11. Description and Purpose of Project (Limit length to visible area)

Our current elementary school playground is in need of an upgrade. It has become increasingly dilapidated, lacking the essential features that promote safe and engaging play for our students. A modern playground is vital not only for physical activity but also for social development, fostering teamwork, creativity, and problem-solving skills among our children. An updated playgroup would provide a safe, accessible, and stimulating environment where students and neighborhood children can play and learn.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
