## **Analysis**

**Current Law:** For each individual who seeks to vote, an election judge has to:

- locate the voter's name in the election register or inactive list;
- establish the voter's identity by requesting that the voter state their month and day of birth and comparing the response to the information in the election register;
- verify the address of the voter's residence, unless the voter's personal information has been deemed confidential by the local board of elections, in which case an alternative verification method, established by the State Board of Elections (SBE), must be conducted; and
- have the voter sign a voting authority card.

Upon completion of those procedures, a voter is entitled to vote a regular ballot. If a voter's name is not found on the election register or the inactive voter list, the voter is referred to vote a provisional ballot.

**State Fiscal Effect:** General fund expenditures increase by \$25,000 in fiscal 2026 only, to revise SBE's print and online election judge training materials.
