Current Space GSF	900		
Space to be Renovated GSF	900		
New GSF	900		

27. Year of Construction of Any Structures Proposed for Renovation, Restoration or Conversion

2006

28. Comments

The proposed scoreboard upgrade at Dr. Henry Wise High School is not just an enhancement to our athletic facilities; it represents a significant boost to our team spirit and visual appeal. As a championship school, Wise High School attracts top-tier talent, and the new scoreboard will play a crucial role in recruitment efforts. It will serve as a visual testament to our commitment to excellence and provide a professional and engaging experience for athletes and spectators alike.

Beyond the immediate benefits to our athletic program, the upgraded scoreboard will also have a positive impact on the neighborhood's curb appeal and property values. A well-maintained and visually impressive school campus is a point of pride for the community and can contribute to increased property values in the surrounding area.

Moreover, the new scoreboard will provide opportunities for local organizations to advertise, generating additional income for the school. These funds can be reinvested into future improvements to our school's facilities, athletics programs, training and safety personnel, and equipment. This project is a vital step in ensuring that Dr. Henry Wise High School remains a beacon of excellence and a source of pride for our community.
