(1) States license psychologists in order to protect the public through verification of education, training, and experience and ensure accountability for professional practice; and

(2) States have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety.

(b) This Compact is intended to:

(1) Regulate the day-to-day practice of telepsychology (i.e., the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority;

(2) Regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority; and

(3) Authorize state psychological regulatory authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state.

(c) (1) This Compact does not apply when a psychologist is licensed in both the home and receiving states.

(2) This Compact does not apply to permanent, in-person, face-to-face practice but does allow for temporary authorization to practice.

(d) This Compact is designed to achieve the following purposes and objectives:

(1) Increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary, in-person, face-to-face services into a state in which the psychologist is not licensed to practice psychology;

(2) Enhance states' ability to protect the public's health and safety, especially client/patient safety;

(3) Encourage the cooperation of compact states in the areas of psychology licensure and regulation;

(4) Facilitate the exchange of information between compact states regarding psychologist licensure, adverse actions, and disciplinary history;

Article VI.

Conditions of Telepsychology Practice in a Receiving State.

A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the Commission, and under the following circumstances:

(1) The psychologist initiates a client/patient contact in a home state via a telecommunications technology with a client/patient in a receiving state; and

(2) Other conditions regarding telepsychology as determined by rules promulgated by the Commission.

Article VII.

(b) A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

(c) (1) If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. (2) All home state disciplinary orders that impose adverse action shall be reported to the Commission in accordance with the rules promulgated by the Commission. A compact state shall report adverse actions in accordance with the rules of the Commission.

(3) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the Commission.

(4) Other actions may be imposed as determined by the rules promulgated by the Commission.

(d) A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee that occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

(e) A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization to practice that occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. (f) Nothing in this Compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the compact state's law. Compact states must require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

(g) No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to subsection (c) of this article.

Article VIII.

A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the Commission. Once an investigation has been completed, and pending the outcome of said investigation, the psychologist may change his/her home state licensure. The Commission shall

promptly notify the new home state of any such decisions as provided in the rules of the Commission. All information provided to the Commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or disciplinary matters. The Commission may create additional rules for mandated or discretionary sharing of information by compact states.

Article IX.

(c) The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.

(d) Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission which shall promulgate a rule binding upon all compact states.

(4) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

(5) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(g) (1) The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a

reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

Article XI.

Rulemaking.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt this Compact, then such rule shall have no further force and effect in any compact state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

(1) On the website of the Commission; and

(2) On the website of each compact state's psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

(e) The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(f) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(g) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least 25 persons who submit comments independently of each other;

(2) A governmental subdivision or agency; or

(3) A duly appointed person in an association that has at least 25 members.

(h) (1) If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

(2) All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

(l) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of Commission or compact state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

Article XII.

Oversight, Dispute Resolution, and Enforcement.

(a) (1) The executive, legislative, and judicial branches of state government in each compact state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

(2) All courts shall take judicial notice of this Compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

(3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) (1) If the Commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

(i) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the defaults, and/or any other action to be taken by the Commission; and

(ii) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from this Compact upon an affirmative vote of a majority of the compact states, and all rights, privileges, and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from this Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) (1) Upon request by a compact state, the Commission shall attempt to resolve disputes related to this Compact which arise among compact states and between compact and non-compact states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the Commission.

(d) (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where this Compact has its principal office against a compact state in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

Article XIII.

Date of Implementation of the Psychology Interjurisdictional Compact Commission and Associated Rules, Withdrawal, and Amendments.

(a) This Compact shall come into effect on the date on which this Compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of this Compact.

(b) Any state which joins this Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which this Compact becomes law in that state. Any rule which has been previously

adopted by the Commission shall have the full force and effect of law on the day this Compact becomes law in that state.

(c) (1) Any compact state may withdraw from this Compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirement of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a non-compact state which does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the compact states. No amendment to this Compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

Article XIV.

Construction and Severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, this Compact shall remain in full force and effect as to the remaining compact states.
