This estimate is based on a 3.37% interest rate and a 20-year term of maturity. To the extent that the bond issuance, interest rate, or term of maturity deviate from this assumption, debt service expenditures would adjust accordingly.

At the end of fiscal 2022, Carroll County had approximately \$280.8 million in total outstanding debt, which represents approximately 1.3% of the county's assessable base and \$1,612 on a per capita basis. The county currently has an AAA credit rating from Standard & Poor's, an AAA credit rating from Moody's Investors Service, and an AAA credit rating from Fitch Ratings.
