11. Description and Purpose of Project (Limit length to visible area)

The purpose of the project is to build a quality amphitheater stage and other amenities that will sit on the 12 acre property of the CAA Park on Ingleside Avenue in Catonsville. The stage will be a permanent concrete 24x32 raised cemented platform with a sheltered roof designed for quality acoustics for all types of performances. This will be used for a number of events hosted by the Music City Maryland Association as well as a number of other organizations such as the Catonsville Chamber of Commerce and the Baltimore County Arts Guild. We foresee this amphitheater to be used to showcase local musicians and artists, as well as a number of theater performances. Also to be included in the project is a trailer or shed type of a concession stand for refreshments accompanied by a large deck area. This to be enjoyed by the whole community to provide a positive social and economic impact on our community.
