10. Description and Purpose of Organiza	tion (Limit lengt	h to visible area)			

Founded in 1975, Irvine is the largest private nonprofit environmental education center in the greater Baltimore region. Our Mission: We all thrive outdoors. We encourage lifelong engagement with the natural world through environmental learning and green living. We inspire people to explore, respect and protect nature. Irvine provides an ideal setting for exploring nature. We provide educational programs for children and families about the importance of environmental stewardship and protection of the natural world. Irvine includes a 17,200 square-foot Environmental Education Building housing an Exhibit Hall, classrooms, animal care room, Nature Preschool, and staff offices. Outside is the Woodland Wildflower Garden, Outdoor Classroom, Native American Site, Raptor Aviary, Butterfly House, Therapeutic Herb Garden, and 8 miles of scenic trails.

11. Description and Purpose of Project (Limit length to visible area)

To construct a new building adjacent to the main center and to perform upgrades to the existing facilities. This 8,550 square foot expansion at Irvine includes: new Nature Preschool facility with multiple classrooms; new educational programming & event space; new Butterfly House & Kids' Discovery Room; redesign of the existing Exhibition Hall, & an expansion of Animal Care facilities. The construction of this additional building and the upgrading of the existing one not only provides opportunities for the expansion of programming and events, but also enhances the visitor experience, solidifies Irvine's position as a key destination for nature-based experiences, and provides Irvine with flexibility for growth in the future. Most importantly, the new space will enable Irvine to expand its own funding specific to engaging underserved communities with nature, and to help Irvine invest in additional and necessary pre-school tuition assistance for families in need.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

12. Estimated Capital Costs	
Acquisition	\$0
Design	\$500,000
Construction	\$4,300,000
Equipment	\$250,000
Total	\$5,050,000
13. Proposed Funding Sources - (List all funding source	es and amounts.)
Charles T. Bauer Foundation	\$1,000,000
State Bond Bill (2022)	\$500,000
State Bond Bill (2023)	\$500,000
France Merrick Foundation	\$500,000
Kahlert foundation	\$250,000
Middendorf Foundation	\$150,000
M&T Charitable Foundation	\$150,000
Knott Foundation	\$100,000
John Ben Snow Memorial Trust	\$50,000
Irvine Trustees and Individual Donors	\$1,850,000
Total	\$5,050,000

28. Comments

We sincerely thank the State of Maryland for your consideration of this Bond Bill request. With Irvine Nature Center nearing its 50th anniversary in 2025, this expansion and renovation project will enable the organization to continue its leadership as a responsible steward of the natural environment and broader community. The project design is efficient and conscientious, simultaneously meeting Irvines current needs while planning for future flexibility and growth. It builds on the significant strengths of Irvines campus and adds to its beauty and remarkable sense of place. Expanding in this way will allow Irvine to continue to inspire people to explore, respect and protect nature.
