<b>10. Description and Purpose of Organization</b> (Limit length to visible area)		
<p>The Chesapeake High School Sports Boosters is a volunteer non-profit 501-c3 organization made up of parents and community members whose goal is to enrich the high school experience for current and future student athletes of Chesapeake High School. Our Athletic Program understands that athletics is a crucial element that can and will enrich the total school experience. Every athlete who participates will learn valuable life lessons and that will be ingrained into their soles for the rest of their lives. These life lessons will allow our students athletes a chance to learn how team work, integrity, honesty, hard work and pride can relate to them in everyday life and become a valuable tool that can be passed down to their own families. These valuable lesson are learned and encouraged through the support of Chesapeake High School.</p>		

**11. Description and Purpose of Project** (Limit length to visible area)

The athletic fields at Chesapeake High School are in bad shape for numerous reasons. The field is subject to flooding, with any substantial rainfall and the field is not usable for at least two days following the rain. The field serves as a practice field and game field for Chesapeake sports teams. The field gets worn out in spots and then turns to dirt as the seasons goes on the field deteriorates quickly. The grounds crew does their best they can do to make the field playable and safe. Due to this we have had numerous ankle injuries each year due to the playing surface.
