Analysis

Current Law: A municipality may enlarge its boundaries by annexation of land, subject to various criteria and procedures established in Title 4, Subtitle 4 of the Local Government Article, including adoption of an annexation plan (a plan for providing municipal services to the annexed area) and enactment of an annexation resolution.

The power of annexation applies only to land that is contiguous and adjoining to the existing boundaries of the municipality and does not create an unincorporated area that is bounded on all sides by: (1) real property presently in the boundaries of the municipality; (2) real property proposed to be in the boundaries of the municipality; or (3) any combination of real property that is either presently or proposed to be in the boundaries of the municipality.

A municipality may not annex land that is in another municipality.
