1 (6) (a) Prior to approval by the Board of Public Works of an expenditure of bond
2 proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee
3 shall grant and convey to the Maryland Historical Trust a historic preservation easement
4 on the property where the capital project assisted by the bond proceeds is located if the
5 Director of the Trust determines that the capital project impacts real property that is
6 individually listed in, or eligible for individual listing in, the Maryland Register of Historic
7 Properties, unless the Director of the Trust also determines that the real property:

8 (i) Is a type that is already adequately represented among the
9 Trust's existing easement properties;

10 (ii) Is already subject to adequate protections of historic preservation
11 law or instrument; or

12 (iii) Has conditions peculiar to it that make requiring an easement
13 impractical.

14 (b) If the grantee holds a lease on the property, the Trust may accept an
15 easement on the leasehold interest.

16 (c) The easement must be in form, substance, and duration acceptable to
17 the Director of the Trust.

18 (d) (i) A recipient may administratively appeal to the Maryland
19 Historical Trust Board of Trustees a determination made by the Director of the Trust under
20 subparagraph (a) of this paragraph.

21 (ii) The decision made by the Maryland Historical Trust Board of
22 Trustees on an appeal is final and is not subject to further administrative appeal or judicial
23 review.

24 (7) The proceeds of the loan must be expended or encumbered by the Board of
25 Public Works for the purposes provided in this Act no later than June 1, 2033. If any funds
26 authorized by this Act remain unexpended or unencumbered after June 1, 2033, the amount
27 of the unexpended or unencumbered authorization shall be canceled and be of no further
28 force and effect.

29 (8) Multiple grants provided to the same organization in this Section are in
30 addition to one another. Unless otherwise provided, any matching fund requirements apply
31 to each individual grant.

32 (9) (a) Subject to subparagraph (b) of this paragraph, the Board of Public
33 Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act
34 or in any other previously enacted Maryland Consolidated Capital Bond Loan Act,
35 notwithstanding differences in:

1 (i) The name of the grantee or the description of the project, provided
2 that the proposed use of funds is consistent with the public purpose of the original
3 appropriation; or

4 (ii) The location of the project.

5 (b) When the difference in the name of the grantee is nonsubstantive and
6 the identity of the grantee can be determined, and when the difference in the description of
7 the project is nonsubstantive and is consistent with the public purpose of the original
8 appropriation, the Department of General Services shall record the correct grantee
9 identification and project description in the grant agreement entered into by the grantee
10 with the State of Maryland and recorded with the Board of Public Works. In all other
11 instances of differences provided in subparagraph (a) of this paragraph, the Department of
12 Budget and Management shall notify the Office of Policy Analysis within the Department
13 of Legislative Services in writing of:

14 (i) The differences between an appropriation in Section 1(3) Items
15 ZA00 through ZB02 of this Act and the proposed use of the funds; and

16 (ii) The justification that the proposed use of the funds is consistent
17 with the public purpose of the appropriation.

18 (c) (i) The Office of Policy Analysis shall have 45 days to review and
19 comment on the proposed use of the funds.

20 (ii) If the Office of Policy Analysis does not submit written objections
21 within 45 days, the Department of Budget and Management shall provide certification in
22 writing to the Board of Public Works that the proposed use of funds may be approved
23 notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00
24 through ZB02 of this Act.

25 (d) It is the intent of the General Assembly that the provisions of this
26 paragraph:

27 (i) Provide an administrative process authorizing the approval of
28 grants by the Board of Public Works, provided that the proposed use of funds is consistent
29 with the public purpose of the original appropriation; and

30 (ii) Be applicable to this Act and all prior Maryland Consolidated
31 Capital Bond Loans.

32 (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the
33 principal amount of any loan authorized under this Act shall be reduced by the cash
34 proceeds, excluding any accrued interest, received for the State bonds and allocated by the
35 Comptroller to the loan.

36 (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement

1 Article, the State Treasurer shall determine the amount of premium from the sale of bonds
2 in fiscal year 2026 to be transferred to the Annuity Bond Fund. Upon each issuance of State
3 bonds in fiscal year 2026, the Treasurer shall notify the Comptroller of the Treasurer’s
4 determination and the Comptroller shall credit the premium accordingly. Premium from
5 the sale of bonds in fiscal year 2026 that is not transferred to the Annuity Bond Fund may,
6 upon approval of the Board of Public Works, be expended by the Comptroller for any of the
7 public purposes set forth in Section 1(3) of this Act, including any applicable architects’ and
8 engineers’ fees.

2 Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement
3 Article, the State Treasurer shall determine the amount of premium from the sale of bonds
4 in fiscal years 2024 [and], 2025, AND 2026 to be transferred to the Annuity Bond Fund.
5 Upon each issuance of State bonds in fiscal years 2024 [and], 2025, AND 2026, the
6 Treasurer shall notify the Comptroller of the Treasurer’s determination and the
7 Comptroller shall credit the premium accordingly. Premium from the sale of bonds in fiscal
8 years 2024 [and], 2025, AND 2026 that is not transferred to the Annuity Bond Fund may,
9 upon approval of the Board of Public Works, be expended by the Comptroller for any of the
10 public purposes set forth in Section 1(3) of this Act, including any applicable architects’ and
11 engineers’ fees.

12 SECTION 3. AND BE IT FURTHER ENACTED, That the General Assembly
13 declares that it is the public policy of this State to manage State general obligation bond
14 debt in a manner that will maintain Maryland’s high quality credit rating. The General
15 Assembly further declares that legislative oversight, control, and review of all forms of
16 State obligations are essential to maintenance of the State’s existing bond rating and
17 protection of the fiscal integrity of the State.

18 SECTION 4. AND BE IT FURTHER ENACTED, That, before work may commence
19 pursuant to any supplement to any appropriation contained in this Act, satisfactory
20 evidence must be given to the Board of Public Works that the project can be completed with
21 the aggregate of the funds in this Act and previously appropriated for the stated purpose.

22 SECTION 5. AND BE IT FURTHER ENACTED, That:

23 (1) with the approval of the Department of Budget and Management, any
24 appropriation for design provided in this Act may be used to fund construction if the amount
25 of the appropriation exceeds the amount required for design expenses, including allowances
26 for contingencies; and

27 (2) with the approval of the Department of Budget and Management, any
28 appropriation for construction provided in this Act may be used to purchase capital
29 equipment if the amount of the appropriation exceeds the amount required for construction
30 expenses, including allowances for contingencies.

31 SECTION 6. AND BE IT FURTHER ENACTED, That, except as otherwise provided
32 in this Act, before a State agency or institution named in this Act as responsible for an
33 individual item may begin work with funds appropriated by this Act, the agency or
34 institution shall provide satisfactory evidence to the Board of Public Works that the work
35 described in the individual item can be completed with the funds specified for that item.

36 SECTION 7. AND BE IT FURTHER ENACTED, That, with the approval of the
37 Department of Budget and Management, any appropriation under the provisions of this
38 Act that is in excess of the amount needed for a project may be credited to the Construction
39 Contingency Fund under § 3–609 of the State Finance and Procurement Article.

1 Notwithstanding the fund balance restriction set forth in § 3–609(c) of the State Finance
2 and Procurement Article, any funds credited to the Fund may cause the total balance in
3 the Fund to exceed 1.25% of the capital debt affordability limit as determined under Title
4 8 of the State Finance and Procurement Article, in fiscal year 2027.

5 SECTION 8. AND BE IT FURTHER ENACTED, That, if federal funds are available
6 to help accomplish any project identified in this Act, the State agency or institution
7 responsible for the project shall make efforts through proper administrative procedures to
8 obtain these federal funds. Before spending any funds appropriated by this Act, the agency
9 or institution shall certify its efforts to the Board of Public Works and state the reason for
10 any failure to obtain federal funds. If federal funds are obtained, they shall be used to defray
11 the costs of the project described in this Act and not to expand its scope.

12 SECTION 9. AND BE IT FURTHER ENACTED, That:

13 (1) for any appropriation for the planning of a State–owned project provided in
14 this Act, if a program required by § 3–602(d) of the State Finance and Procurement Article
15 has not been submitted, the State agency or institution responsible for the project shall
16 submit a program to the Department of Budget and Management for approval before funds
17 may be expended from the appropriation; and

18 (2) for any appropriation for the construction of a State–owned project provided
19 in this Act, if preliminary plans and outline specifications required by § 3–602(f)(2)(i) of the
20 State Finance and Procurement Article have not been prepared, the State agency or
21 institution responsible for the project shall submit preliminary plans and outline
22 specifications to the Department of Budget and Management for approval before funds may
23 be expended from the appropriation.

24 SECTION 10. AND BE IT FURTHER ENACTED, That no portion of the proceeds of
25 a loan or any of the matching funds provided for a project funded under this Act may be
26 used for the furtherance of an essentially religious endeavor. Upon the request of the Board
27 of Public Works, a recipient of the proceeds of a loan under this Act shall submit evidence
28 satisfactory to the Board that none of the proceeds of the loan or any matching funds have
29 been or are being used for a purpose prohibited by this Act.

30 SECTION 11. AND BE IT FURTHER ENACTED, That the Comptroller may
31 advance funds to any loan funds account established pursuant to a general obligation bond
32 loan enabling Act for any expenditure authorized by that Act, provided that if general
33 obligation bonds have not been issued under the authority of that Act, the next ensuing
34 sale of general obligation bonds shall include the issuance of bonds under the authority of
35 that Act in an amount at least equivalent to the amount of the funds so advanced.

36 SECTION 12. AND BE IT FURTHER ENACTED, That Section(s) 13, 14, 15, and 16
37 of Chapter 603 of the Acts of the General Assembly of 2025 be repealed.

38 SECTION 13. AND BE IT FURTHER ENACTED, That:

(1) The Board of Public Works may borrow money and incur indebtedness on behalf of the State of Maryland through a State loan to be known as the Maryland Consolidated Capital Bond Loan Preauthorization Act of 2027 in the total principal amount of ~~\$400,176,000~~ ~~\$456,406,000~~ \$460,906,000. (2) The bonds to evidence these loans or installments of these loans may be sold as a single issue or may be consolidated and sold as part of a single issue of bonds under § 8–122 of the State Finance and Procurement Article.

(3) The cash proceeds of the sale of the bonds shall be paid to the Treasurer and first shall be applied to the payment of the expenses of issuing, selling, and delivering the bonds, unless funds for this purpose are otherwise provided, and then shall be credited on the books of the Comptroller and expended, on approval by the Board of Public Works, for the following public purposes, including any applicable architects’ and engineers’ fees:
