:

(i) A college and career readiness standard set to world-class standards that certifies that by the end of 10th grade, and not later than the end of 12th grade, a student has the requisite literacy in English and mathematics to be successful in first-year, credit-bearing coursework at a Maryland community college or open enrollment postsecondary institution;

(ii) Pathways for students who achieve college and career readiness by the end of 10th grade to choose to pursue:

1. Highly competitive college preparatory programs;

(h) (1) The maintenance of effort requirement in subsection (a) of this section does not apply to a county if the county requests and is granted a waiver from the requirement by the State Board based on:

(i) (1) This subsection applies to a county that requests a waiver under subsection (h)(1)(ii) of this section.

(2) (i) The State Board shall grant a waiver request in the amount that has been agreed on by the county and county board that is attributable to reductions in recurring costs.

(4) When considering whether to grant a county's waiver request under this subsection, the State Board shall consider the following factors:

(ii) Whether a county is at its maximum taxing authority under the law;

(ii) If the State Board grants a rebasing waiver to be implemented over a multiyear period, which may not exceed 3 years, in each year the minimum appropriation of local funds required under this section for the next fiscal year shall be calculated based on the per pupil local appropriation for the current fiscal year approved by the State Board under this subsection.

(7) If the State Board does not grant a waiver under this subsection, the minimum appropriation of local funds required under this section for the next fiscal year shall be calculated based on the per pupil local appropriation for the prior fiscal year in which the county met the maintenance of effort requirement under subsection (a) of this section.

(8) Nothing in this subsection precludes a county from also requesting a waiver from the maintenance of effort requirement under subsection (i) of this section for the same fiscal year as the waiver requested under this subsection.

(k) (1) This subsection applies to a county that requests a waiver under subsection (h)(1)(iv) of this section.

(4) If the State Board grants a waiver under this subsection, the State Board shall determine the number of fiscal years for which the waiver is applicable and the minimum appropriation of local funds required under this section for the fiscal year after the expiration of the waiver.

employee organization may not be raised in any action taken to resolve an impasse under subsection (e) of this section.

(5) (i) If a public school employer and an employee organization dispute whether a proposed topic for negotiation is a mandatory, a permissive, or an illegal topic of bargaining, either party may submit a request for a decision in writing to the Board for final resolution of the dispute.

(ii) A request for a decision shall:

1. Clearly identify each topic of bargaining for which the public school employer or employee organization is requesting a decision; and

2. To resolve disputes under this section, the Board shall develop a balancing test to determine whether the impact of the matter on the school system as a whole outweighs the direct impact on the employees.

(d) The designation of representatives by the employer under this section does not prevent an employee organization from appearing before or making proposals to the public school employer at a public meeting or hearing.

INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL

Article I

Purpose, Findings, and Policy

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

Definitions

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. “Educational personnel” means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. “Designated state official” means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. “Accept,” or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. “State” means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

Interstate Educational Personnel Contracts

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility – Local education agency administrative officials shall have flexibility in waiving course/program prerequisites or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required course work so that graduation may occur on time;

B. Exit exams –

1. States shall accept:

i. Exit or end-of-course exams required for graduation from the sending state;

ii. National norm-referenced achievement tests; or

iii. Alternative testing, in lieu of testing requirements for graduation in the receiving state; and

2. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Article VII, Section C shall apply; and

C. Transfers during senior year – Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this Compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

ARTICLE VIII

STATE COORDINATION

A. Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in and compliance with this Compact and Interstate Commission activities. and stakeholder groups the state council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the state council.

B. 1. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this Compact.

2. In Maryland, the military family education liaison shall be located in the Maryland State Department of Education.

C. The Compact commissioner responsible for the administration and management of the state's participation in the Compact shall be appointed by the Governor in consultation with the State Superintendent of Schools.

D. The Compact commissioner and the military family education liaison designated herein shall be ex officio members of the state council, unless either is already a full voting member of the state council.

Members of the executive committee shall serve a 1-year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the Compact including enforcement and compliance with the provisions of the Compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Department of Defense shall serve as an ex officio, nonvoting member of the executive committee;

4. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests;

5. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the Compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:

All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission;

7. Collect standardized data when possible concerning the educational transition of the children of military families under this Compact as directed through its rules that shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform

to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules; and

8. Create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the Compact or its rules or when issues subject to the jurisdiction of the Compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

D. The Interstate Commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities, provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

1. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

2. The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission

ARTICLE XII

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rulemaking Authority. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force and effect.

B. Rulemaking Procedure. Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 1981, Uniform Laws Annotated, Vol. 15, p.1 (2000), as amended, as may be appropriate to the operations of the Interstate Commission.

C. Judicial Review. Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. Rejection of Rules. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight.

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

D. Suspension or termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

E. The state that has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

F. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or that has been suspended or terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

G. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

H. Dispute Resolution.

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the Compact and that may arise among member states and between member and nonmember states.

2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

I. Enforcement.

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV

FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

B. The Interstate Commission may levy and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff that must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV

MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

A. Any state is eligible to become a member state.

B. The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the Compact into law by that state. The governors of nonmember states or their designees shall be invited

to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the Compact by all states.

C. The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI

WITHDRAWAL AND DISSOLUTION

A. Withdrawal.

1. Once effective, the Compact shall continue in force and remain binding upon each and every member state, provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

2. Withdrawal from this Compact shall be by the enactment of a statute repealing the same, but shall not take effect until 1 year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member jurisdiction.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations the performance of which extend beyond the effective date of withdrawal.

5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

B. Dissolution of Compact.

1. This Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the Compact to one member state.

2. Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force and effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII

SEVERABILITY AND CONSTRUCTION

A. The provisions of this Compact shall be severable and, if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

B. The provisions of this Compact shall be liberally construed to effectuate its purposes.

C. Nothing in this Compact shall be construed to prohibit the applicability of other Interstate Compacts to which the states are members.

ARTICLE XVIII

BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws.

Each department head or chairman or designee shall use judgment in keeping superiors informed of the status of each grievance and, if necessary, request guidance, advisory committees, or other assistance consistent with departmental policy. If either the employee or the department head or chairman or designee feels the need for aid in arriving at a solution, the campus personnel department may be requested to provide resource staff or any other available resource personnel may be invited to participate in further discussions. The addition of such participants does not relieve the department head or chairman or designee and the employee from responsibility for resolving the problem.

(c) Step Two. The appeal shall be submitted to the president of the constituent institution or the president's designated representative within 5 days after the receipt of the written decision at step one. The president or the president's designated representative shall hold a conference with the aggrieved or the employee's designated representative within 10 days of receipt of the written grievance appeal and render a written decision within 15 days after the conclusion of the conference.

(d) Step Three. In the case of any still unresolved grievance between an employee and the constituent institution, the aggrieved employee, after exhausting all available procedures provided by the constituent institution, may submit the grievance to either arbitration or to the Chancellor who may delegate this responsibility to the Office of Administrative Hearings in accordance with Title 10, Subtitle 2 of the State Government Article. In either case, the appeal shall be submitted within 10 days after the receipt of any written decision pertaining to that grievance and issued by the constituent institution. If the grievance is arbitrated, the parties shall select an arbitrator by mutual agreement. If they are unable to reach a mutual agreement, an arbitrator shall be supplied by the American Arbitration Association by their procedures. Any fees resulting from arbitration are assessed by the arbitrator equally between the two parties. The arbitration award is advisory to the Chancellor or administrative law judge, as appropriate, and an additional appeal or hearing may not be considered. The Chancellor or administrative law judge, as appropriate, shall make the final decision that is binding on all parties.

(e) The Chancellor or administrative law judge, as appropriate, shall have the power to award back pay in any grievance and the president of the constituent institution shall enforce such order. In any reclassification case in which the Chancellor or administrative law judge, as appropriate, or his designated representative, determines that an employee has been misclassified, the Chancellor or administrative law judge, as appropriate, may, in his discretion, award back pay to the employee for a period not to exceed one year prior to the initial filing of the grievance.

(f) (1) During any stage of a complaint, grievance, or other administrative or legal action that concerns State employment by a full-time or part-time employee of an institution, or by a temporary or contractual employee of an institution, the employee may not be subjected to coercion, discrimination, interference, reprisal, or restraint by or initiated on behalf of an institution solely as a result of that employee's pursuit of a grievance, complaint, or other administrative or legal action that concerns State employment.

(2) An employee of an institution may not intentionally take or assist in taking an act of coercion, discrimination, interference, reprisal, or restraint against

another employee solely as a result of that employee's pursuit of a grievance, complaint, or other administrative or legal action that concerns State employment.

(3) An employee who violates the provisions of this subsection is subject to disciplinary action, including termination of employment.

§13-204.

A decision may not be made at any step of the grievance procedure that conflicts with or modifies a policy approved by the Board of Regents of the University System of Maryland or with any applicable statute or with any administrative regulation issued under appropriate statutory authority or that otherwise delimits the lawfully delegated authority of University officials unless prior approval has been obtained from the responsible official.

§13-205.

Within 30 days if possible after receipt, the president or the president's designated representative shall investigate the charges and give the employee an opportunity to be heard. Testimony shall be taken under oath and both the department head or chairman or designee and the employee have the right of representation by counsel and the right to present witnesses and give evidence. Within 15 days following the conclusion of the conference, the written decision shall be rendered to the employee. In the case of appeals from charges pending removal, the department head or chairman or designee may request through appropriate channels the Attorney General's representative to the University to serve as counsel. In case no hearing is timely requested, the Campus Director of Personnel shall act upon the charges or order such other actions as are indicated by the findings in the case. If a hearing is timely requested and the removal is upheld, step three of the grievance procedure shall be available to the removed individual. The appeal shall be submitted within 10 days after receipt of the written University decision.

(b) Within 5 days, an employee who is notified of demotion may file a written answer with the president or the president's designated representative and request an investigation of the demotion. Within 20 days, if possible, after receipt, the president or the president's designated representative shall investigate the demotion and give the employee an opportunity to be heard. The appeal shall be submitted within 10 days after receipt of the written University decision. Rejection for cause is not required in the case of an employee rejected on original probation.

(2) Rejection on Promotional, Transfer, or Horizontal Change Probation. Within 5 days of receipt of the recommendation of the department head or chairman to reject, an employee who is promoted and then rejected within the probationary period for the new class and for whom a vacancy in the former class is not available may file an answer with the president or the president's designated representative and request an investigation of the proposed rejection. Within 20 days, if possible, after receipt, the president or the president's designated representative shall investigate the proposed rejection. The same rule applies to an employee who has completed a probationary period in one classification and makes a horizontal change to a new classification, and is rejected in the new classification or who transfers to another department in the same classification and is rejected. Within 15 days following the conclusion of the investigation, the written decision shall be rendered to the employee. If the investigation is timely requested and the rejection is upheld, step three of the grievance procedure is available to the rejected employee. The appeal shall be submitted within 10 days after receipt of the written University decision.

(d) (1) This subsection does not apply to suspensions pending charges for removal.

(2) Alleged infractions shall be investigated by the responsible supervisor or administrator or designee at the earliest opportunity following knowledge of it, and the investigation shall be promptly completed. All suspensions of employees shall be implemented within 3 days of the alleged infraction or knowledge of the alleged infraction by the responsible supervisor or administrator. All suspension days shall be consecutive.

(3) The employee or the employee's designated representative may submit a written appeal on a disciplinary suspension to the president or the president's designated representative within 5 days of notification of the suspension,

or the employee or the employee's designated representative may appeal the suspension within 3 days of notification of the suspension to the department head or chairman or designee. The department head or chairman or designee shall hear the case within 3 days from the receipt of the written appeal. If the appeal is unheard or unanswered as a result of management delay, the employee shall be reinstated with full back pay.

(4) If the suspension is upheld by the president or the president's designated representative, step three of the grievance procedure is available to the employee. If the employee chooses to appeal to the department head or chairman or designee, any further appeals shall proceed through steps two and three of the grievance procedure.

(e) (1) If an employee is suspended without pay pending a hearing on disposition of charges for removal, the president or the president's designated representative shall notify the employee in writing of the reasons for the suspension at the time of the notice of the suspension.

(2) Within 5 working days of the notice of suspension, the employee may request in writing that the president or the president's designated representative, in addition to conducting a hearing on the merits, conduct a preliminary hearing to determine whether or not the employee may continue to work with pay pending the disposition of the charges.

(3) The president or the president's designated representative shall conduct a preliminary hearing within 5 working days after the president or the president's designated representative receives in writing the request from the suspended employee for the preliminary hearing.

§13-205.1.

(a) This section applies only to a regular full-time or part-time employee who is represented by an exclusive representative under Title 3 of the State Personnel and Pensions Article.

- (1) For cause;
- (2) On written charges; and
- (3) In accordance with this subtitle.

(c) The University may not remove, suspend, or demote a regular full-time or part-time employee for any reason prohibited by § 2-302 of the State Personnel and Pensions Article.

§13-206.

(a) In cases of appeal to an arbitrator, each party is responsible for any expense incurred in the preparation and presentation of its own case and for any record or transcript it may desire.

(b) Upon the formal or informal initiation of a grievance an employee designated as a grievance procedure representative shall not suffer any loss of pay for investigating, processing or testifying in any step of the grievance procedure. Release time from normal work schedules is to be granted all witnesses to attend grievance hearings. Expenses incurred in connection with attendance by employees at grievance hearings shall be borne by the employee's department.

(c) Similar grievances may be consolidated and processed together as a single issue. Where a number of individual grievances have been reduced into a single grievance, not more than three employees selected by and from the group may be excused from work to attend a grievance meeting called by the responsible administrator at step one and not more than five employees at steps two and three unless, at any step, prior permission is granted by the person hearing the grievance.

(d) Employee complaint forms shall be available in the campus personnel department. The University form shall be used.

(e) It is the responsibility of the head of each organizational unit to assure that each employee understands the channels of communication and appeal, specifically who is the department head or chairman and who acts in their absence.

(f) An employee may not leave the post of duty to engage in grievance handling without the knowledge of and permission from the designated supervisor.

(g) A formal grievance may be filed by the aggrieved employee; the request to appeal a grievance must bear the signature of the employee or the employee's representative at each step of the procedure.

(h) A record of each grievance and its disposition shall be furnished to the employee involved. A file copy of each grievance shall be maintained at the last step at which the grievance was processed, and an additional copy shall be filed with the campus personnel department which shall be available to the employee or the employee's representative.

(i) At any point in the grievance procedure, the employee may elect to obtain, change, or dismiss the representative by providing a written notice to the person hearing the grievance. However, the action does not allow the grievant to return to a previous step in the procedure.

(j) A hearing officer may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence or witnesses.

(k) Each step of the grievance procedure shall be processed as quickly as practicable within the specified time limits. Failure to appeal at any step constitutes acceptance. Failure to answer is a denial to which an appeal may be made. By mutual agreement, the time limits and/or steps may be waived.

(l) It is the responsibility of each party to the grievance procedure at each step of the procedure to duplicate the grievance form prior to filing it with the employer or returning it to the employee and to retain one copy of the form.

(m) A grievance may start with a complaint or request by a permanent or temporary employee.

(n) An employee may be represented at every step of the grievance procedure by a party or organizational representative.

(o) An employee shall receive a copy of this grievance procedure upon employment at the University.

(p) Both parties shall make an effort to resolve the grievance at the lowest possible level.

(b) The Governor shall provide in the annual State budget adequate funds for the satisfaction of any final monetary or benefit award or judgment that has been rendered in favor of the employee against the University in any administrative, arbitration, or judicial proceeding.

(c) Awards under this section that have not been satisfied pursuant to subsection (d) of this section, shall be reported to the Comptroller of the Treasury, who shall maintain and report annually to the Governor an accounting of existing awards. Upon appropriation of funds by the legislature, the Comptroller of the Treasury shall satisfy existing awards in order of date of award.

(d) If the University has sufficient funds available to satisfy any award under this section at the time the award is rendered, the award shall be satisfied as soon as practicable but not more than 20 days after the award becomes final.

§13–302.

It is hereby found and determined that:

(1) The purposes of the medical system are to provide medical care of the type unique to University medical facilities for the citizens of the State and region and, in accomplishing this objective, to provide a clinical context for education and research conducted by the faculty of the University;

(2) The purposes extend to all citizens of the State, particularly regarding health care needs which only an academic medical institution can adequately meet such as extensive tertiary care, major shock trauma treatment, and sophisticated surgical techniques;

(3) The purposes also include rendering comprehensive health care to the community naturally served by University Hospital to assure its availability to citizens of that community;

(4) These purposes separately and collectively serve the highest public interest and are essential to the public health and welfare, but must be realized in the most efficient manner and at the lowest cost practicable and consistent with these purposes;

(5) It has proven unnecessarily costly and administratively cumbersome for the University to finance, manage, and carry out the patient care activities of an academic institution within the existing framework of a State agency, since many applicable laws, management structures, and procedures were developed to implement types of governmental functions which differ from the operations of a major patient care facility in an environment of State and federal regulation; such patient care operations are more efficiently served by contemporary legal, management, and procedural structures utilized by similarly situated, private entities throughout the nation;

(6) It is fiscally desirable for the State of Maryland to separate the operations, revenues, and obligations of the medical system from the State to the end that, to the maximum extent practicable, the medical system be a self-supporting entity to which the State may make grants or with which the State may contract as may be deemed appropriate from time to time; this separation will segregate patient care costs and revenues from unrelated State activities;

(7) The interests of the citizens of the State, the region, and the community naturally served by University Hospital will be best met by granting and

transferring State assets and liabilities related to the medical system to a private, nonprofit, nonstock corporation in order to create a separate legal and organizational structure for the medical system to provide independence and flexibility of management and funding, while assuring a compatible and mutually beneficial relationship with the University;

(8) In order to maintain the highest quality patient care with the maximum efficiency practicable, the R Adams Cowley Shock Trauma Center will be part of the medical system and will be governed by the Board of Directors; and

(9) It is the intent of the General Assembly that:

(i) Employees of the Medical System Corporation and any subsidiary of the Medical System Corporation who are not medical system University personnel enjoy the rights and protections associated with full freedom of association and collective bargaining afforded to similarly situated citizens of the State; and

(ii) Each subsidiary established by the Medical System Corporation under § 13–303(k) of this subtitle, including a subsidiary established for the purpose of operating all or a part of the University of Maryland Medical Center, falls within the jurisdiction of the National Labor Relations Board, and the employees of the subsidiary are subject to the benefits and protections of the National Labor Relations Act.

§13–303.

(a) Prior to the transfer date:

(1) The Board of Public Works shall approve the articles of incorporation of the Medical System Corporation which shall reflect the requirements of this subtitle; and

(2) The Board of Regents and the Board of Directors shall take all actions necessary to create and organize the Medical System Corporation, which shall be organized for charitable, scientific, and educational purposes and shall attain and maintain exemption from federal income taxation but which shall not be a State agency, political subdivision, public body, public corporation, or municipal corporation and is not subject to any provisions of law affecting only governmental or public entities.

(b) On or after the transfer date, the Medical System Corporation shall own, lease, manage, and operate the medical system, including such components or health services as the Board of Directors may determine or agree to undertake from time to time and shall have all powers of a Maryland corporation which are not expressly

limited by this subtitle; such powers include the power to convey, lease, mortgage, encumber, and otherwise deal with all its assets including the medical system assets, without limitation or regard to their source, unless a grantor or donor restricts the use of such assets; provided, however, that without in any way limiting the power to mortgage or otherwise encumber such property, any sale or lease of any land or buildings transferred on the transfer date shall be approved by the Board of Regents.

(c) The Board of Directors:

(1) Shall provide for and maintain, consistent with the policies of the State Health Services Cost Review Commission or other relevant authority, comprehensive services for patient populations naturally served by University Hospital, including uncompensated care and outpatient care; and

(2) Shall maintain, create, and develop specialty care services appropriate to an academic medical institution to meet the needs of the State and region.

(d) The Board of Directors shall operate the medical system without discrimination based upon race, creed, sex, or national origin.

(e) The Board of Directors will conduct procurement activities consistent with minority purchasing standards applicable to State government agencies.

(f) The fiscal year of the Medical System Corporation will be the same as the fiscal year of the State unless otherwise approved by the Board of Public Works.

(g) The Board of Directors shall cause annual audited financial statements of the Medical System Corporation to be prepared and filed with the Governor, the Joint Audit and Evaluation Committee, and the Board of Regents as soon as practicable following the close of its fiscal year.

(h) (1) The Board of Directors shall prepare an annual report describing operations of the Medical System Corporation in the immediately preceding fiscal year, which shall be delivered to the Board of Regents, the Governor, and, subject to § 2-1257 of the State Government Article, the General Assembly as soon as practicable following the close of its fiscal year.

(2) The report shall include information about the amount of uncompensated care provided, the number of ambulatory care visits, the number of Medicaid patient visits, the number of patient visits by subdivision during the year, and any other information relevant to the provisions of this section.

2. Is not administered by individuals who are responsible to public officials or to the general electorate.

(2) In addition to establishing a subsidiary under paragraph (1) of this subsection, the Board of Directors may establish nonprofit or for-profit subsidiaries or related entities, to the extent approved by the University in the annual contract.

(l) The Board of Directors shall ensure that the medical system shall continue to make available medical services to residents of various State institutions whose residents prior to the effective date of this legislation were served by the Hospital, including State residential centers for individuals with an intellectual disability, State mental hygiene facilities and facilities run by the State Division of Correction, as long as the administrators of those institutions continue to seek care from the Hospital for their residents in accordance with policies and legislative intent incorporated in the State budget. The Hospital is to be compensated by the

institutions or other payors for this care in accordance with policies of the State Health Services Cost Review Commission or other relevant authority.

(m) The Board of Directors shall ensure that the Medical System Corporation continues to be a private, nonprofit, nonstock corporation that is independent from any State agency.

This assumption of liabilities shall be an assumption of

such liabilities as they exist on the transfer date; provided, however, this provision shall be construed and applied to give effect to all provisions of law and defenses applicable to such liabilities prior to the transfer date.

(b) Regardless of any assumption of liability by the Medical System Corporation, the payment of any settlement or judgment against a State officer or employee incurred or arising in connection with the medical system prior to the transfer date shall be determined pursuant to § 12-404 of the State Government Article, and, if the Board of Public Works determines to make a payment to satisfy such settlement or judgment, such payment shall be made only from the State General Emergency Fund or the State Insurance Trust Fund.

Advances from the Operating Reserve Fund shall be treated as loans from the State, subordinate to the rights of other creditors of the Medical System Corporation, and the Board of Directors shall cause such advances to be repaid to the Treasurer as soon as the financial condition of the Medical System Corporation reasonably permits. The Treasurer shall hold any repaid advances in the Operating Reserve Fund subject to further advances to the Medical System Corporation. (b) Upon termination of the existence of the Medical System Corporation, all its rights and properties shall pass to and be vested in the State, but subject in all cases to any mortgages, liens, or other encumbrances or any other rights or interests of creditors of the Medical System Corporation or other third parties.

(c) The articles of incorporation of the Medical System Corporation and the documents of transfer of the medical system assets must state that the Board of Regents and the Board of Public Works may determine that the Medical System Corporation has failed to realize the purposes set forth in this subtitle; in the event of such a determination, the Board of Directors shall be required to undertake appropriate legal proceedings to return all assets of the medical system then held by the Medical System Corporation to the State, but only if adequate provision has been made for the payment of any outstanding bonds, notes, or other obligations of the Medical System Corporation.

§13-312.

(4) “Collective bargaining” means the performance by the certified employee organization, through its designated representative, and the public employer, of their mutual obligations to meet at reasonable times and to negotiate in good faith with respect to wages, hours, and other terms and conditions of employment, or the negotiation of an agreement, or any questions arising under an agreement, and the execution of various agreements incorporating the terms agreed upon by both parties. In the performance of this obligation neither party shall be compelled to agree to a proposal, or be required to make a concession to the other.

(5) “Commissioner” means the State Commissioner of Labor and Industry or the Commissioner’s designee.

(6) “Confidential employee” means a public employee whose unrestricted access to personnel, budgetary or fiscal data subject to use by the public employer in collective bargaining or whose close, continuing working relationship with those responsible for negotiating on behalf of the public employer would make the employee’s membership in an employee organization as a rank and file employee incompatible with the employee’s duties.

(7) “Employee organization” means any organization of public employees which has as one of its primary purposes representing such employees in collective bargaining.

(8) “Exclusive representative” means an employee organization which has been certified by the Commissioner as representing the employees of the bargaining unit.

Department chairmen may not be considered supervisory employees for the purposes of this section, unless the department chairmen clearly perform the functions in this paragraph.

(b) The public employer shall determine whether a public employee is to be considered a public employee for collective bargaining purposes. Either party or an employee organization may appeal the determination to the Commissioner for a final and binding decision.

In defining a bargaining unit, the Commissioner shall consider, in addition to other relevant factors, the efficiency of operations of the public employer, the effect of over-fragmentation of bargaining units on the efficient administration of the public employer, the community of interest of public employees, and the administrative structure of the public employer. The Commissioner may not find any unit appropriate that includes both professional and nonprofessional employees unless a majority of each group votes for inclusion therein.

(d) (1) After October 1, 1978, an election for exclusive representative shall be conducted by the Commissioner for each unit after the requirements of subsections (b) and (c) of this section have been met by that unit.

(2) A petition for an election may be submitted by:

(i) An employee organization demonstrating that 30 percent of the employees in a bargaining unit wish to be represented for collective bargaining by an exclusive representative;

An employee organization receiving a majority of votes cast in an election shall be certified by the Commissioner as the exclusive representative for collective bargaining purposes. (f) (1) It is declared to be in the public interest that, in the course of collective bargaining, the public employer and the exclusive representative make

every reasonable effort to conclude negotiations prior to the budget submission date of the public employer, in order that the appropriate legislative body may act on the operating budget of the employer.

(2) (i) If in the course of collective bargaining a party deems that an impasse exists, that party may request the services of the Commissioner in mediation or engage another mutually agreed upon mediator.

(ii) The parties by mutual agreement may engage in fact-finding. If there is not mutual agreement, either party, after a reasonable period of mediation, may petition the Commissioner to initiate fact-finding. The public employer and the exclusive representative may select their own fact finder. If the parties have not selected their own fact finder within 5 days of the required notification, the Commissioner shall submit to the parties the names of five qualified persons. Each party alternately shall strike two names from the list. The order of striking shall be determined by lot. The remaining individual shall be the fact finder. The fact finder selected by the parties shall conduct hearings and may administer oaths. The fact finder shall make written findings of fact and recommendations for resolution of the impasse. No later than 30 days from the date of appointment the fact finder shall transmit the findings to the public employer and the exclusive representative. If the impasse continues 10 days after the report is submitted to the parties, the report shall be made available to the public.

(iii) Costs of fact-finding shall be borne equally by the parties.

(3) Public employees may not engage in a strike.

(4) If a strike of public employees occurs in Montgomery County, a court of competent jurisdiction may, upon request of the public employer, enjoin the strike.

(6) If an employee organization certified as an exclusive representative engages in a strike, its certification as exclusive representative shall be revoked by the Commissioner, and that employee organization or any other employee organization which engages in a strike shall be ineligible to be certified as an exclusive representative for a period of 1 year following the end of the strike.

(4) The terms of the agreement shall supersede any conflicting rules, regulations, and administrative policies of the public employer.

(5) Any request for funds necessary to implement the agreement shall be submitted by the public employer in a timely fashion for consideration in the budget process of the county.

(6) If the request for funds necessary to implement the agreement is reduced, modified, or rejected by the governing body of Montgomery County, either party to the agreement may, no later than 20 days after final budget action by the governing body, reopen the agreement.

(h) The public employer has the right (1) to determine how the statutory mandate and goals of the college, including but not limited to the functions and programs of the college, its overall budget and its organizational structure, are to be carried out; and (2) to direct the personnel.

(i) (1) Public employees have the right of self-organization to form, join, or assist any employee organization, to bargain collectively through representatives they have chosen, and to engage in other lawful concerted activities for the purpose of collective bargaining and also shall have the right to refrain from any or all of these activities.

(2) Any public employee or group of public employees has the right at any time to present grievances arising under the terms of the agreement to the public employer and to have the grievances adjusted without the intervention of the exclusive representative. The public employer has the duty to hear those grievances and participate in their adjustment. However, the adjustment may not be inconsistent with the terms of a collective bargaining agreement then in effect. The public employer shall give prompt notice of all adjustments to the exclusive representative.

(3) The public employer and a public employee organization shall not interfere with, intimidate, restrain, coerce, or discriminate against public employees because of the exercise of their rights under paragraphs (1) and (2) of this subsection.

(j) The authority granted by this section, any procedures adopted and any decision, action, or agreements made pursuant to it shall expire should a subsequent public general law on collective bargaining generally applicable to the community colleges become effective.

(k) Except as provided in this section, the enactment of this section shall not be construed to make the provisions of the Maryland labor laws contained in Title 4, Subtitles 1, 2, and 3 of the Labor and Employment Article applicable to employment at Montgomery Community College.

(a) The General Assembly makes the following declarations and findings:

(1) St. Mary's City is the birthplace and first capital of Maryland and occupies a unique place in American history which deserves honor and respect. St. Mary's City is the point of origin of many of the seminal and vital social, political, religious and humane precepts of our nation as later came to be reflected in the United States Constitution and Bill of Rights. St. Mary's City should be protected and developed as a memorial to Maryland's historical beginnings and her extraordinary contribution to the development of this nation.

(2) There is a great need to encourage the study and appreciation of the significance of St. Mary's City to the history of Maryland and the nation. The General Assembly recognizes that the organizational structures and funding for St. Mary's City have not been adequate to produce the knowledge of, or appreciation for, St. Mary's City that it is due from the citizens of this State as well as of the nation, and finds and declares that a new course of action is needed.

(3) The Historic St. Mary's City Commission needs the State to provide basic operational funding and organizational flexibility to successfully operate Historic St. Mary's City along with an increased emphasis on soliciting other public and private funds to provide support for educational initiatives, research, study, and curation, as well as accelerated archaeological projects and capital improvements.

(4) Every Maryland school child should be knowledgeable as to the history of St. Mary's City and its significance not only to this State but to the development of the nation. As resources become available, educational opportunities should be expanded to secondary and college age students as well as adults pursuing continuing educational opportunities.

(5) An affiliation between the Commission and St. Mary's College of Maryland will allow the Commission to put to fuller and more effective use the assets that the State has acquired, preserved and developed at Historic St. Mary's City over the last 30 years.

(6) The establishment of the Historic St. Mary's City Commission as an independent unit and provision of basic operating funds by the State is in the public interest and will facilitate the management, operation, and development of this nationally important historic site.

(7) Historic St. Mary's City will benefit from a creative affiliation and more formal collaboration with its geographic neighbor, St. Mary's College of Maryland, itself designated in 1840 as a living monument to the legacy of Maryland's first colonial capital.

(8) Both the Commission and the College are committed to preserving the site of Maryland's first colonial capital and its archaeological treasures while continuing to assure that the general public and Maryland school children in particular have continued opportunities to visit and experience this important 17th century historical site.

(b) The General Assembly further states its legislative intent in the enactment of this subtitle to be as follows:

(1) To facilitate the efficient and effective operation of Historic St. Mary's City and the State's historical museum and archaeological park at Maryland's first capital, as well as enhance the capacity and authority of the Commission to preserve, protect, and appropriately use the historic and archaeological assets of Historic St. Mary's City;

(2) To equip the Historic St. Mary's City Commission with the necessary and vital managerial discretion to pursue its purpose effectively, with the understanding that the Commission will contract, as it considers useful and appropriate both fiscally and managerially, with St. Mary's College of Maryland, or other entities as may be practical and appropriate, for services such as procurement, personnel, and accounting, and otherwise collaborate formally and informally with St. Mary's College of Maryland, on the use and exchange of expertise and resources,

both managerial and educational, as both entities may determine is prudent and effective, in advancing the basic mission of each institution;

(3) To grant the Commission authority over its plans, projects, and operations, subject to any State and federal laws with respect to the protection of historic and archaeological sites of significance to the State, including its status as a State historic property and national historic landmark;

(4) To facilitate the support of Historic St. Mary's City by other executive departments, including the Maryland Historical Trust in the Department of Housing and Community Development, the Museum Services Program located at Jefferson Patterson Park Museum, the Financial Assistance Programs and Office of Tourism in the Department of Commerce, and the Department of Education;

(5) To provide the Historic St. Mary's City Commission with the organizational structure and funding mechanisms necessary to more effectively function, and recognize the outdoor history museum and archaeological park located on the site of Maryland's first capital, as an educational facility for students and visitors of all ages; and

(6) To endorse the Commission's focus on developing the educational potential of Historic St. Mary's City, including a closer affiliation with St. Mary's College of Maryland, as the most effective way to assure that this unique site with its archaeological riches and importance to the history of Maryland and the nation is recognized and supported both privately and publicly as Maryland's most important historic site, with a view to attaining national recognition for St. Mary's City as a site of eminent national historical significance.

§25–101.

The Compact for Education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as it appears in § 25-102 of this subtitle.

§25–102.

Article I. Purpose and Policy

a. It is the purpose of this Compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

b. It is the policy of this Compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

c. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

Article II. State Defined

As used in this Compact, “state” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

Article III. The Commission

a. The Education Commission of the states, hereinafter called “the Commission,” is hereby established. The Commission shall consist of seven members representing each party state. One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the Commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

b. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III (j).

c. The Commission shall have a seal.

d. The Commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice-chairman and a treasurer. The Commission

shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.

f. The Commission may borrow, accept or contract for the service of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

g. The Commission may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph f of this article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

h. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

i. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

j. The Commission annually shall make to the governor and legislature of each party state a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

Article IV. Powers

In addition to authority conferred on the Commission by other provisions of the Compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this Compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this Compact.

Article V. Cooperation with Federal Government

a. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representatives shall have a vote on the Commission.

b. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

Article VI. Committees

a. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty-two members which, subject to the provisions of this Compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One fourth of the voting membership of the steering committee shall consist of governors, one fourth shall consist of legislators, and the remainder shall consist of other members of the Commission. A federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: sixteen for one year and sixteen for two years. The chairman, vice-chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

b. The Commission may establish advisory and technical committees composed of state, local and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

c. The Commission may establish such additional committees as its bylaws may provide.

Article VII. Finance

a. The Commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

b. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

c. The Commission shall not pledge the credit of any party states. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III (g) of this Compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III (g) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.

e. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Commission.

f. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

Article VIII. Eligible Parties; Entry Into and Withdrawal

a. This Compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor," as used in this Compact, shall mean the closest equivalent official of such jurisdiction.

b. Any state or other eligible jurisdiction may enter into this Compact and it shall become binding thereon when it has adopted the same; provided, that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

c. Adoption of the Compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this Compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his state, and

shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

d. Except for a withdrawal effective on December 31, 1967, in accordance with paragraph c of this article, any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article IX. Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating therein, the Compact shall remain in full force and effect as to the state affected as to all severable matters.

(a) In consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred to as "states"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purposes of this Compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this Compact.

(b) The states do further hereby establish and create a joint agency which shall be known as the Board of Control for Southern Regional Education (hereinafter referred to as the "Board"), the members of which Board shall consist of the governor of each state, ex officio, and four additional citizens of each state to be appointed by the governor thereof, at least one of whom shall be selected from the field of education and at least one of whom shall be a member of the legislature of that state. The governor shall continue as a member of the Board during his tenure of office as governor of the state, but the members of the Board appointed by the governor shall hold office for a period of four years except that in the original appointments one Board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of two years, one Board member to serve an initial term of three years, and the remaining Board member to serve the full term of four years, but thereafter the successor of each appointed Board member shall serve the full term of four years. Vacancies on the Board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the Board shall be a chairman, a vice-chairman, a secretary, a treasurer, and such additional officers as may be created by the Board from time to time. The Board shall meet annually and officers shall be elected to hold office until the next annual meeting. The Board shall have the right to formulate and establish bylaws not inconsistent with the provisions of this Compact to govern its own actions in the performance of the duties delegated to it including the right to create and appoint an executive committee and a finance committee with such powers and authority as the Board may delegate to them from time to time. The Board may, within its discretion, elect as its chairman a person who is not a member of the Board, provided such person resides within a signatory state, and upon such election such person shall become a member of the Board with all the rights and privileges of such membership.

(c) It shall be the duty of the Board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational

purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said Board as the agency of and for the use and benefit of the said states and the citizens thereof, and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states authorizing the creation, establishment and operation of such educational institutions.

(d) In addition to the power and authority heretofore granted, the Board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the Board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the Board from time to time by legislative enactment of the said states.

(e) Any two or more states who are parties of this Compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the Board representing such states provided such agreement is submitted to and approved by the Board prior to the establishment of such institutions.

(f) Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said Board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this Compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the Bureau of the Census of the United States of America; or upon such other basis as may be agreed upon.

(g) This Compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval to this Compact within said eighteen months' period, it shall be and become binding upon such six or more states 60 days after the date of legislative

approval by the sixth state and the governors of such six or more states shall forthwith name the members of the Board from their states as hereinabove set out, and the Board shall then meet on call of the governor of any state approving this Compact, at which time the Board shall elect officers, adopt bylaws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this Compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any state whose constitution may require amendment in order to permit legislative approval of the Compact, such state or states shall become parties hereto upon approval of this Compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

(h) After becoming effective this Compact shall thereafter continue without limitation of time; provided, however, that it may be terminated at any time by unanimous action of the states and provided further that any state may withdraw from this Compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the Board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the Board or to any of the funds of the Board held under the terms of this Compact.

(i) If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this Compact, all rights, privileges and benefits of such defaulting state, its members on the Board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this Compact may be terminated with respect to such defaulting state by an affirmative vote of three fourths of the members of the Board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this Compact and shall have no further claim to or ownership of any of the property held by or vested in the Board or to any of the funds of the Board held under the terms of this Compact, but such termination shall in no manner release such defaulting state from any accrued obligations or otherwise affect this Compact or the rights, duties, privileges or obligations of the remaining states thereunder.

(j) IN WITNESS WHEREOF this Compact has been approved and signed by governors of the several states, subject to the approval of their respective legislatures in the manner hereinabove set out, as of the 8th day of February, 1948.

The Southern Regional Education Compact is approved, confirmed, and ratified, and every paragraph, clause, provision, matter, and thing in the Compact

shall be obligatory on this State and its citizens, and shall be forever faithfully and inviolably observed and kept by the government of this State and all of its citizens according to the true intent and meaning and provisions of the Compact.

§25–204.

(a) The admission of the states of Delaware and West Virginia into the Southern Regional Education Compact is approved, and the states of Delaware and West Virginia or either of them shall become a party to the Compact upon approval in each instance by the legislature and the governor, and upon further approval of their admission by the other states which were party to the original Compact.

(b) As of July 1, 1985, the State of Maryland approves the State of Oklahoma as a party to the Southern Regional Education Compact. Approval by the other states which are members of the Compact is required.

(c) Upon the approval of this act, the Governor of Maryland shall sign an accurate copy of it and submit it to the Southern Regional Education Board, 1340 Spring Street, N.W., Atlanta, Georgia 30309.

§25–205.

The Maryland Higher Education Commission shall administer all programs under the Southern Regional Education Compact.

§25–301.

The Interstate Library Compact is hereby enacted into law and entered into by this State with all states legally joining it, in the form substantially as it appears in §§ 25-302 and 25-303 of this subtitle.

§25–302.

(a) No political subdivision of this State shall be party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c)(7) of the Compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such political subdivisions relating to or governing capital outlays and the pledging of credit.

(b) As used in the Compact, “State library agency,” with reference to this State, means the Maryland State Library Agency.

(c) An interstate library district lying partly within this State may claim and be entitled to receive State aid in support of any of its functions to the same extent and in the same manner as such functions are eligible for support when carried on by entities wholly within this State. For the purposes of computing and apportioning State aid to an interstate library district, this State will consider that portion of the area which lies within this State as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this State, such a district also may apply for and be entitled to receive any federal aid for which it may be eligible.

(d) The State Librarian shall be the compact administrator pursuant to Article X of the Compact. The State Library Board on the recommendation of the State Librarian may appoint one or more deputy compact administrators pursuant to said article.

(e) In the event of withdrawal from the Compact the Governor shall send and receive any notices required by Article XI(b) of the Compact.

§25-303.

Interstate Library Compact

Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this Compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this Compact:

(a) "Public library agency" means any unit or agency of local or State government operating or having power to operate a library.

(b) “Private library agency” means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) “Library agreement” means a contract establishing an interstate library district pursuant to this Compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this Compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

(1) Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.

(2) Accept for any of its purposes under this Compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

(3) Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

(4) Employ professional, technical, clerical, and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.

(5) Sue and be sued in any court of competent jurisdiction.

(6) Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

(7) Construct, maintain and operate a library, including any appropriate branches thereof.

(8) Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

Article IV. Interstate Library Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall

contain provisions covering the subjects detailed in Article VI of this Compact for interstate library agreements.

Article VI. Library Agreements

(a) In order to provide for any joint or cooperative undertaking pursuant to this Compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this Compact shall, as among the parties to the agreement:

(1) Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.

(2) Provide for the allocation of costs and other financial responsibilities.

(3) Specify the respective rights, duties, obligations and liabilities of the parties.

(4) Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this Compact.

Article VII. Approval of Library Agreements

(a) Every library agreement made pursuant to this Compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this Compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

Article VIII. Other Laws Applicable

Nothing in this Compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this Compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

Article XI. Entry Into Force and Withdrawal

(a) This Compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This Compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this Compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state party thereto, the Compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.
