| 10. Description and Purpose of Organizat | ion (Limit lengt | h to visible area) | | | |

Upper Bay Counseling & Support Services, Inc. (UBCSS) is a nonprofit mission-based behavioral health agency, offering office-based and school-based psychotherapy and counseling, psychopharmacology, assertive community treatment, rehabilitation programs for adults and children, residential rehabilitation for adults, health home services and supported employment. UBCSS has offices in Cecil and Harford Counties, with the main office at 200 Booth Street, Elkton. We typically treat over 4,000 different individuals per year. Overall agency direction is provided by a volunteer 9-member Board of Directors who represents our community. Prior to our incorporation as UBCSS in 1997, UBCSS operated as the Division of Mental Health of the Cecil County Health Department.

11. Description and Purpose of Project (Limit length to visible area)

UBCSS Inc. is requesting legislative bond initiative funding for the relocation of the kitchen that serves adults with a serious and persistent mental illness from the second floor to the first floor of the office building in Havre de Grace. In order for us to expand our ability to serve more clients and provide them with hot nutritious meals, we need to renovate the current kitchen to create a commercial kitchen that is in compliance with county and health department code. This renovation/relocation will also allow for improved physical access for the participants of this program who struggle with food insecurities each day. We are currently limited in providing lunches 4 days a week due to the constraints of our current kitchen. The kitchen renovation will allow us to serve these individuals 5 days a week and allow for better access to services on the ground floor level.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

| 12. Estimated Capital Costs | | | | |

28. Comments

UBCSS is requesting these funds to improve access for our clients as well as eliminate the safety issues of having clients in the program on the second floor with significant mobility issues. Currently there is a chair lift to the second floor, but we do not have an elevator. The chair lift is inadequate to provide egress during an emergency.

The proposed renovations will also allow for improved access to the program site for our clients with mobility issues.
