| 10. Description and Purpose of Organization (Limit length to visible area) | | |
| <p>Carroll County Public Schools (CCPS) focuses on excellence by preparing students to be globally competitive, addressing the needs of individual students, maintaining an effective workforce, and ensuring students are educated in safe environments. Eldersburg Elementary School (EES) strives to empower all students to become respectful, responsible citizens who are ready to succeed in a global community. At EES, we strive to foster communication to build an inclusive community, meet students' diverse needs by exposing them to differentiated learning experiences and promote respectful interpersonal relationships within our community. The PTA at EES advocates for the academic, social, emotional and physical well-being of all children in our school community.</p> | | |

11. Description and Purpose of Project (Limit length to visible area)

Our large playground at EES is 24 years old. It is outside the warranty and many parts that would be needed for repair are no longer available. The EES PTA seeks to replace the playground before it becomes condemned and must be removed. This playground will be used by the almost 500 EES students during school and hundreds of children in the community outside of school hours. The Blueprint for Maryland's Future aims to significantly expand pre-k programs which will bring even more students to our building and return students from regional programs back to their home school. It is a priority that the EES playground is an inclusive playground for our community. Our design includes researched based elements from Universal Design theory for inclusive playgrounds. Elements include ramps, multiple levels, several slides, climbing structures, spinning structures and sensory panels.
