(i) Individuals not residing in a member state shall continue to be able to apply for a member state’s single–state license as provided under the laws of each

(h) If a member state takes adverse action against a licensee, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state, and any remote state in which the licensee has a privilege to practice, of any adverse actions by the home state or remote states.

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

§8-7A-01.

The Nurse Licensure Compact is hereby enacted and entered into with all other jurisdictions that legally join in the Compact in the form substantially as the Compact appears in this section as follows:

Article I. Findings and Declaration of Purpose.

1.

The party states find that:

(a) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(b) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(c) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(d) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(e) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

(f) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2.

The general purposes of this Compact are to:

(a) Facilitate the states' responsibility to protect the health and safety of the public;

(b) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(c) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(d) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(e) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(f) Decrease redundancies in the consideration and issuance of nurse licenses; and

(g) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

5.

(a) A party state must implement procedures for considering the criminal history records of applicants for an initial multistate license or licensure by endorsement.

9.

(a) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state.

(b) The single-state license granted to individuals not residing in a party state may not be recognized as granting the privilege to practice nursing in any other party state.

(c) Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

(d) Any nurse holding a home state multistate license on the effective date of this Compact may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse who changes the nurse's home state after this Compact's effective date must meet all applicable requirements in § 6 of this article to obtain a multistate license from the new home state; and

(c) (1) If a nurse changes the nurse's home state by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

(2) The nurse may apply for licensure in advance of a change in the nurse's home state.

(3) A multistate license may not be issued by the new home state until the nurse provides satisfactory evidence of a change in the nurse's home state to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes the nurse's home state by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license valid only in the former home state.

Article V. Additional Authorities Invested in Party State Licensing Boards.

11.

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(3) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(4) Take appropriate action based on investigations and shall promptly report the conclusions of the investigations to the administrator of the coordinated licensure information system who shall promptly notify the new home state of any actions;

(5) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence;

(7) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(8) Take adverse action based on the factual findings of a remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

(c) (1) Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it.

(2) The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(d) (1) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(2) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license.

(3) All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(e) (1) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action.

(2) The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee may be ineligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

In so doing, the home state shall apply its own state laws to determine appropriate action.

(h) If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational therapy assistant's compact privilege is deactivated in all member states during the pendency of the order.

(i) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

SECTION 10. RULEMAKING.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

(c) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(d) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(e) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

(g) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

- (3) An association or organization having at least 25 members.

(i) (1) If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

(2) All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(4) All hearings will be recorded. A copy of the recording will be made available on request.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(j) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

(l) The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(m) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of Commission or member state funds;
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) Protect public health and safety.

(n) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 11. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT.

(a) (1) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact which may affect the powers, responsibilities, or actions of the Commission.

(3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, the Compact, or promulgated rules.

(b) (1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the Compact or the promulgated rules, the Commission shall:

(i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by the Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission may not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) (1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein are not the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 12. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT.

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) (1) Any member state may withdraw from the Compact by enacting a statute repealing the Compact.

(2) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in the Compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of the Compact.

(e) The Compact may be amended by the member states. No amendment to the Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 13. CONSTRUCTION AND SEVERABILITY.

The Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of the Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of the Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If the Compact is contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 14. BINDING EFFECT OF COMPACT AND OTHER LAWS.

(a) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(b) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

(c) Any laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

(d) Any lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

(e) All agreements between the Commission and the member states are binding in accordance with their terms.

(f) In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

(d) The Commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

SECTION 9. RULEMAKING

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking on the website of:

(3) All hearings will be recorded. A copy of the recording will be made available on request.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 10. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(a) (1) The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions

necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

(3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) (1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

(i) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) (1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 11. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which

the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any member state may withdraw from this Compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. §14–3A–01. IN EFFECT

// EFFECTIVE UNTIL JUNE 30, 2030 PER CHAPTER 313 OF 2022 //

The Interstate Medical Licensure Compact is enacted into law and entered into with all other states legally joining in it in the form substantially as it appears in this section as follows:

SECTION 1. PURPOSE

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, and provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

SECTION 2. DEFINITIONS

In this Compact:

(a) "Bylaws" means those bylaws established by the Interstate Commission pursuant to Section 11 for its governance, or for directing and controlling its actions and conduct.

Evidence of an entry of a conviction of a criminal offense by the court shall be considered final for purposes of disciplinary action by a member board.

(d) "Expedited License" means a full and unrestricted medical license granted by a member state to an eligible physician through the process set forth in the Compact.

(m) “Rule” means a written statement by the Interstate Commission promulgated pursuant to Section 12 that is of general applicability, implements, interprets, or prescribes a policy or provision of the Compact, or an organizational, procedural, or practice requirement of the Interstate Commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

(n) “State” means any state, commonwealth, district, or territory of the United States.

(o) “State of Principal License” means a member state where a physician holds a license to practice medicine and that has been designated as such by the physician for purposes of registration and participation in the Compact.

(i) Meet the eligibility requirements as defined in Section 2(k);
and

(ii) Hold specialty certification or a time-unlimited specialty certificate recognized by the American Board of Medical Specialties or the American Osteopathic Association’s Bureau of Osteopathic Specialists.

(2) A physician is not required to maintain specialty certification described under paragraph (1)(ii) of this subsection in order to renew an expedited license under Section 6.

(c) The Interstate Commission is authorized to develop rules to facilitate redesignation of another member state as the state of principal license.

SECTION 5. APPLICATION AND ISSUANCE OF EXPEDITED LICENSURE

(a) A physician seeking licensure through the Compact shall file an application for an expedited license with the member board of the state selected by the physician as the state of principal license.

(b) (1) On receipt of an application for an expedited license, the member board within the state selected as the state of principal license shall evaluate whether the physician is eligible for expedited licensure and issue a letter of qualification, verifying or denying the physician's eligibility, to the Interstate Commission.

(2) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the Interstate Commission through rule, may not be subject to additional primary source verification where already primary source verified by the state of principal license.

(3) (i) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, require the applicant to obtain a criminal background check as required under § 14–308.1 of this title, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with U.S. C.F.R. § 731.202.

(ii) The member board may not disclose to the Interstate Commission any information received from the Federal Bureau of Investigation that is provided in a background check of an applicant performed under this paragraph.

(4) An appeal on the determination of eligibility shall be made to the member state, if an appeal is allowed under the laws of that state, where the application was filed and shall be subject to the law of that state.

(d) After receiving verification of eligibility under subsection (b) and any fees under subsection (c), a member board shall issue an expedited license to the physician. This license shall authorize the physician to practice medicine in the issuing state consistent with the Medical Practice Act and all applicable laws and regulations of the issuing member board and member state.

(e) An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

(f) An expedited license obtained through the Compact shall be terminated if a physician fails to maintain a license in the state of principal license for a nondisciplinary reason, without redesignation of a new state of principal license.

(g) The Interstate Commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

SECTION 6. FEES FOR EXPEDITED LICENSURE

(a) A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the Compact.

(b) The Interstate Commission is authorized to develop rules regarding fees for expedited licenses.

SECTION 7. RENEWAL AND CONTINUED PARTICIPATION

(3) Has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to nonpayment of fees related to a license; and

(4) Has not had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration.

(b) Physicians shall comply with all continuing professional development or continuing medical education requirements for renewal of a license issued by a member state and shall attest to the member board about the physician's compliance.

(c) The Interstate Commission shall collect any renewal fees charged for the renewal of a license and distribute the fees to the applicable member board.

(e) Member boards shall share complaint or disciplinary information about a physician on request of another member board.

(f) All information provided to the Interstate Commission or distributed by member boards shall be confidential, filed under seal, and used only for investigatory or disciplinary matters.

(g) The Interstate Commission is authorized to develop rules for mandated or discretionary sharing of information by member boards.

SECTION 9. JOINT INVESTIGATIONS

(a) Licensure and disciplinary records of physicians are deemed investigative.

(d) Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

(e) Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

SECTION 10. DISCIPLINARY ACTIONS

(a) Any disciplinary action taken by any member board against a physician licensed through the Compact shall be deemed unprofessional conduct that may be subject to discipline by other member boards, in addition to any violation of the Medical Practice Act or regulations in that state.

(b) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

(c) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

(1) Impose the same or lesser sanction(s) against the physician so long as such sanctions are consistent with the Medical Practice Act of that state; or

(2) Pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

(d) If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any license(s) issued to the physician by any other member board(s) shall be suspended, automatically and immediately without further action necessary by the other member board(s), for ninety (90) days on entry of the order by the disciplining board, to permit the member board(s) to investigate the basis for the action under the Medical Practice Act of that state. A member board shall waive the automatic suspension of the license it issued unless the member board:

(1) Finds that the public health, safety, or welfare imperatively requires emergency action; and

(2) Promptly gives the licensee:

(i) Written notice of the suspension, the finding, and the reasons that support the finding; and

- (ii) An opportunity to be heard.

SECTION 11. INTERSTATE MEDICAL LICENSURE COMPACT COMMISSION

(a) The member states hereby create the “Interstate Medical Licensure Compact Commission”.

(b) The purpose of the Interstate Commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

(c) The Interstate Commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the Compact, and such additional powers as may be conferred on it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the Compact.

(d) The Interstate Commission shall consist of two voting representatives appointed by each member state who shall serve as Commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the licensing and disciplinary authority is split between multiple member boards within a member state, the member state shall appoint one representative from each member board. (f) The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

(g) Each Commissioner participating at a meeting of the Interstate Commission is entitled to one vote. A majority of Commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission. A Commissioner shall not delegate a vote to

another Commissioner. In the absence of its Commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection (d).

(h) The Interstate Commission shall provide public notice of all meetings and all meetings shall be open to the public. The Interstate Commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the Commissioners present that an open meeting would be likely to:

(1) Relate solely to the internal personnel practices and procedures of the Interstate Commission;

(2) Discuss matters specifically exempted from disclosure by federal statute;

(3) Discuss trade secrets or commercial or financial information that is privileged or confidential;

(4) Involve accusing a person of a crime, or formally censuring a person;

(5) Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(6) Discuss investigative records compiled for law enforcement purposes; or

(7) Specifically relate to the participation in a civil action or other legal proceeding.

(i) The Interstate Commission shall keep minutes that shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

(j) The Interstate Commission shall make its information and official records, to the extent not otherwise designated in the Compact or by its rules, available to the public for inspection.

(k) The Interstate Commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. When acting on behalf of the Interstate Commission, the executive committee shall oversee the administration of the Compact including

enforcement and compliance with the provisions of the Compact, its bylaws and rules, and other such duties as necessary.

(1) The Interstate Commission may establish other committees for governance and administration of the Compact.

SECTION 12. POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission shall have the duty and power to:

- (5) Establish and appoint committees including, but not limited to, an executive committee as required by Section 11, which shall have the power to act on behalf of the Interstate Commission in carrying out its powers and duties;
- (6) Pay, or provide for the payment of the expenses related to the establishment, organization, and ongoing activities of the Interstate Commission;
- (7) Establish and maintain one or more offices;
- (8) Borrow, accept, hire, or contract for services of personnel;
- (9) Purchase and maintain insurance and bonds;
- (10) Employ an executive director who shall have such powers to employ, select or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;
- (11) Establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(12) Accept donations and grants of money, equipment, supplies, materials and services, and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the Interstate Commission;

(13) Lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;

(14) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(15) Establish a budget and make expenditures;

(16) Adopt a seal and bylaws governing the management and operation of the Interstate Commission;

(17) Report annually to the legislatures and governors of the member states concerning the activities of the Interstate Commission during the preceding year. Such reports shall also include reports of financial audits and any recommendations that may have been adopted by the Interstate Commission;

(18) Coordinate education, training, and public awareness regarding the Compact, its implementation, and its operation;

(19) Maintain records in accordance with the bylaws;

(20) Seek and obtain trademarks, copyrights, and patents; and

(21) Perform such functions as may be necessary or appropriate to achieve the purposes of the Compact.

SECTION 13. FINANCE POWERS

(a) The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated on a formula to be determined by the Interstate Commission, which shall promulgate a rule binding on all member states.

(b) The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.

(c) The Interstate Commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

(d) The Interstate Commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the Interstate Commission.

SECTION 14. ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(a) The Interstate Commission shall, by a majority of Commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve (12) months of the first Interstate Commission meeting.

(b) The Interstate Commission shall elect or appoint annually from among its Commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission.

(c) Officers selected in subsection (b) shall serve without remuneration from the Interstate Commission.

(d) (1) The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The liability of the executive director and employees of the Interstate Commission or representatives of the Interstate Commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(3) The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(4) To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

SECTION 15. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(a) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

(b) Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

(c) Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices, provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not

find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

SECTION 16. OVERSIGHT OF INTERSTATE COMPACT

(a) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(b) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact that may affect the powers, responsibilities, or actions of the Interstate Commission.

(c) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or an order void as to the Interstate Commission, the Compact, or promulgated rules.

SECTION 17. ENFORCEMENT OF INTERSTATE COMPACT

(a) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

(b) The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(c) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

SECTION 18. DEFAULT PROCEDURES

(a) The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed on it by the

Compact, or the rules and bylaws of the Interstate Commission promulgated under the Compact.

(b) If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the Compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(1) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default; and

(2) Provide remedial training and specific technical assistance regarding the default.

(c) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact on an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(e) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

(f) The member state that has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(g) The Interstate Commission may not bear any costs relating to any state that has been found to be in default or that has been terminated from the Compact, unless otherwise mutually agreed on in writing between the Interstate Commission and the defaulting state.

(h) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the

federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

SECTION 19. DISPUTE RESOLUTION

(a) The Interstate Commission shall attempt, on the request of a member state, to resolve disputes that are subject to the Compact and that may arise among member states or member boards.

(b) The Interstate Commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

SECTION 20. MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

(a) Any state is eligible to become a member state of the Compact.

(b) The Compact shall become effective and binding on legislative enactment of the Compact into law by no less than seven (7) states. Thereafter, it shall become effective and binding on a state on enactment of the Compact into law by that state.

(c) The governors of nonmember states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the Compact by all states.

(d) The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall become effective and binding on the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

SECTION 21. WITHDRAWAL

(a) Once effective, the Compact shall continue in force and remain binding on each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute that enacted the Compact into law.

(b) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but may not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing on the introduction of legislation repealing the Compact in the withdrawing state.

(d) The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of notice provided under subsection (c).

(e) The withdrawing state is responsible for all dues, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(f) Reinstatement following withdrawal of a member state shall occur on the withdrawing state reenacting the Compact or on such later date as determined by the Interstate Commission.

(g) The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

SECTION 22. DISSOLUTION

(a) The Compact shall dissolve effective on the date of the withdrawal or default of the member state that reduces the membership in the Compact to one (1) member state.

(b) On the dissolution of the Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

SECTION 23. SEVERABILITY AND CONSTRUCTION

(a) The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of the Compact shall be liberally construed to effectuate its purposes.

(c) Nothing in the Compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

SECTION 24. BINDING EFFECT OF COMPACT AND OTHER LAWS

(a) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

(b) All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

(c) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding on the member states.

(d) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(e) In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

SECTION 6. ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES.

The individual may retain the home state designation during the period the service member is on active duty. In so doing, the home state shall apply its own state laws to determine appropriate action.

C. The home state shall complete any pending investigations of a licensed professional counselor who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

D. A member state, if otherwise permitted by state law, may recover from the affected licensed professional counselor the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensed professional counselor.

A. The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purpose of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force or effect.

B. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

C. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

D. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination.

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

C. If a member state in default fails to cure the default, the defaulting member state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

E. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a member state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting member state.

G. The defaulting member state may appeal the action of the Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

H. Dispute Resolution.

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

I. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where

the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 13. DATE OF IMPLEMENTATION OF THE COUNSELING COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's professional counseling licensing board to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any professional counseling licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 14. CONSTRUCTION AND SEVERABILITY.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 15. BINDING EFFECT OF COMPACT AND OTHER LAWS.

A. A licensee providing professional counseling services in a remote state under the privilege to practice shall adhere to the laws and regulations, including scope of practice, of the remote state.

B. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

C. Any laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all rules and bylaws properly promulgated by the Commission, are binding upon the member states.

E. All permissible agreements between the Commission and the member states are binding in accordance with their terms.

F. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

Article VI.

Conditions of Telepsychology Practice in a Receiving State.

A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for

psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the Commission, and under the following circumstances:

- (1) The psychologist initiates a client/patient contact in a home state via a telecommunications technology with a client/patient in a receiving state; and

Article VII.

(a) A home state shall have the power to impose adverse action against a psychologist's license issued by the home state. A distant state shall have the power to take adverse action on a psychologist's temporary authorization to practice within that distant state.

(b) A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

(c) (1) If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. (2) All home state disciplinary orders that impose adverse action shall be reported to the Commission in accordance with the rules promulgated by the Commission. A compact state shall report adverse actions in accordance with the rules of the Commission.

(3) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the Commission.

(4) Other actions may be imposed as determined by the rules promulgated by the Commission.

(d) A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee that occurred in a receiving state as it would if such conduct had occurred

by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

(e) A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization to practice that occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. (f) Nothing in this Compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the compact state's law. Compact states must require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

Subpoenas issued by a compact state's psychology regulatory authority for the attendance and testimony of witnesses, and/or the production of evidence from another compact state shall be enforced in the latter state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

(2) Issue cease and desist and/or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology and/or temporary authorization to practice.

(b) During the course of any investigation, a psychologist may not change his/her home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the Commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his/her home state licensure. The Commission shall promptly notify the new home state of any such decisions as provided in the rules of the Commission. All information provided to the Commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or disciplinary matters. The Commission may create additional rules for mandated or discretionary sharing of information by compact states.

(8) Other information which may facilitate the administration of this Compact, as determined by the rules of the Commission.

(c) The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.

(d) Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.

(5) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article XI of this Compact.

(6) The Commission may convene in a closed, non-public meeting if the Commission must discuss:

The Commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, of any person participating in the meeting, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

Article XI.

Rulemaking.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt this Compact, then such rule shall have no further force and effect in any compact state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

Public notice of any revisions shall be posted on the website of the Commission. The

revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

(i) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the defaults, and/or any other action to be taken by the Commission; and

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from this Compact upon an affirmative vote of a majority of the compact states, and all rights, privileges, and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

(a) This Compact shall come into effect on the date on which this Compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of this Compact.

(b) Any state which joins this Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which this Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that state.

(c) (1) Any compact state may withdraw from this Compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirement of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a non-compact state which does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the compact states. No amendment to this Compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.
